Strength Through Wisdom United States. President's Commission on Foreign Language and International Studies,1979

Advances in Management Accounting Laurie L. Burney,2020-09-28
Advances in Management Accounting AIMA is a publication of quality applied research in management accounting The journal s purpose is to publish thought provoking articles that advance knowledge in the management accounting discipline and are of interest to both academics and practitioners

Bending Science Thomas O. McGarity,Wendy E. Wagner,2012-03-15 What do we know about the possible poisons that industrial technologies leave in our air and water How reliable is the science that federal regulators and legislators use to protect the public from dangerous products As this disturbing book shows ideological or economic attacks on research are part of an extensive pattern of abuse Thomas O McGarity and Wendy E Wagner reveal the range of sophisticated legal and financial tactics political and corporate advocates use to discredit or suppress research on potential human health hazards Scientists can find their research blocked or find themselves threatened with financial ruin Corporations plaintiff attorneys think tanks even government agencies have been caught suppressing or distorting research on the safety of chemical products With alarming stories drawn from the public record McGarity and Wagner describe how advocates attempt to bend science or spin findings They reveal an immense range of tools available to shrewd partisans determined to manipulate research *Bending Science* exposes an astonishing pattern of corruption and makes a compelling case for reforms to safeguard both the integrity of science and the public health

Dissemination and Implementation Research in Health Ross C. Brownson,2018 The definitive work in D I research now completely updated and expanded The application of scientific research to the creation of evidence based policies is a science unto itself and one that is never easy Dissemination and implementation research D I is the study of how scientific advances can be implemented into everyday life and understanding how it works has never been more important for students

and professionals across the scientific academic and governmental communities Dissemination and Implementation Research in Health is a practical guide to making research more consequential a collection assembled and written by today s leading D I researchers Readers of this book are taught to Evaluate the evidence base in an effective intervention Choose a strategy that produces the greatest impact Design an appropriate and effectual study Track essential outcomes Account for the barriers to uptake in communities social service agencies and health care facilities The challenges to moving research into practice are universal and they re complicated by the current landscape s reliance on partnerships and multi center research In this light Dissemination and Implementation Research in Health is nothing less than a roadmap to effecting change in the sciences It will have broad utility to researchers and practitioners in epidemiology biostatistics behavioral science economics medicine social work psychology and anthropology both today and in our slightly better future
