expert systems Contributions cover new requirements concepts for implementations e g languages models storage structures  
management of meta data system architectures and experiences gained by using traditional databases in as many areas of  
applications as possible at least in the fields listed The aim of the book is to inspire a fruitful dialogue between  
development in practice users of database and expert systems and scientists working in the field      Reading Still Matters  
Catherine Sheldrick Ross, Lynne (E.F.) McKechnie, Paulette M. Rothbauer, 2018-03-01 Drawing on scholarly research findings  
this book presents a cogent case that librarians can use to work towards prioritization of reading in libraries and in schools  
Reading is more important than it has ever been recent research on reading such as PEW reports and Scholastic's Kids and  
Family Reading Report proves that fact This new edition of Reading Matters provides powerful evidence that can be used to  
justify the establishment maintenance and growth of pleasure reading collections both fiction and nonfiction and of readers  
advisory services The authors assert that reading should be woven into the majority of library activities reference collection  
building provision of leisure materials readers advisory services storytelling and story time programs adult literacy programs  
and more This edition also addresses emergent areas of interest such as e reading e writing and e publishing multiple  
literacies visual texts the ascendancy of young adult fiction and fan fiction A new chapter addresses special communities of  
YA readers The book will help library administrators and personnel convey the importance of reading to grant funding  
agencies stakeholders and the public at large LIS faculty who wish to establish and maintain courses in readers advisory will  
find it of particular interest      *Encoding and Navigating Linguistic Representations in Memory* Claudia Felser, Colin
