Greco, 2015-07-04 As an artist David Bowie was widely considered a chameleon shedding one persona to create another and thus staying popular relevant and compelling In reality Bowie was able to work with the resources around him to create something new causing many to see him as a sort of lone artist rather than a collaborator in the creation of his own

celebrity Mid career Bowie began presenting himself as a figure in darkness progressively more hidden He required an audience for his continued celebrity but worked against that audience in the creation or rather the destruction of his star image This tension is made clear in his 1995 album 1 Outside which has him performing for an audience while simultaneously shunning them This book explores Bowie s negotiation of his celebrity during his later career with particular focus on 1 Outside an album symptomatic of deep seated societal and personal anxiety Inked: Tattoos and Body Art around the World Margo DeMello,2014-05-30 In recent decades tattoos have gone from being a subculture curiosity in Western culture to mainstream and commonplace This two volume set provides broad coverage of tattooing and body art in the United States today as well as around the world and throughout human history In the 1960s tattooing was illegal in many parts of the United States Today tattooing is fully ingrained in mainstream culture and is estimated to be a multi billion dollar industry This exhaustive work contains approximately 400 entries on tattooing providing historical information that enables readers to fully understand the methods employed the meanings of and the motivations behind tattooing one of the most ancient ways humans mark themselves The encyclopedia covers all important aspects of the topic of tattooing the major types of tattooing the cultural groups associated with tattooing the regions of the world where tattooing has been performed the origins of modern tattooing in prehistory and the meaning of each society s use of tattoos Major historical and contemporary figures associated with tattooing including tattooists tattooed people and tattoo promoters receive due attention for their contributions The entries and sidebars also address the sociological movements involved with tattooing the organizations the media dedicated to tattooing such as television shows movies magazines websites and books and the popular conventions carnivals and fairs that have showcased tattooing **In the Flesh** V. Pitts,2003-05-15 Through an interview based study Victoria Pitts has researched the subcultural milieu of contemporary body modification focusing on the ways sexuality gender and ethnicity are being reconfigured through new body technologies not only tattooing but piercing cyberpunk and such neotribal practices as scarification She interprets the stories of sixteen body modifiers as well as some subcultural magazines and films using the tools of feminist and queer theory Pitts not only covers a hot topic but also situates it in a theoretical context Body Style Therèsa M. Winge,2013-08-15 Body Style reveals the subcultural body as a site for understanding subcultural identity resistance agency and fashion Analyzed theorized politicized and sensationalized the subcultural body functions as a framework where individuals build a sense of self and subcultural identity Drawing on specific subcultural examples and interviews with members Body Style explores the subcultural body and its style within global culture Body Style is the result of over twelve years of research examining these intersections within specific urban subcultures including Urban Tribals Modern Primitives Punks Cybers Industrials Skaters and others Divided into three main sections on subcultural body history subcultural body identity and subcultural body styles this book will be of particular interest to students of dress and fashion as well as those coming to subculture from sociology and cultural studies Portals

Lynne Hume, 2020-06-29 As Alice in Wonderland discovered cave entrances tunnels spirals and mirrors can transport people to strange worlds where anything is possible Portals investigates how we move beyond the conscious and physical world using our senses into other realities of the spiritual and the divine Portals looks at the techniques used to alter consciousness practised by shamans monks and other religious specialists These include the use of drugs as well as drumming chanting and meditation The book provides a new anthropologically grounded perspective on the wide ranging questions about the realities of human consciousness and mystical spiritual and religious experience Tattooing in Contemporary Society

Michael Rees, 2021-12-15 Tattooing has become an increasingly popular phenomenon in the twenty first century with growing numbers of sports stars and celebrities choosing to go under the needle and tattooing regularly featuring in mainstream media Based on interviews and participant observation at tattoo studios and tattoo conventions this book investigates the reasons why so many people choose this form of body modification among all the options available to construct their identity Drawing on Norbert Elias figurational sociology the author considers the importance of the desire to create community with others and to claim an authentic identity among the various reasons for choosing to be tattooed A study of the connection between body and identity richly illustrated with empirical material this book will appeal to sociologists and scholars of cultural studies

