Relentless Intrigue:

The Kremlin's Candidate Jason Matthews, 2022-02-22 Russian counterintelligence chief Colonel Dominika Egorova has been an asset of the CIA for over seven years. She has also been in a forbidden and tumultuous love affair with her handler Nate Nash, mortally dangerous for them both but irresistible. In Washington, a newly installed administration is selecting its cabinet members. Dominika hears whispers of a Russian operation to place a mole in a high intelligence position. If the candidate is confirmed, the Kremlin will have access to the identities of CIA assets in Moscow, including Dominika. Dominika recklessly immerses herself in the palace intrigues of the Kremlin, searching for the mole's identity and stealing secrets before her time runs out. **Historicizing Myths in Contemporary India** Swapna Gopinath, Rutuja Deshmukh, 2023-02-03

This book examines cinematic practices in Bollywood as narratives that assist in shaping the imagination of the age, especially in contemporary India. It examines historical films released in India since the new millennium and analyses cinema as a reflection of the changing socio-political and economic conditions at any given period. The chapters in *Historicizing Myths in Contemporary India: Cinematic Representations and Nationalist Agendas in Hindi Cinemas* also illuminate different perspectives on how cinematic historical representations follow political patterns and market compulsions, giving precedence to a certain past over the other, creating a narrative suited for the dominant narrative of the present. From Mughal e Azam to Padmaavat and Bajirao Mastani to Raazi, the chapters show how creating history out of myths validates hegemonic identities in a rapidly evolving Indian society. The volume will be of interest to scholars of film and media studies, literature and culture studies, and South Asian studies. **The Game of Power - Volume 2 (History of Roman Empire)** Ainan

Palace of Treason Jason Matthews, 2017-06-13 Captain Dominika Egorova of the Russian Intelligence Service SVR has returned from the West to Moscow. She despises the men she serves, the oligarchs and crooks and thugs of Putin's Russia. What no one knows is that Dominika is working for the CIA as Washington's most sensitive penetration of SVR and the Kremlin. As she expertly dodges exposure, Dominika deals with a murderously psychotic boss, survives an Iranian assassination attempt, escapes a counterintelligence ambush, rescues an arrested agent.

and exfiltrates him out of Russia and has a chilling midnight conversation in her nightgown with President Putin Complicating these risks is the fact that Dominika is in love with her CIA handler Nate Nash and their lust is as dangerous as committing espionage in Moscow And when a mole in the SVR finds Dominika's name on a restricted list of sources it is a virtual death sentence

Ancient Conspiracies Michael Davis, AI, 2025-03-21 *Ancient Conspiracies* explores the hidden world of political intrigue in ancient history examining how secret alliances and covert actions shaped empires The book demonstrates how conspiracies were integral to the political landscape challenging conventional views that emphasize open warfare and diplomacy For instance the Pisonian conspiracy against Nero reveals the ruthless pursuit of power while the assassination of Julius Caesar underscores the fragility of political stability The book investigates how conspiracies were conceived organized and executed and assesses their lasting impact on civilizations By analyzing case studies like potential plots within Egyptian dynasties the book uncovers recurring patterns of human behavior and political maneuvering It progresses by first introducing the core concepts of conspiracy then presenting case studies across different regions and eras and finally analyzing the long term consequences Offering a fresh perspective on ancient history *Ancient Conspiracies* provides valuable insights into the enduring nature of political intrigue By drawing connections to psychology sociology and political science the book offers a holistic understanding of conspiracies and their relevance to contemporary political dynamics This systematic comparative analysis encourages readers to critically analyze historical narratives and understand the complexities of political power

Pivot of Power Paul Strangio, Paul 't Hart, James Walter, 2017-08-28 The prime ministership remains the main prize in Australian politics but it is a precarious one Leadership turnover in recent years has seen more prime ministers rise and fall than at any time since the decade after federation What explains this volatility The *Pivot of Power* is the second volume in a unique blend of collective biography and institutional history that shows the skills limitations and passions of incumbents are only part of the story The ways in which prime ministers thrive and fail are influenced by the resources at their command the evolving nature of the parties they lead the daunting public expectations they face under a relentless media gaze and the challenges that history throws at them Recent changes in these areas have had a destabilising effect and made the role of prime minister more onerous than ever After decades of strong national leadership the office has rarely seemed quite so confounding as it does for its contemporary holders The *Pivot of Power* explains how this has come about And its rich account of prime ministerial fortune since the mid twentieth century yields historical lessons for overcoming the current malaise
