Richmond's Book of Legal Forms and Law Manual Wellington Harrison Richmond, 1854 **Invisible Immigrants**

Marilyn Barber, Murray Watson, 2015-03-20 Despite being one of the largest immigrant groups contributing to the development of modern Canada the story of the English has been all but untold In *Invisible Immigrants* Barber and Watson document the experiences of English born immigrants who chose to come to Canada during England's last major wave of emigration between the 1940s and the 1970s Engaging life story oral histories reveal the aspirations adventures occasional na vet and challenges of these hidden immigrants Postwar English immigrants believed they were moving to a familiar British country Instead like other immigrants they found they had to deal with separation from home and family while adapting to a new country a new landscape and a new culture Although English immigrants did not appear visibly different from their new neighbours as soon as they spoke they were immediately identified as foreign Barber and Watson reveal the personal nature of the migration experience and how socio economic structures gender expectations and marital status shaped possibilities and responses In postwar North America dramatic changes in both technology and the formation of

national identities influenced their new lives and helped shape their memories Their stories contribute to our understanding of postwar immigration and fill a significant gap in the history of English migration to Canada
