## Retorno De Los Mayas:

**El retorno de los mayas** Gaspar Pedro González,1998      *Revealing Rebellion in Abiyala* Hannah Burdette,2019-04-09

From the rise of the Pan Maya Movement in Guatemala and the Zapatista uprising in Mexico to the Water and Gas Wars in Bolivia and the Idle No More movement in Canada the turn of the twenty first century has witnessed a notable surge in Indigenous political action as well as an outpouring of texts produced by Native authors and poets Throughout the Americas Abiyala or the Land of Plenitude and Maturity in the Guna language of Panama Indigenous people are raising their voices and reclaiming the right to represent themselves in politics as well as in creative writing *Revealing Rebellion in Abiyala* explores the intersections between Indigenous literature and social movements over the past thirty years through the lens of insurgent poetics Author Hannah Burdette is interested in how Indigenous literature and social movements are intertwined and why these phenomena arise almost simultaneously in disparate contexts across the Americas Literature constitutes a key weapon in political struggles as it provides a means to render subjugated knowledge visible and to envision alternatives to modernity and coloniality The surge in Indigenous literature and social movements is arguably one of the most significant occurrences of the twenty first century and yet it remains understudied *Revealing Rebellion in Abiyala* bridges that gap by using the concept of Abiyala as a powerful starting point for rethinking inter American studies through the lens of Indigenous sovereignty

**Indigenous Cosmolectics**

Gloria Elizabeth Chacón, 2018-09-28 Latin America's Indigenous writers have long labored under the limits of colonialism but in the late twentieth and twenty first centuries they have constructed a literary corpus that moves them beyond those parameters Gloria E Chacón considers the growing number of contemporary Indigenous writers who turn to Maya and Zapotec languages alongside Spanish translations of their work to challenge the tyranny of monolingualism and cultural homogeneity Chacón argues that these Maya and Zapotec authors reconstruct an Indigenous literary tradition rooted in an Indigenous cosmolectics a philosophy originally grounded in pre Columbian sacred conceptions of the cosmos time and place and now expressed in creative writings More specifically she attends to Maya and Zapotec literary and cultural forms by theorizing *kab'awil* as an Indigenous philosophy Tackling the political and literary implications of this work Chacón argues that Indigenous writers use of familiar genres alongside Indigenous language use of oral traditions and new representations of selfhood and nation all create space for expressions of cultural and political autonomy Chacón recognizes that Indigenous writers draw from universal literary strategies but nevertheless argues that this

literature is a vital center for reflecting on Indigenous ways of knowing and is a key artistic expression of decolonization

Moors,2000-10-16 Maya people have lived for thousands of years in the mountains and forests of Guatemala but they lost control of their land becoming serfs and refugees when the Spanish invaded in the sixteenth century Under the Spanish and the Guatemalan non Indian elites they suffered enforced poverty as a resident source of cheap labor for non Maya projects particularly agriculture production Following the CIA induced coup that toppled Guatemala s elected government in 1954 their misery was exacerbated by government accommodation to United States interests which promoted crops for export and reinforced the need for cheap and passive labor This widespread poverty was endemic throughout northwestern Guatemala where 80 percent of Maya children were chronically malnourished and forced wide scale migration to the Pacific coast The self help aid that flowed into the area in the 1960s and 1970s raised hopes for justice and equity that were brutally suppressed by Guatemala s military government This military reprisal led to a massive diaspora of Maya throughout Canada the United States Mexico and Central America This collection describes that process and the results The chapters show the dangers and problems of the migratory refugee process and the range of creative cultural adaptations that the Maya have developed It provides the first comparative view of the formation and transformation of this new and expanding transnational population presented from the standpoint of the migrants themselves as well as from a societal and international perspective Together the chapters furnish ethnographically grounded perspectives on the dynamic implications of uprooting and resettlement social and psychological adjustment long term prospects for continued links to migration history from Guatemala and the development of a sense of co ethnicity with other indigenous people of Maya descent As the Maya struggle to find their place in a more global society their stories of quiet courage epitomize those of many other ethnic groups migrants and refugees today *Literatura indígena de América* ,1999