Beauty and Misogyny Sheila Jeffreys, 2005-05-31 Should western beauty practices ranging from lipstick to labiaplasty be included within the United Nations understandings of harmful traditional cultural practices By examining the role of common beauty practices in damaging the health of women creating sexual difference and enforcing female deference this book argues that they should In the 1970s feminists criticized pervasive beauty regimes such as dieting and depilation but some new feminists argue that beauty practices are no longer oppressive now that women can choose them However in the last two decades the brutality of western beauty practices seems to have become much more severe requiring the breaking of skin spilling of blood and rearrangement or amputation of body parts Beauty and Misogyny seeks to make sense of why beauty practices are not only just as persistent but in many ways more extreme It examines the pervasive use of makeup the misogyny of fashion and high heeled shoes and looks at the role of pornography in the creation of increasingly popular beauty practices such as breast implants genital waxing and surgical alteration of the labia It looks at the cosmetic surgery and body piercing cutting industries as being forms of self mutilation by proxy in which the surgeons and piercers serve as proxies to harm women s bodies and concludes by considering how a culture of resistance to these practices can be created This essential work will appeal to students and teachers of feminist psychology gender studies cultural studies and feminist sociology at both undergraduate and postgraduate levels and to anyone with an interest in feminism women and beauty and women s health **Pagan Fleshworks** Maureen

Mercury, 2000-09-01 A groundbreaking work that sees the contemporary cultural trends of tattooing piercing implanting and branding as a quest for a transformative psychic experience Features unforgettable color photographs by Steve Haworth the

foremost body modification artist in the United States Introduces a subculture that has gone far beyond the realm of simple tattooing Acts of body modification are deeply rooted in physical impulses that are obscured in our technological society As we become more removed from the physicality of our existence we lose touch with an essential part of our humanity Body modification is a way of reconnecting to our bodies to the earth and to the divine Pagan Fleshworks reveals that the prevalence of body modification tattooing piercings brandings and implants is the postmodern way to heal the body and enliven the soul These fleshworks are the result of people creating their own rituals and symbols of meaning in order to feel a sense of the divine within Maureen Mercury relates the various stages of obtaining fleshworks to the stages of alchemy showing how fleshworks lead to psychic transformation soul making Using mythological imagery and the stories of those who have chosen to modify their bodies she identifies the signposts of our journey toward self expression exploring the connection between our desires and our outward life More than 30 riveting color photographs by leading body modification artist Steve Haworth provide the perfect visual complement to this examination of the soul as it rises toward freedom

Locating Transnational Ideals Walter Goebel, Saskia Schabio, 2013-01-11 This volume defines versions of the transnational in their historical and cultural specificity By locating the contributors contextualize historical and contemporary understandings of the fluid term transnational which vary in relation to the disciplines involved This kind of historical and geographical locating implicitly turns against forms of contemporary transnational euphoria which inspired by poststructural models of all encompassing semiospheres on the one hand and by visions of the utopian communicative potential of new media like the internet on the other see national and ethnic paradigms as easily superseded by transnational agendas By differentiating between various forms of transnational ideals and ideas in historical and geographical perspective since the Renaissance the contributors aim to rediscover distinctions for instance between transnationalisms and cosmopolitanisms which neo liberal transnational euphoria has tended to erase

Tattoo Culture Lee Barron, 2017-05-31 Tattoos are a highly visible social and cultural sight from TV series that represent the lives of tattoo artists and their interactions with clients to world class sports stars and the social

actors we meet on a daily basis who display visible tattoo designs Whereas in the not too distant past tattoos were commonly culturally perceived to represent an outward sign of social non conformity or even deviance tattoos now increasingly transcend class gender and age boundaries and arguably are now more culturally acceptable than they have ever been But why is this the case and why do so many social actors elect to wear tattoos Tattoo Culture explores these questions from historical cultural and media perspectives but also from the heart of the culture itself from the dynamics of the tattoo studio the work of the artist and the world of the tattoo convention to the perspective of the social actors who bear designs to investigate the meanings which lie behind the images It critically examines the ways in which tattoos alter social actors sense of being and their relationship with time in the semiotic ways with which they communicate to themselves or to the wider world key elements of their bodily and personal identity and sense of being
