## **Retos De La Política Exterior Colombiana:**

**Los retos de la Colombia contemporánea** Mauricio Nieto Olarte,2017-10-01 Si bien las disciplinas o los campos del conocimiento especializados son necesarios es evidente que las parcelas disciplinarias fragmentan y reducen los análisis a marcos de referencia limitados que dificultan el diálogo entre los académicos de distintas áreas pues cada una de ellas opera con paradigmas, modelos y lenguajes propios. En la vida universitaria esta realidad se traduce en departamentos, programas académicos de formación y proyectos de investigación específicos. Por ello en la Facultad de Ciencias Sociales de la Universidad de los Andes se quiere promover la comunicación entre los departamentos y los campos del conocimiento en apariencia distintos con la esperanza de que dichos intercambios de ideas conduzcan a una reflexión crítica sobre las propias limitaciones para enriquecer la comprensión de la realidad social. As este libro es el resultado de este diálogo interdisciplinario, reuniendo distintos ensayos que reflexionan sobre los desafíos que actualmente enfrenta el país y son una muestra de los posibles resultados no solo del diálogo entre los departamentos de la facultad sino también de las diversas formas de pensar la sociedad y la naturaleza.

**Relaciones internacionales y política exterior de Colombia** Sandra Borda, Arlene Tickner, 2011-01-01 El Centro de Estudios Internacionales CEI hoy parte activa del Departamento de Ciencia Política de la Universidad de los Andes se consolidó como pionero en los estudios internacionales en Colombia. Desde allí se exploraron debates cruciales en la teoría de las relaciones internacionales y se produjeron algunas de las conclusiones más importantes sobre análisis de la política exterior colombiana. Algunas de estas tuvieron que ver con el desarrollo de modelos analíticos y conceptuales para explicar la evolución histórica de la política exterior del país, siendo los más influyentes las ideas del respicé polémico y respicé similitud estrategias diferentes pero no necesariamente exclusivas o contradictorias de inserción en el sistema internacional. También se elaboraron varias aproximaciones al estudio crítico y juicioso de la complejidad de las relaciones con los Estados Unidos, con la región y los países vecinos y con el resto del mundo. En este contexto se construyeron aproximaciones a temas como el narcotráfico, la integración, los derechos humanos, el medio ambiente, la negociación internacional y la seguridad nacional, regional e internacional. Este libro recopila algunos de los trabajos más representativos que se produjeron en el CEI y el Departamento de Ciencia Política y que hoy hacen parte del acervo académico sobre las relaciones internacionales y la política exterior del país. Aquí se reconstruye parte importante del estado del debate en esta área y, por supuesto, se sugiere la necesidad de continuar alimentando la discusión.

**Latin American Foreign Policies** Peter Lambert, 2011-04-25 In recent years several Latin American countries have adopted a more assertive and autonomous stance in their foreign policy. The growing rejection of neo-liberalism as an ideological dogma seems to have given space to more pragmatic stances in favour of national interests.

*The Politics of Clientelism* John Martz,2017-12-02 In Latin America the state is the prime regulator coordinator and pace setter of the entire national system the apex of the pyramid from which patronage wealth power and programs flow The state bears responsibility for the realization of civic needs providing goods and services to each citizen Doing so requires the exercise and maintenance of social and political control It is John Martz s contention that clientelism underlines the fundamental
