**The Everything Pirates Book** Barb Karg, Arjean Spaite, 2007-04-12  
From the corsairs of the Barbary Coast to Blackbeard to Jean Lafitte, pirates have been a part of every culture for centuries. Sometimes terrifying but always colorful characters, their history is as rich with controversy as it is with gold doubloons. The Everything Pirate Book is full of fascinating and little-known facts. Did you know that around 75 B.C. Julius Caesar was captured and ransomed by Cilician pirates? After he was released, it is said that he immediately hunted down his captors and killed them. Scottish seafarers and pirates were often nicknamed red legs because they wore kilts year-round and their bare legs were often wind- or sunburned. The image of the classic pirate with flowing clothes, pegleg, eyepatch, parrot on his shoulder, and treasure map in his hand is primarily a result of Robert Louis Stevenson's *Treasure Island*. With each passing decade, the legends surrounding pirates have grown to epic proportion, right down to their peglegs and buried treasure. The Everything Pirate Book will take you on a pirate tour from ancient times to their Golden Age to the modern-day search for buried treasure and reveals the truth behind the Hollywood hype.

*Pirates: A History* Tim Travers, 2012-05-30  
More than just a history of the real pirates of the Caribbean, *Pirates: A History* explores piracy from ancient times to the present day, from the bloodthirsty Viking raiders who terrorized northern Europe to the legendary female Chinese pirate of the 1920s, Lai Choi San. In this history, we see how thin the line was between a royally chartered privateer and a pirate, most notably epitomized by Francis Drake. Then there were

the Renegades Europeans captured by the Barbary corsairs who converted to Islam and became pirate captains in their own right Some were simply cut throat drunkards but many pirate ships were run on surprisingly progressive democratic principles The golden age of piracy is examined afresh and the colourful characters of the era brought to life Accounts of Blackbeard Black Barty and William Kidd illustrate the truth behind the legends of the Jolly Roger      **Madagascar** Daniel Austin,Hilary Bradt,2017-08-17 A new thoroughly updated 12th edition of Bradt s Madagascar the leading and most comprehensive guide to this unique island nation written by Hilary Bradt who first visited in 1976 and has returned roughly 35 times and Daniel Austin who has visited 12 times and continues to travel there annually Bradt s Madagascar is by far the most thorough guide to the country in English and is written and updated by established experts whose unparalleled knowledge of Madagascar combines with contributions from over 50 experts in a book which has been the most authoritative guide to the country for three decades It covers national parks and protected areas and includes itineraries to suit all interests and budgets plus details of around 1 000 hotels and restaurants Madagascar is like nowhere else on earth It is fascinating not only zoologically and botanically but culturally linguistically historically and geologically This vast island is the fourth largest in the world and also the oldest This is part of the reason why it has evolved into an incredible hotspot for biodiversity with a truly unique flora and fauna that is more than 80% endemic to the island and with new species being described virtually on a daily basis Madagascar is also the only place where you can see wild lemurs Almost a quarter of the world s 450 or so primates exist only here With Bradt s Madagascar you can visit tropical rainforest and seek out its incredible flora and fauna explore the otherworldly eroded limestone spires most famously at Tsingy de Bemaraha National Park Madagascar s most striking landscape discover the beach fringed islands around Nosy Be with their fabulous scuba diving snorkelling kayaking whale watching and fishing opportunities and make the most of a host of adventuring and sporting possibilities including surfing windsurfing kitesurfing rock climbing tree climbing caving river trips mountain biking distance running quad biking trekking and hiking Also covered are the UNESCO World Heritage Site of Ambohimanga the renowned Avenue des Baobabs one of the country s most photographed scenes and information on the best birdwatching spots Madagascar has almost 300 avian species with a high proportion of endemics including five whole endemic families
