Reunion Ray Hansen, 2000-04-20 The year is 2014 and a billowing black column of smoke rises from a forest clearing A three story building built under the tightest security ever known is burning out of control A GMC Suburban containing one pregnant genetic designer and four genetically engineered children race recklessly away from the burning structure Twenty years later a small but powerful secret fellowship a vengeful genetic designer and a deadly man made virus combined with the genetically engineered super humans she created These super humans three women and two men were genetically created to possess superior minds enormous strength and lightning speed Their mission To locate a group of terrorists who have control of a deadly man made virus and destroy it Can they succeed or will a vicious international assassin or the Mossad stop them before they ever have a chance to start their mission Will the deadly man made virus infect the Five once they enter the new and bizarre jungle of Israel In this first installment of the Nina Steel Adventure series Ray Hansen takes you on an exciting ride with these five genetically engineered super humans Travel with the Five from their early childhood at the top secret genetic engineering facility hidden away in the forest of Maine to their strange reunion as adults in Chicago and on to Israel to meet their destiny

The Reconstruction of White Southern Womanhood, 1865-1895 Jane Turner Censer, 2003-09-30 This impressively researched book tells the important but little known story of elite southern white women s successful quest for a measure of self reliance and independence between antebellum strictures and the restored patriarchy of Jim Crow Profusely illustrated with the experiences of fascinating women in Virginia and North Carolina it presents a compelling new chapter in the history of American women and of the South As were many ideas notions of the ideal woman were in flux after the Civil War While poverty added a harder edge to the search for a good marriage among some southern belles other privileged white women forged identities that challenged the belle model altogether Their private and public writings from the 1870s and 1880s suggest a widespread ethic of autonomy Sometimes that meant increased domestic skills born of the new reality of fewer servants But women also owned and transmitted property worked for pay and even pursued long term careers Many found a voice in a plethora of new voluntary organizations and some southern women attained national celebrity in the literary world creating strong and capable heroines and mirroring an evolving view toward northern society Yet even as elite southern women experimented with their roles external forces and contradictions within their position were making their unprecedented attitudes and achievements socially untenable During the 1890s however virulent racism and pressures to re create a mythic South left these women caught between the revived image of the southern belle and the emerging emancipated woman Just as the memoirs of southern white women have been key to understanding life during the Civil War the writings of such women unlock the years of dramatic change that followed Informed by myriad primary documents Jane Turner Censer immerses us in the world of postwar southern women as they rethought and rebuilt themselves their families and their region during a brief but important period of relative freedom
