Practical Contract Law for Paralegals: An Activities-Based ... , *The Third Wheel* Michael J. Ritchie,2019-01-17 English teacher Dexter feels like he s being taunted by the universe Everywhere he turns he s accosted by wedding invitations housewarming parties and tables for two Every last one of his friends is settling down with their other halves while Dexter spends his evenings marking schoolbooks with his ginger cat for company The thing is he doesn t even mind being single he just wishes his friends were too After another wedding ends in a drunken disaster Dexter is musing on the situation and wondering what he s going to screw up next when he gets the shocking reminder that he s not the centre of the universe An alien spaceship has landed on the continent and when first contact is made it s anything but friendly Humanity s numbers dwindle immediately and the survivors are left to do exactly that survive Dexter gathers his friends and they all set off on a mission across the country each with the goal of preserving their own lives in this new world But these aliens are two headed tenacious and have technology beyond anything seen on Earth so saving the day looks more and more unlikely as they track down Dexter s motley crew In the end perhaps it is the one thing Dexter dislikes most that will help him survive if he can just stop thinking about himself for one minute Written to subvert any story that insists on including a romance subplot as well as any science fiction story where untrained amateurs inexplicably have the right skills to save the day The Third Wheel shines a light on those who are just trying to make it through to tomorrow in the face of overwhelming odds **When Baseball**
