My Tibet, Text by His Holiness the Fourteenth Dalai Lama of Tibet Dalai Lama XIV Bstan-'dzin-rgya-mtsho, 1995 One of the world's spiritual leaders and a renowned wilderness photographer combine their vision of Tibet in this stunningly beautiful book Essays by the Fourteenth Dalai Lama appear with Galen Rowell's dramatic images in a moving presentation of the splendors of Tibet's revered but threatened heritage When Chinese communist troops invaded Tibet in 1950 the author was fifteen years old and the spiritual and temporal ruler of a nation the size of western Europe Tenzin Gyatso the Fourteenth Dalai Lama of Tibet appealed to the United Nations for help and then fled across the Himalaya in winter to a border town where he anxiously awaited political aid that never came Like the mythical kingdom of Shangri La Tibet had sought isolation from the rest of the world Diplomatic relations and foreign visitors had been shunned and few people in the West knew what cultural and natural treasures lay threatened there In the years that followed the Dalai Lama struggled to maintain peace in Tibet and to protect his people's ways but in 1959 he was forced to flee to India where he remains today There he has established a government in exile in Dharamsala that has endeavored to preserve Tibetan culture while preparing for a peaceful return to a free Tibet As the Chinese cautiously opened select Tibetan doors to visitors in the 1980s a sickening realization stole over the rest of the world Tibet had been ravaged by the Chinese occupation All but a dozen of Tibet's six thousand monasteries had been destroyed Much of the once bountiful wildlife had disappeared A sixth of the population had perished The picture seemed so bleak that many wondered whether there was anything worth saving in this wounded land The Dalai Lama's heartening answer and Galen Rowell's magnificent photographs leave no doubt that the mystery and enchantment of Tibet though seriously endangered are still alive To Tibetans the Dalai Lama is an incarnation of the Buddha of compassion He has spent the last thirty years tirelessly advocating nonviolence and compassion to all living things as the answer to Tibet's plight My religion is simple he says my religion is kindness My Tibet movingly elaborates this message here the Dalai Lama offers his views on how world peace happiness and environmental responsibility are inextricably linked He explains the meaning of pilgrimage for Tibetan Buddhists and gives an engaging account of his early life in Lhasa the capital of Tibet In addition he reveals many sides to his nature compassion profound faith common sense generosity a playful sense of humor in personal reflections matched here to 108 photographs of the land he hasn't seen since 1959 Together the breathtaking photographs which express Rowell's own commitment to the natural world and the Dalai Lama's observations help preserve the enduring meaning of Tibet's culture religion and natural heritage *Travelers' Tales Tibet* James O'Reilly, Larry Habegger, 2003 Enjoy riveting tales by world renowned writers about one of the most fascinating regions on Earth One author witnesses an ancient sky burial another works as an extra on a Chinese movie set another visits

Lhasa Robert Barnett,2010 There are many Lhasas One is a grid of uniform boulevards lined with plush hotels all night bars and blue glass fronted offices Another is a warren of alleyways that surround a seventh century temple built to pin down a supine demoness A web of Stalinist rectangular blocks houses the new nomenklatura Crumbling mansions once home to noble ministers famous lovers nationalist spies and covert revolutionaries now serve as shopping malls and faux antique hotels Each embodiment of the city partakes of the others memories whispered across time and along the city streets In this imaginative new work Robert Barnett offers a powerful and lyrical exploration of a city long idealized disregarded or misunderstood by outsiders Looking to its streets and stone Robert Barnett presents a searching and unforgettable portrait of Lhasa its history and its illegibility His book not only offers itself as a manual for thinking about contemporary Tibet but also questions our ways of thinking about foreign places Barnett juxtaposes contemporary accounts of Tibet architectural observations and descriptions by foreign observers to describe Lhasa and its current status as both an ancient city and a modern Chinese provincial capital His narrative reveals how historical layering popular memory symbolism and mythology constitute the story of a city Besides the ancient Buddhist temples and former picnic gardens of the Tibetan capital Lhasa describes the urban sprawl the harsh rectangular structures and the geometric blue glass tower blocks that speak of the anxieties of successive regimes intent upon improving on the past In Barnett s excavation of the city s past the buildings and the city streets interwoven with his own recollections of unrest and resistance recount the story of Tibet s complex transition from tradition to modernity and its painful history of foreign encounters and political experiment
