Relaciones Geográficas Del Siglo Xvi: Tlaxcala, Tomo i René Acuña, 1982
XVI René Acuña, 1986 *Relaciones Geográficas Del Siglo XVI: México, pt.2*, 1986 Palaces and Courtly Culture in Ancient Mesoamerica Julie Nehammer Knub, Christophe Helmke, Jesper Nielsen, 2014-01-19 This volume collects eight recent and innovative studies spanning the breadth of Mesoamerica from the Early Classic metropolis of Teotihuacan to Tenochtitlan the Late Postclassic capital of the Aztec and from the arid central Mexican highlands in the west to the humid Maya lowlands in the east *Images of Mithra* Philippa Adrych, Robert Bracey (Writer on coins), Dominic Dalglish, Stefanie Lenk, Rachel Wood, 2017 This work presents six case studies of objects from different periods and regions of antiquity that are labelled by variations of the name Mithra including the Roman Mithras Persian Mihr and Bactrian Mihr Each chapter places each object in its original context before questioning its role in religious ritual tradition and belief **Franciscan Missions and the Chumash Uprising** Robert H. Jackson, 2025-02-23 Between 1769 and 1834 Franciscan missionaries from the Apostolic College of San Fernando in Mexico City administered missions in what today is California The Franciscans attempted to convert the indigenous peoples to Catholicism and reshape their society and culture along with European norms In 1824 three years after Mexico gained its independence from Spain Chumash neophytes rebelled following the flogging by a Mexican soldier of a neophyte at Mission Santa In s The rebellion quickly spread to two other missions and lasted a month until soldiers defeated the rebels This book analyzes the long and short term causes of the uprising and the larger historical context It focuses on the development of Mission La Pur sima Concepci n where the rebellion lasted the longest A root cause of the uprising was deteriorating conditions of life on the missions resulting from the outbreak of the independence war in Mexico in 1810 *Frontiers of Evangelization* Robert H. Jackson, 2017-07-21 The Spanish crown wanted native peoples in its American territories to be evangelized and to that end facilitated the establishment of missions by various Catholic orders Focusing on the Franciscan missions of the Sierra Gorda in Northern New Spain Mexico and the Jesuit missions of Chiquitos in what is now Bolivia *Frontiers of Evangelization* takes a comparative approach to understanding the experiences of indigenous populations in missions on the frontiers of Spanish America Marshaling a wealth of data from sacramental military and census records Robert H Jackson explores the many factors that influenced the stability of mission settlements including the indigenous communities previous subsistence patterns and family structures the evangelical techniques of the missionary orders the social and political organization within the mission communities and epidemiology in relation to population density and mobility The two orders Jackson s research shows organized and administered their missions very differently The Franciscans took a heavy handed approach and implemented disruptive social policies while the Jesuits engaged in a comparatively kinder and gentler form of colonization Yet the most critical factor to the missions success Jackson finds was the indigenous peoples existing demographic profile in particular their mobility Nonsedentary populations

like the Pames and Jonaces of the Sierra Gorda were more prone to demographic collapse once brought into the mission system whereas sedentary groups like the Guaran of Chiquitos experienced robust growth and greater resistance to disease and natural disaster Drawing on more than three decades of scholarly work this analysis of crucial archival material augments our understanding of the role of missions in colonization and the fate of indigenous peoples in Spanish America

The Bourbon Reforms and the Remaking of Spanish Frontier Missions Robert H. Jackson, 2022-01-17 The Bourbon monarchs who ascended the Spanish throne in 1700 attempted to reform the colonial system they had inherited and in particular to make administration more efficient and cost effective This book analyses one aspect of the Bourbon reforms which was the efforts to transform frontier missions to make the missions more cost effective and to accelerate the integration of indigenous peoples in northern Mexico to European cultural norms In some instances the Crown had funded missions for more than a century but with minimal results The book attempts to show how the mission programs changed and what the consequences especially demographic were for the indigenous peoples brought to live on the missions
