

# Revival

A photograph of a crowd of people at what appears to be a religious revival meeting. The scene is dimly lit, with a strong purple and blue light source in the background, creating a hazy, atmospheric effect. In the foreground, the silhouettes of several people's heads and shoulders are visible, looking towards the light. One person on the right has their arm raised. The word "Revival" is written in a large, white, cursive script across the center of the image.

**The Holiness Revival of the Nineteenth Century** Melvin E. Dieter, 1996-04-09 This new edition expands and updates the only general interpretation of the rise and influence of perfectionist revivalism in America and Europe Fifteen years of expanding research on the holiness movement reinforce this volume's continuing seminal value to cultural and social research The new concluding essay describes the history of the revival through the turn of the century This book expands our understanding of the fragmentation and coalescence of American religion by analyzing the factors which created numerous new holiness denominations Dieter also outlines the historical and theological factors that separate this largely Wesleyan and Methodist wing of evangelicalism from the fundamentalism of Reformed evangelicals The identification of such nuances will prove especially helpful to those struggling with the extreme diversity in American religion especially in evangelicalism For students and scholars of American religious movements as well as students of the feminist temperance abolitionist and populist movements in American society

Legal Effect of World War II on Treaties of the United States

Stuart Hull MacIntyre, 2012-12-06 This study consists of an empirical examination of the legal effect of war on treaties to which the United States and one or more enemy states were parties at the outbreak of World War II Doctrine is regarded as of secondary importance to this study and is therefore treated summarily Some attention is devoted to historical aspects of the problem to lend perspective to the developments of World War II The basic plan of this work is simple After definitions have been established for war and treaties certain assumptions implicit in this study are discussed Next relevant doctrinal questions are considered This is followed by an analysis of American practice concerning the legal effect of war on treaties of the United States from the early part of the 19th century down to World War II The main part of the study in which the treaties are arranged according to subject matter carries the discussion down to the provisions in the peace treaties which relate to revival of prewar agreements The chapter on the peace treaty provisions concludes with consideration of the special situation arising from the absence of a final peace treaty with Germany Conclusions are then drawn from the experience of the United States The literature of international law is filled with opinions on the effect of war on treaties but only rarely have the authors stopped to analyze the practice of states methodically

*Serving the Present Age* Phyllis D. Airhart, 1992-02-26

Essential to Methodist revivalism was the personal conversion experience which constituted the basis of salvation and church membership Revivalism maintains Airhart was a distinctive form of piety and socialization that was critical in helping Methodists define who they were colouring their understanding of how religion was to be experienced practised articulated and cultivated This revivalist piety even more than doctrine or policy was the identifying mark of Methodism in the nineteenth century But during the late Victorian era the Methodist presentation of the religious life underwent a transformation By 1925 when the Methodist Church was incorporated into the United Church of Canada its most prominent leaders were espousing an approach to piety that was essentially and sometimes explicitly non revivalist The Methodist approach to personal religion changed during this transition and significantly Methodists increasingly became identified with

social Christianity although experience remained a key aspect of their theology There was also a growing tendency to associate revivalism with fundamentalism a new religious development that used the Methodist language of conversion but was unappealing to Canadian Methodists Airhart portrays the tensions between tradition and innovation through stories of the men and women who struggled to revitalize religion in an age when conventional social assumptions and institutions were being challenged by the ideals of the progressive movement *Serving the Present Age* is an account of Canadian Methodist participation in a realignment of North American Protestantism which supporters believed would better enable them in the words of a well known Wesley hymn to serve the present age
