Music and Technoculture René T. A. Lysloff, Leslie C. Gay, Jr., 2013-08-15 Moving from web to field from Victorian parlor to 21st century mall the 15 essays gathered here yield new insights regarding the intersection of local culture musical creativity and technological possibilities Inspired by the concept of technoculture the authors locate technology squarely in the middle of expressive culture they are concerned with how technology culturally informs and infuses aspects of everyday life and musical experience and they argue that this merger does not necessarily result in a cultural grayout but instead often produces exciting new possibilities In this collection we find evidence of musical practices and ways of knowing music that are informed or even significantly transformed by new technologies yet remain profoundly local in style and meaning CONTRIBUTORS Leslie C Gay Jr Kai Fikentscher Tong Soon Lee Ren T A Lysloff Matthew Malsky Charity Marsh Marc Perlman Thomas Porcello Andrew Ross David Sanjek jonathan Sterne Janet L Sturman Timothy D Taylor Paul Th berge Melissa West Deborah Wong Ebook Edition Note Four of the 26 illustrations and the cover illustration have been redacted

Ancestral North Ross Hagen, Mathias Nordvig, 2024-04-11 Ancestral North Spirituality and Cultural Imagination in Nordic Ritual Folk Music offers a detailed exploration of Nordic ritual folk music a music scene focused on the revival of ancient folkways and archaic music that has found remarkable popularity around the globe Once the domain of Viking reenactors and neopagan practitioners the niche sonic and visual aesthetics of this music have found widespread visibility through a new generation of popular films television series and video games The authors argue that many of these musical and media products connect with longstanding cultural attitudes about the Nordic region that conceive of it as wild exotic and dangerous while also being a place of honor community and virtue As such the Nordic region and its music often becomes a vessel for reactionary escapes from all manner of modern discontentment However the authors also posit that spending time re creating the music of an imaginary

past offers participants the possibility for engagement and re enchantment in the multicultural present **True Sight** Cameron Sinnamon,2016-01-20 There is not a problem existing between people that has not been generated by the judgements of conditioned and fearful minds There is not a difficulty between lovers parent and child employer and employee neighbours and nations that cannot be healed by True Sight True Sight is the antidote to confusion and suffering True Sight is a frequency of thought consciousness that dissolves the conditioned and fearful mind allowing full access to the awareness and divine energy of the soul consciousness and infinite intelligence of heaven Up until now your conditioned mind has been controlling much of what your life has become Each new day is the sum of what you have previously allowed to occur in your mind This mind and the concept it holds of you continues to create much of who you are what you have and what you will become but only if you passively allow it Through the applications of the principles of True Sight you will be able to see and direct your life through Gods eyes True Sight will give you profound peace leading you to the most enlightened and deliberate experience in your current dimension and the next Saint Francis **The Mystery of You** Ronald Goldschlager,Adin Steinsaltz,2018-11-01 The Mystery of You is an exciting and thought provoking look at ourselves and how we live our lives It contains a rich tapestry of ideas beliefs and experiences It challenges the reader in many ways by confronting everyday issues but always remaining interesting and easy to read Many questions are discussed for example What is happening to humanity What kind of individuals and communities are we producing What have morality and ethics got to do with everyday living Where can we find some clues that will give us a head start in our own journey through the maze of living The first part of the book is written by Ron Goldschlager a successful businessman and communal identity who cares deeply about humanity and our world The second part is a series of articles by Rabbi Adin Steinsaltz a philosopher scholar educator advisor to many high profile international leaders and prolific writer of over 70 books Accompanying and complementing the text is a wonderful collection of paintings by Victor Majzner some produced especially for this work They are inspiring and colourful illustrations of the important themes in this book In a positive and easy to digest manner this book explores Jewish thought and belief and offers a practical and creative perspective on eternal issues It consists of seven chapters Ageing Belief and Bureaucracy Continuity Behaviour Water and Life with Numbers This is About Happiness Science or Religion and Religion or Science **Mortal Spirit** Brian Gleason,2001-11 Mortal Spirit takes us on a compelling journey from naivete to wisdom from instinct to heightened consciousness In an age dominated by psychopharmacological and solution focused treatments for human discontents many of us have turned to spiritual teachings for succor Yet here too we often do not find the answers we desire Human development and spiritual evolution are part of a continuum of self transcendence Mortal Spirit is the recognition of our ever evolving nature The power of Brian Gleason s message is in his willingness to challenge the sacred cows of both psychology and spirituality Gleason cogently argues that until we accept the biological realities of our beingness we will forever flounder in a fantasy world of hoped for immortality To be fully alive in this very

moment is the highest spiritual challenge We cannot get there through traditional psychotherapy or classical spiritual practices alone Gleason s elegant work opens us to a new paradigm called spiritual somatics Here we learn that the human energy field must embrace all the potent forces of the universe in a developmentally appropriate sequence Both pleasure and pain must be fully experienced on this path The capacity to tolerate strong emotions is fundamental to self transcendence Spiritual somatic theory suggests that body and spirit must develop in harmony for personal evolution to unfold

Foundations of Civic Engagement Ralph D. Ellis,Norman J. Fischer II,James B. Sauer,2006-08-30 Foundations of Civic

