Returning To Our Roots:

Land-Grant Universities for the Future Stephen M. Gavazzi,E. Gordon Gee,2018-11-15 Land grant colleges and universities have a storied past This book looks at their future Land grant colleges and universities occupy a special place in the landscape of American higher education Publicly funded agricultural and technical educational institutions were first founded in the mid nineteenth century with the Morrill Act which established land grants to support these schools They include such prominent names as Cornell Maryland Michigan State MIT Ohio State Penn State Rutgers Texas A that is they should work to more vigorously uphold their community focused missions through teaching research and service oriented activities Combining extensive research with Gee s own decades of leadership experience Land Grant Universities for the Future argues that these schools are the engine of higher education in America and perhaps democracy s best hope This book should be of great interest to faculty members and students as well as those parents legislators policymakers and other area stakeholders who have a vested interest in the well being of America s original public universities [The Long Journey Home](#) Pasquale De Marco,2025-08-10 In The Long Journey Home Pasquale De Marco embarks on a journey of self discovery and transformation Through a series of thought provoking essays Pasquale De Marco explores the challenges and triumphs we face along the path of life With wisdom and compassion Pasquale De Marco shares insights into the nature of the human experience From the depths of despair to the heights of joy Pasquale De Marco navigates the complexities of the human heart and mind This book is a guide for those who seek to live a more meaningful and fulfilling life It is a call to adventure a journey into the unknown and a promise of hope Pasquale De Marco draws upon personal experiences and ancient wisdom to illuminate the path of self discovery Each essay delves into a different aspect of the human journey offering practical tools and insights for navigating the challenges we face Whether you are seeking to overcome adversity find your purpose or simply live a more authentic life this book will provide guidance and inspiration It is a roadmap for the soul a companion for the weary traveler and a beacon of light in the darkness Through Pasquale De Marco s words you will discover the power within you to create a life of meaning and joy This book is an invitation to embark on a journey of self discovery and transformation It is a journey that will change your life forever If you like this book write a review **What's Public about Public Higher Ed?** Stephen M. Gavazzi,E. Gordon Gee,2021-10-19 Exploring the current state of relationships between public universities government leaders and the citizens who elect them this book offers insight into how to repair the growing rift between higher education and its public Higher education gets a bad rap these days The public perception is that there is a growing rift between public universities and the elected officials who support them In What s Public about Public Higher Ed Stephen M Gavazzi and E Gordon Gee explore the reality of that supposed divide offering qualitative and quantitative evidence of why it s happened and what can be done about it Critical problems Gavazzi and Gee argue have arisen because higher education leaders often assumed that what was good for universities was good for the public at large

For example many public institutions have placed more emphasis on research at the expense of teaching learning and outreach This university centric viewpoint has contributed significantly to the disconnect between our nation s public universities and the representatives of the people they are supposed to be serving But this gulf can only be bridged the authors insist if people at the universities take the time to really listen to what the citizens of their states are asking of them Gavazzi and Gee draw on never before gathered survey data on public sentiment regarding higher education Collected from citizens residing in the four most populous states California Florida New York and Texas plus Ohio and West Virginia the authors home states this data reflects critical issues including how universities spend taxpayer money the pursuit of national rankings student financial aid and the interplay of international activities versus efforts to create closer to home impact An unflinching no holds barred exploration of what citizens really think about their public universities What s Public about Public Higher Ed also places special emphasis on the events of 2020 including the COVID 19 pandemic and the worst racial unrest seen in half a century as major inflection points for understanding the implications of the survey s findings

Ali Shariati and the Future of Social Theory Dustin J. Byrd,Seyed Javad Miri,2017-08-28 In Ali Shariati and the Future of Social Theory Religion Revolution and the Role of the Intellectual Dustin J Byrd and Seyed Javad Miri bring together a collections of essays by a variety of scholars who explore the lasting influence of the Iranian sociologist and revolutionary Ali Shariati Thought to be the most important intellectual behind the Iranian

Revolution of 1979 these essays engage in a future oriented remembrance of Shariati's life and praxis with the practical attempt to clarify expand and apply his liberational Islamic thought to modern conditions Making use of Shariati's writings on Shi'a Islam and western philosophy this text is especially important for those who want to understand the role that intellectuals both religious and secular can have in the liberation of mankind Contributors are Mahdi Ahouie Bader Mousa al Saif Sophia Rose Arjana M K rad Atalar Dustin J Byrd Eric Goodfield Teo Lee Ken Georg Leube Seyed Javad Miri Carimo Mohomed Chandra Muzaffar Khosrow Bagheri Noaparast Fatemeh Shayan and Esmaeil Zeiny

