Return To Hiroshima:

Theorizing Post-Disaster Literature in Japan Saeko Kimura, 2024-04-08 This seminal book is the first sustained critical work that engages with the varieties of literature following the triple disasters the earthquake tsunami and meltdowns at the Fukushima nuclear plant *The Regional Travel Guide for Chugoku (Japan)* , Countdown 1945 Chris Wallace, Mitch Weiss, 2021-05-11 A behind the scenes account of the 116 days leading up to the Americans attack on Hiroshima Dust jacket flap Trauma and Visuality in Modernity Lisa Saltzman, Eric M. Rosenberg, 2006 Essays exploring the role of trauma in modern art Winter Always Turns to Spring Sachiko Takata Bailey, Akemi Haynie, 2013-04 Sachiko Takata was 14 years old when an atomic bomb dropped on her hometown of Hiroshima Japan In an instant her world was changed Her mother died shortly after Japan s surrender The devastation of war and the loss of her mother awakened in Sachiko s heart a deep resolve to devote her life to building a world of peace where the dignity of all human beings is respected and the peril and haunting specter of nuclear war is nonexistent Given her experience with war it was ironic that she would marry an American soldier LeRoy Bailey It was in the United States that she was introduced to Nichiren Buddhism and credits her practice of Buddhism as well as her mentor Daisaku Ikeda with saving and transforming her life Through his example she was able to learn how to tap the innate power of her spirit to weather life s storms to change poison into medicine to win over all obstacles and to turn winter into spring Because of her growth and understanding of life Sachiko Takata Bailey now thinks of August 6 1945 as Victory Day because the victorious and optimistic person she became emerged from the ashes and ruins of Hiroshima

East Asia offers a complete overview of the challenges of national memory and ideological rivalry for reconciliation in the East Asian region. Chapters provide authoritative analyses of contentious issues such as comfort women, the Nanjing massacre, history textbook controversies, shared heritage sites, colonial rule, territorial disputes, and restitution. By interweaving memory, human rights, and reconciliation, the contributors actively explore real prospects of redressing past wrongs and achieving peaceful coexistence at personal as well as governmental levels. Bringing together an international team of experts, this book is an essential read for students and scholars of East Asian studies, anthropology, gender studies, history, international relations, law, political science, and sociology, and for those interested in memory and reconciliation issues.

Japan's Imperial Army Edward J. Drea, 2009. The first comprehensive English language history of the Japanese imperial army, based largely on Japanese language sources. Traces the origins, evolution, and impact of the army as an engine of Japan's regional and global ambitions and as a catalyst for the militarization of its homeland.

The Living Church, 1953. *Japan and American Children's Books* Sybille Jagusch, 2021-06-18. Drawing from the Library of Congress's massive collection, this volume takes readers on a fascinating and informative journey through nearly 200 years of American children's books and periodicals depicting life in Japan, from fanciful travelogues full of exotic stereotypes to serious works about wartime atrocities. Published by Rutgers University Press in association with the Library of Congress.

Japan's Total Empire Louise Young, 1998-01-01. In this first social and cultural history of Japan's construction of Manchuria, Louise Young offers an incisive examination of the nature of Japanese imperialism. Focusing on the domestic impact of Japan's activities in Northeast China between 1931 and 1945, Young considers metropolitan effects of empire building: how people at home imagined and experienced the empire they called Manchukuo. Contrary to the conventional assumption that a few army officers and bureaucrats were responsible for Japan's overseas expansion, Young finds that a variety of organizations helped to mobilize popular support for Manchukuo: the mass media, the academy, chambers of commerce, women's organizations, youth groups, and agricultural cooperatives, leading to broad-based support among diverse groups of Japanese. As the empire was being built in China, Young shows an imagined Manchukuo was emerging at home, constructed of visions of a defensive lifeline, a developing economy, and a settler's paradise.

The American Experience in World War II: The atomic bomb in history and memory Walter L. Hixson, 2003. World War II changed the face of the United States, catapulting the country out of economic depression, political isolation, and social conservatism. Ultimately, the war was a major formative factor in the creation of modern America. This unique twelve-volume set provides comprehensive coverage of this transformation in its domestic policies, diplomatic relations, and military strategies, as well as the changing cultural and social arenas. The collection presents the history of the creation of a super power prior to, during, and after the war, analyzing all major phases of the U.S. involvement, making it a one-stop resource that will be essential for all libraries supporting a history curriculum. This volume is available on its own or as part of the twelve-volume set *The American Experience in World War II*. For a complete

Return to Hiroshima Bob Van Laerhoven, 2018-01-31 1995 Japan struggles with a severe economic crisis Fate brings a number of people together in Hiroshima in a confrontation with dramatic consequences Xavier Douterloigne the son of a Belgian diplomat returns to the city where he spent his youth to come to terms with the death of his sister Inspector Takeda finds a deformed baby lying dead at the foot of the Peace Monument a reminder of Hiroshima's war history A Yakuza lord rumored to be the incarnation of the Japanese demon Rokurobei mercilessly defends his criminal empire against his daughter Mitsuko whom he considers insane And the punk author Reizo obsessed by the ultra nationalistic ideals of his literary idol Mishima recoils at nothing to write the novel that will overturn Japan's foundations Hiroshima's indelible war past simmers in the background of this ultra noir novel Clandestine experiments conducted by Japanese Secret Service Unit 731 during WWII become unveiled and leave a sinister stain on the reputation of the imperial family and the Japanese society as a whole

Inspector Morimoto and the Diamond Pendants Timothy Hemion, 2004 This is the second in the series of cases involving Inspector Morimoto and his assistant Officer Suzuki Using the methods of deductive reasoning that they employed so successfully in their earlier case Inspector Morimoto and the Two Umbrellas Morimoto and Suzuki encounter some intriguing puzzles centered around an expensive piece of diamond jewelry If the branch manager of the Metropolitan Trust Bank has been dabbling in burglary during his spare time then an enormous scandal is surely about to break out And how are the wealthy owner of the downtown kimono shop and the no nonsense manager of the Okayama Central Hospital connected to the case Morimoto and Suzuki know that the insurance company is monitoring them closely as they sort through the baffling events And as usual the Chief of Police is very concerned about the reputation of his Police Department particularly since some of the people involved carry considerable influence with the City Council Nevertheless unperturbed by the fact that almost everybody becomes impatient with them for one reason or another Morimoto and Suzuki carefully construct an astonishing theory but with pressure mounting and time running out will they be able to trick the suspects into giving themselves away

Palimpsestic Memory Max Silverman, 2013-02-01 The interconnections between histories and memories of the Holocaust colonialism and extreme violence in post war French and Francophone fiction and film provide the central focus of this book It proposes a new model of palimpsestic memory which the author defines as the condensation of different spatio temporal traces to describe these interconnections and defines the poetics and the politics of this composite form In doing so it is argued that a poetics dependent on tropes and techniques such as metaphor allegory and montage establishes connections across space and time which oblige us to perceive cultural memory not in terms of its singular attachment to a particular event or bound to specific ethno cultural or national communities but as a dynamic process of transfer between different moments of racialized violence and between different cultural communities The structure of the book allows for both the theoretical elaboration of this paradigm for cultural memory and individual case studies of novels and films
