Potocki, 1950 **The Cinema of Central Europe** Peter Hames, 2004 Analysis of 24 films including *People of the mountains* *Ashes and diamonds* *Knife in the water* *A shop on the high street* *Closely observed trains* *Daisies* *Man of marble* *Colonel Redl* *The decalogue* *Dekalog* *Satanstango* *The garden* Alice directed by Jan Svankmajer **The Cinema of Raúl Ruiz** Michael Goddard, 2013-09-22 Raúl Ruiz while considered one of the world's most significant filmmakers by several film critics is yet to be the subject of any thorough engagement with his work in English This volume sets out on this task by mapping as fully as possible Ruiz's cinematic trajectory across more than five decades of prolific work up to his death in 2011 ranging from his earliest work in Chile to high budget European costume dramas culminating in *Mysteries of Lisbon* 2010 It does so by treating Ruiz's work with its surrealist magic realist popular cultural and neo Baroque sources as a type of impossible cinematic cartography mapping real imaginary and virtual spaces and crossing between different cultural contexts aesthetic strategies and technical media It argues that across the different phases of Ruiz's work identified there are key continuities such as the invention of singular cinematic images and the interrogation of their possible and impossible combinations Holocaust Film Terri Ginsberg, 2009-03-26 This timely new monograph takes as its starting point the provocative contention that Holocaust film scholarship has been marginalized academically despite the crucial role Holocaust film has played in fostering international awareness of the Nazi genocide and scholarly understandings of cinematic power The book suggests political and economic motivations for this seeming paradox the ideological parameters of which are evident in debates and controversies over Holocaust films themselves and around Holocaust culture in general Lending particular attention to four exemplary Holocaust art films *Korczak* Poland 1990 *The Quarrel* Canada 1990 *Entre Nous* France 1983 and *Balagan* Germany 1994 this book breaks disciplinary ground by drawing critical connections between public and scholarly debates over Holocaust representation and the often sophisticated cinematic structures lending aesthetic shape to them in today's global arena