Intellectual Discourse and the Politics of Modernization Ali Mirsepassi, 2000-10-12 In this thought provoking study Ali Mirsepassi explores the concept of modernity exposing the Eurocentric prejudices and hostility to non Western culture that have characterized its development Focusing on the Iranian experience of modernity he charts its political and intellectual history and develops a new interpretation of Islamic Fundamentalism through the detailed analysis of the ideas of key Islamic intellectuals The author argues that the Iranian Revolution was not a simple clash between modernity and tradition but an attempt to accommodate modernity within a sense of authentic Islamic identity culture and historical experience He concludes by assessing the future of secularism and democracy in the Middle East in general and in Iran in particular A significant contribution to the literature on modernity social change and Islamic Studies this book will be essential reading for scholars and students of social theory and change Middle Eastern Studies Cultural Studies and many related areas

The Tropical Agriculturalist, 1911 Engaging in Social Partnerships Novella Zett Keith, 2015-02-11 Engaging in Social Partnerships helps practitioners advance democratic engagement by creating spaces where institutions of higher education community groups and other organizations can come together This important book prepares higher education professionals to become reflective practitioners while working in collaborations that span not only the boundaries of organizations but also borders created by the social divides of class race ethnicity culture professional expertise and power Through illustrative cases Keith explores effective models of democratic engagement for university community partnerships as well as approaches to overcoming obstacles and assessing process and outcome Current and future professionals in higher education will find this a valuable resource as they explore the power of engaging in collaborations that cross social divides while enacting practices that are more equitable and democratic

Returning the Gift Rebecca Colesworthy, 2018-10-15 From debates about reparations to the rise of the welfare state the decades following World War I saw a widespread turn across disciplines to questions about the nature and role of gifts What is a gift What do gifts mean and do Which individuals and institutions have the authority to give Marshalling wide ranging interdisciplinary research Returning the Gift argues that these questions centrally shaped literary modernism The book begins by revisiting the locus classicus of twentieth century gift theory the French sociologist Marcel Mauss's 1925 essay The Gift The Form and Reason for Exchange in Archaic Societies His title notwithstanding the gift Mauss envisions is not primitive or pre capitalist but rather a distinctively modern phenomenon

Subsequent chapters offer sustained nuanced readings of novels and nonfiction by Virginia Woolf Jean Rhys Gertrude Stein and H D from the 1920s to 1940s underscoring the ways their writing is illuminated by contemporaneous developments in the social sciences economics and politics while also making a case for their unique contributions to broader debates about gifts Not only do these writers insist that literature is a special kind of gift but they also pose challenges to the gift s feminization in the work of both their Victorian forebears and contemporary male theorists Each of these writers uses tropes and narratives of giving of hospitality sympathy reciprocity charity genius and kinship to imagine more egalitarian social possibilities under the conditions of the capitalist present The language of the gift is not as we might expect a mark of hostility to the market so much as a means of giving form to the society in market society of representing everyday experiences of exchange that the myth of the free market works even now to render unthinkable Tropical Agriculturist

,1910 **Learning Programming Using Matlab** Khalid Sayood,2022-06-01 This book is intended for anyone trying to learn the fundamentals of computer programming The chapters lead the reader through the various steps required for writing a program introducing the MATLABr constructs in the process MATLABr is used to teach programming because it has a simple programming environment It has a low initial overhead which allows the novice programmer to begin programming immediately and allows the users to easily debug their programs This is especially useful for people who have a mental block about computers Although MATLABr is a high level language and interactive environment that enables the user to perform computationally intensive tasks faster than with traditional programming languages such as C C and Fortran the author shows that it can also be used as a programming learning tool for novices There are a number of exercises at the end of each chapter which should help users become comfortable with the language *The Spiritual, Moral, & Civil Decay of*

America Brian A. Cooper,2002 Author Brian Cooper reflects on the events over the past 40 plus years which he feels has resulted in a general spiritual moral and civil decay of values in America His observations and perspectives are drawn from a blend of personal historical and scriptural reference points Considering the recent tragedy in America on September 11 2001 his perspective will challenge you to confront the American way of life as we know it today and the America as it existed in more innocent times He firmly believes that on September 11 2001 as often occurred in ancient times God has embarked on an attempt to redirect his people from their rebellious ways Many Americans have lost sight of the true benefactor of their wealth and prosperity Its Christian roots continue to deteriorate being replaced with the worship of false gods and a growing hunger for the sensational Will America recover from its waywardness or will the Spiritual moral and civil decay of America continue *Annual Review of the Sociology of Religion.