Engagement is a comprehensive survey and reassessment of the entire field of social and political philosophy Suitable for use as a primary text for courses on political thought this book explores the basic arguments of the most important historical and contemporary figures and offers a thematic critique and integration of these philosophies This dynamic book includes in depth discussions of Ancient Greek modern and contemporary theories of communitarianism social contract feminism classical liberal rights based approaches African American philosophy postmodernism Marxism critical theory and theories of communicative actions e g Habermas Throughout philosophical history there is a tension between social development of the political person as in personalist communitarian feminist postmodern and Continental thought and the abstract contractual principles needed for impartial justice and freedom of conscience This chasm can be bridged to some extent by combining ideal contractualism with the tools of feminist theory discourse ethics and critical theory Foundations of Civic Engagement evaluates these tensions as well as the criticisms and response to criticism for each theory in order to promote open dialogue analysis and a realistic assessment of each philosophy

Communication Theory and Application in Post-Socialist Contexts Michael R. Finch, Marta N. Lukacovic, Maureen C. Minielli, Sergei A. Samoilenko, 2022-03-14 While the broader field of communication studies is gaining more global prominence this is an era when the underrepresented voices are fortunately becoming more recognized Communication Theory and Application in Post Socialist Contexts illustrates how Eurasia and Central and Eastern Europe the post socialist region represents a population of more than 400 million who embody a wide array of communication experiences This book aims to capture significant communication tendencies in several post socialist countries and situate these tendencies within communication theory and application It contains the examples of theory building and adaptation as well as applied projects implemented in national and local contexts Only by inclusive incorporation of the underrepresented experiences in the field s discussions can the communication discipline continue to assert its relevance in and for the global community This book serves as a resource for anyone on the quest of diversifying and globalizing communication studies

Across the abyss...towards the light Petra Ruether, 2020-07-27 Nothing can be so bad that it cannot get better again Bruno Groening This book contains the story of a Berlin woman who almost a child got into the claws of drug addiction and lived through and endured all facets of addiction Without mincing matters she describes her life path which would have ended by a snatch in falling into the abyss if she had not been shown a way to freedom from an unexpected perspective Through the teachings of Bruno Groening she managed to free herself from addiction and became a happy and healthy person She lets the reader experience immediately what it means to be pulled out of an almost insurmountable swamp In the second part of this book the author describes with disarming frankness how she managed to show the way out of addiction and misery to young needy people With love and

enthusiasm and the help of divine forces it was possible to help them on the street Thus proves that addiction in whatever form it occurs in our society is curable and gives young people of this time courage and hope to get out of hopeless situations Addicts in the clutches of darkness They are like diamonds that have fallen into a swamp they just have to be pulled out washed off and cleaned up just as it was with me Petra Ruether *THE GOD OF SEX & GOLD and ROCK 'N' ROLL* Utkarsh Mohan,2019-07-24 Syd Sinnerman is the second coming of rock music dethroning pop and hip hop with his dark brooding strain of philosophic rock But few know the story of his unlikely rise to global superstardom from middle class India which is obsessed with academics or that the very secret of his success is destroying him and no it isn't alcohol or drugs High octane music and the quiet humdrum life of Kolkata brilliantly portrays the inner life of a little boy as he grows up alternately Can Syd find himself again can he put his life back together will he sing again The God of Sex and Gold and Rock n Roll set in Singapore and India explores what it takes to pursue the dreams we forget when real life hits us *Billboard* ,1994-04-02 In its 114th year Billboard remains the world's premier weekly music publication and a diverse digital events brand content and data licensing platform Billboard publishes the most trusted charts and offers unrivaled reporting about the latest music video gaming media digital and mobile entertainment issues and trends **Love and Death** Ross Channing Reed PhD,2009-02-10 Philosopher Ross Reed Ph D refers to an eclectic array of thinkers in Love and Death an Existential Theory of Addiction in particular existential philosophers Soren Kierkegaard 1813 1855 and Jean Paul Sartre 1905 1980 According to Dr Reed addiction is usually the result of existential or life conditions rather than underlying physiological problems Therefore it may involve not only drugs or alcohol but also relationships belief systems activities and even emotional states Anything that can serve to deflect one's consciousness from reflectively apprehending the task of becoming oneself can serve as an object of addiction If the object is another person one might ask whether in fact addiction can masquerade as love Is it possible to believe that you are in love with someone when in fact you are merely addicted to him or her In this creative and provocative work Reed argues that Sartre's theory of love is in fact a theory of addiction *Shell Shock and the Modernist Imagination* Wyatt Bonikowski,2016-04-01 Looking closely at both case histories of shell shock and Modernist novels by Ford Madox Ford Rebecca West and Virginia Woolf Wyatt Bonikowski shows how the figure of the shell shocked soldier and the symptoms of war trauma were transformed by the literary imagination Situating his study with respect to Freud's concept of the death drive Bonikowski reads the repetitive symptoms of shell shocked soldiers as a resistance to representation and narrative In making this resistance part of their narratives Ford West and Woolf broaden our understanding of the traumatic effects of war exploring the possibility of a connection between the trauma of war and the trauma of sexuality Parade's End The Return of the Soldier and Mrs Dalloway are all structured around the relationship between the soldier who returns from war and the women who receive him but these novels offer no prospect for the healing effects of the union between men and women Instead the novels underscore the divisions within the home and the self drawing on the traumatic effects of shell

shock to explore the link between the public events of history and the intimate traumas of the relations between self and other
