acts of imagination with which it contends For example the Smile Jamaica concert of 1976 headlined by reggae Superstar Bob Marley and the reputedly US government backed 2010 Tivoli Gardens incursion in West Kingston both moments that have dramatic even mythic residue in Caribbean and global memory are among the real life events brought into conversation with literary representations of this history Modern American Religion, Volume 3 Martin E. Marty, 1986 Vol 1 The Irony of it all 1893 1919 Vol 2 The Noise of conflict 1919 1941 The National Park Architecture Sourcebook Harvey H. They refute postmodernist arguments that Frye's literary criticism is obsolete and propose his wide ranging and non linear ways of thinking as a model for twenty first century readers searching for innovative ways of understanding literature and its relevance to contiguous disciplines The volume provides an in depth examination of Frye's work on a range of literary questions periods and genres as well as a consideration of his contributions to literary theory philosophy and theology The portrait that emerges is that of a writer who still has much to offer those interested in literature and the ways it represents and transforms our world The book s overall argument is that Frye s case for the centrality of the imagination has never been more important where understanding history reconciling science and culture or reconceptualizing social change is concerned
