electromagnetism When man journeyed to these places he was joining with God and visualising the effect The remarkable conclusions and discoveries in this book not only dispel some age old myths but also address questions such as Is there a universal frequency that allows the mind to travel into other realms How does this relate to the holographic universe and the concept of quantum entanglement Does the Great Pyramid hold a real secret to the quantum realm What are those mysterious round towers found scattered around our planet Is there an answer to the phenomena of earth energies What is the truth behind the Crystal Skulls and the rods of power Is ESP real What Gateways to the Otherworld uncovers are not just tales of ancient trips to other realms nor theories on why stone circles were built in specific locations but real answers based on thorough research and science Gnosis Philip Gardiner,2006-09-15 An examination of the alluring mysteries surrounding the ancient temple revealing answers to questions that have puzzled generations Solomon s Temple in Jerusalem reputed to be the source of the most esoteric knowledge in human history has fascinated scholars seekers and dreamers for centuries Generations of scholars and researchers have tried in vain to discover the fabled Temple of Solomon only to be confronted by one problem after another All the problems raised by these disparate and often desperate people have now been fully answered and can be revealed to the world Through his own involvement in secret societies and his tenacious spirit Philip Gardiner has unearthed the secrets of the Temple From the Queen of Sheba and the arcane secrets of the Christian Gnostics to the Muslim Sufi and Hindu Avatars Gnosis weaves a tale that is both profound and precise Gardiner declares that the truth of Solomon s Temple has been known all along within the realm of esoteric understanding Only one question remains Is the world ready for the truth Find the true secret of the Knights Templar and the mysteries of the ancients Find the truth for yourself in Gnosis Praise for Gnosis Controversial provocative even profoundly irritating to some Gardiner eruditely challenges us all with this refreshing study from the Garden of Eden into more modern times Dr Karen Ralls medieval historian and author of The Templars and the Grail Gnosis is a refreshing creation of true spiritual teaching as well as being a damn good read Gardiner possesses that rare ability to weave history mythology and spiritual tradition into writing that is both understandable and enjoyable Gnosis will fascinate readers with its complex insights into spirituality Gnostic Communications internet magazine In this remarkable and thought provoking book Gardiner has literally undressed the sacred mystical language of our ancestors and reveals one of the most profound Biblical concepts to be exposed in recent times Ernest Scott author of The People of the Secret GNOSIS (Volume 2 of 2) (Easyread Super Large 20pt Edition) ,

Gateways to the Otherworld (Volume 2 of 2) (EasyRead Super Large 18pt Edition) , Making the Gods Speak Vincent Goossaert,2023-11-20 For two millennia Chinese society has been producing divine revelations on an unparalleled scale in multifarious genres and formats This book is the first comprehensive attempt at accounting for the processes of such production It builds a typology of the various ritual techniques used to make gods present and allow them to speak or write and it follows the historical development of these types and the revealed teachings they made possible Within the large array

of visionary mediumistic and mystical techniques Vincent Goossaert devotes the bulk of his analysis to spirit writing a family of rites that appeared around the eleventh century and gradually came to account for the largest numbers of books and tracts ascribed to the gods In doing so he shows that the practice of spirit writing must be placed within the framework of techniques used by ritual specialists to control human communications with gods and spirits for healing divining and self divinization among other purposes Making the Gods Speak thus offers a ritual centered framework to study revelation in Chinese cultural history and comparatively with the revelatory practices of other religious traditions Gateways to the Otherworld (Volume 2 of 2) (EasyRead Super Large 24pt Edition) , **GNOSIS (Volume 2 of 2) (Easyread Super Large 24pt Edition)** , The Complete Idiot's Guide to Taoism Brandon Toropov, Chadwick Hansen, 2002-03-01 You re no idiot of course You know Taoism is one of the world s oldest religions based on simplicity and balance However you may not know it has important parallels with modern Western life health ecology even in such pop culture icons as Luke Skywalker and the Beatles But you don t have to sit at the feet of a Taoist master to learn how the Taoist tradition has enlightened seekers throughout the centuries The Complete Idiot s Guide to Taoism will show you exactly why Taoist principles appeal to people from every walk of life In this Complete Idiot s Guide you get The history of the Daode Jing the world s shortest core religious text and Laozi its mysterious author The teachings of Zhuangzi the often overlooked master sage of Taoism An explanation of yin yang and what it represents Taoism s relationship to Zen Buddhism **Daoism Handbook** Livia Kohn, 2018-12-24 Thirty major scholars in the field wrote this new authoritative guide to the main features and development of Daoism The chapters are devoted to either specific periods or topics such as Women in Daoism Daoism in Korea and Daoist Ritual Music Each chapter rigidly deals with a fixed set of aspects such as history texts worldview and practices Clear markings in the chapters themselves and a detailed index make this volume the most accessible key resource on Daoism past and present **Chinese Recorder and Missionary Journal** , 1888 Includes section Our book table
