Durst, 2004-01-01 In this work David C Durst explores the development of modernism in the philosophy politics and culture of the first German Republic between 1918 and 1933 Through a reasoned critique of various Weimar intellectual figures such as Ernst Bloch Martin Heidegger and Theodor Adorno Durst offers clarity and insight into the various aesthetic postures of the interwar period From the cultural vibrancy of the early Weimar period to the eventual decay towards fascism and Nazi rule Weimar Modernism provides a new and coherent way to examine this important era which has often been presented in a fragmented manner *History of the Literary Cultures of East-Central Europe* Marcel Cornis-Pope, John Neubauer, 2006-09-13 Continuing the work undertaken in Vol 1 of the History of the Literary Cultures of East Central Europe Vol 2 considers various topographic sites multicultural cities border areas cross cultural corridors multiethnic regions that cut across national boundaries rendering them permeable to the flow of hybrid cultural messages By focusing on the literary cultures of specific geographical locations this volume intends to put into practice a new type of comparative study Traditional comparative literary studies establish transnational comparisons and contrasts but thereby reconfirm however inadvertently the very national borders they play down This volume inverts the expansive momentum of comparative studies towards ever broader regional European and world literary histories While the theater of this volume is still the literary culture of East Central Europe the contributors focus on pinpointed local traditions and geographic nodal points Their histories of Riga Plovdiv Timi oara or Budapest of Transylvania or the Danube corridor to take a few examples reveal how each of these sites was during the last two hundred years a home for a variety of foreign or ethnic literary traditions next to the one now dominant within the national borders By foregrounding such non national or hybrid traditions this volume pleads for a diversification and pluralization of local and national histories A genuine comparatist revival of literary history should involve the recognition that treading on native grounds means actually treading on grounds cultivated by diverse people **Nonaligned Modernism** Bojana Videkanić, 2020-02-20 In less than half a century the Socialist Federal Republic of Yugoslavia successfully defeated Fascist occupation fended off dominating pressures from the Eastern and Western blocs built a modern society on the ashes of war created its own form of socialism and led the formation of the Nonaligned Movement This country s principles and its continued battles fought against all odds provided the basis for dynamic and exceptional forms of art Drawing on archival materials postcolonial theory and Eastern European socialist studies Nonaligned Modernism chronicles the emergence of late modernist artistic practices in Yugoslavia from the end of the Second World War to the mid 1980s Situating Yugoslav modernism within postcolonial artistic movements of the twentieth century Bojana Videkanic explores how cultural workers collaborated with others from the Global South to create alternative artistic and cultural networks that countered Western

**Remaining Relevant After Communism** Andrew Wachtel,2006-02 More than any other art form literature defined Eastern Europe as a cultural and political entity in the second half of the twentieth century Although often persecuted by the state East European writers formed what was frequently recognized to be a second government and their voices were heard and revered inside and outside the borders of their countries This study by one of our most influential specialists on Eastern Europe considers the

effects of the end of communism on such writers According to Andrew Baruch Wachtel the fall of the Berlin Wall and the creation of fledgling societies in Eastern Europe brought an end to the conditions that put the region's writers on a pedestal In the euphoria that accompanied democracy and free markets writers were liberated from the burden of grandiose political expectations But no group is happy to lose its influence despite recognizing that their exalted social position was related to their reputation for challenging political oppression such writers have worked hard to retain their status inventing a series of new strategies for this purpose Remaining Relevant after Communism considers these strategies from pulp fiction to public service documenting what has happened on the East European scene since 1989 **Phantoms on the Bookshelves** Jacques Bonnet, 2013-11-05 This enchanting study on the art of living with books considers how our personal libraries reveal our true nature far more than just places they are living labyrinths of our innermost feelings The author a lifelong accumulator of books both ancient and modern lives in a house large enough to accommodate his many thousands of books as well as overspill from the libraries of his friends While his musings on the habits of collectors past and present are learned witty and instructive his advice on cataloguing may even save the lives of those whose books are so prodigiously piled as to be a hazard **Phantoms on the Bookshelves** ranges from classical Greece to contemporary Iceland from Balzac and Moby Dick to Google offering up delicious anecdotes along the way This elegantly produced volume will be a lasting delight to specialist collectors librarians bibliophiles and all those who treasure books **Nine Fairy Tales** Karel Čapek, 1996 Containing fairies talking animals and supernatural beings this is a collection of wise parables of Czech life **The Encyclopedia of the Dead** Danilo Kiš, 1997 In these stories Kiš depicts human relationships encounters landscapes the multitude of details that make up a human life **1001 Books You Must Read Before You Die** Peter Boxall, 2012-01-10 Completely revised and updated to include the most up to date selections this is a bold and bright reference book to the novels and the writers that have excited the world's imagination This authoritative selection of novels reviewed by an international team of writers critics academics and journalists provides a new take on world classics and a reliable guide to what's hot in contemporary fiction Featuring more than 700 illustrations and photographs presenting quotes from individual novels and authors and completely revised for 2012 this is the ideal book for everybody who loves reading **The Wandering Jew** Stefan Heym, 1999 Beginning at the Beginning Heym introduces both Ahasverus and Lucifer as angels in free fall cast out of heaven for their opinions of God's order The story follows their respective oppositions through the rest of time Ahasverus defiant through protest rooted in love and a faith in progress and Lucifer rebellious by means of his biblically familiar methods **Forever Flowing** Vasiliĭ Semenovich Grossman, 1997 The novel tells the story of Ivan Grigoryevich who has returned to Russia after thirty years in the Gulag After short and unsatisfying visits to familiar places and persons in Moscow and Leningrad the hero settles in a southern provincial town where he briefly establishes a new life with a war widow Ivan Grigoryevich eventually returns to his boyhood home on the Black Sea where he is finally able to come to terms with the inhumanity of the new Russian regime

Weary Men Arne Garborg, 1999 With its angst ridden sensualist hero Anne Garborg's classic invites comparison with the classic European decadent novels of the turn of the century Huysmans's *Against the Grain* and Wilde's *The Picture of Dorian Gray* Unlike the protagonists of those novels however the hero of *Weary Men* is treated with irony And while it is a brilliant novel of ideas *Weary Men* has endured primarily because of the acuity with which Garborg explores the roguish main character's psychological makeup

*Fertility and Other Stories* Vsevolod Viacheslavovich Ivanov, 1998 Combining traditional elements with the fantastic and the surreal Ivanov's stories address not only the themes of the Russian revolution but also the quiet world of man and nature and the elemental bond that tied peasants to their native land

*The Old Man* Iurii Trifonov, 1999 The Old Man veers between a contemporary effort to buy a dacha and the memories of an incident during the Civil War A questionable action in the past haunts the present and throws into relief the materialism that has come to replace revolutionary idealism by suggesting that this idealism may have been tainted in the first place Trifonov implicitly blames the past for the ills of the present While the setting and situation are very Soviet the quandary Trifonov describes has universal significance
