**Modernizing Governance** Janet Newman, 2001-06-28 Janet Newman's Modernizing Governance provides a comprehensive and thorough critique of contemporary public sector reforms The book combines an impressive synthesis of theoretical perspectives with a deep understanding of the practice of public policy making and management The contradictions within a shift to governance are clearly highlighted and the notion of a third way is carefully deconstructed This book is an important contribution to the literature and will provide stimulating reading for academic researchers and students George Boyne Professor of Public Sector Management Cardiff Business School Cardiff University The tale of Tony Blair and government is a complicated one which Janet Newman tells with insight and academic rigour It deserves wide readership it ought to pique the interest of all those concerned with the condition of British democracy David Walker Analysis Editor and Leader Writer The Guardian The first comprehensive guide that explores the politics and policies of new Labour Has Labour's responses to the challenges and issues of the past 4 years represented something radically different both in content and style from the Thatcher and Major years Did it in the language of this book represent the emergence of a new form of governance in the UK This book offers Critical insights into Labour's impact on the relationship between government and citizens public services and their users the state and civil society Interpretations of core themes in Labour's policy agenda the Third Way and social democracy modernising government public service reform joined up government and partnership public participation and democratic renewal remaking civil society Drawing on cultural and institutional theory the author brings a fresh approach to the study of governance politics and policy She traces Labour's attempt to reinstall the social in public and social policy by examining its use of the discourses of democracy citizenship community social inclusion partnership and public participation The book analyses the implications of these new and not so new discourses for the practice of making and delivering policy and the patterns of equality and diversity that they invoke It also highlights the way in which managers professionals and staff are responding to the new agenda and the tensions and dilemmas produced in the process of institutional change

Democracy in Theory and Practice Stephen Elstub, 2013-09-13 Democracy is an issue of major importance in theory and practice in politics throughout the world However democracy's study and advancement has been significantly compromised by a

dichotomy between theorising about democracy and empirical studies of democracy in practice In addition to highlighting the need for this gap to be overcome this book contributes to overcoming this divide by demonstrating a number of ways that democracy in theory and practice can be synthesised deepening our understanding of the relationship between democracy in theory and practice in the process Different but related democratic principles and concepts are considered such as legitimacy political equality deliberation and participation A range of practical contexts are also investigated including multi level polities deeply divided societies whole polities local rural and urban areas and a range of democratic processes innovations and spectacular events Moreover the book sets the agenda for future work to combine democracy in theory and practice This book was originally published as a special issue of *Representation* *Transforming Political Leadership in Local Government* R. Berg, N. Rao, 2005-11-10 Local governments throughout the west are undergoing a transformation of their leadership styles and structures Some countries have abandoned traditional systems of collective or committee based decision making in favour of Cabinet models or more radically a directly elected executive mayor while others have strengthened existing mayoral systems There are a few exceptions to this trend Based on original research in eleven countries the book assesses these changes in terms of their implications for political accountability the role of lay politicians political recruitment the professionalization of leadership and relations with the bureaucracy Comparing Public Sector Reform in Britain and Germany Hellmuth Wollmann, Eckhard Schroter, 2019-06-04 This title was first published in 2000 This text collects a set of specially commissioned chapters by British and German political scientists as well as experts in public administration and management designed to present and grapple with the range of the subject in an accessible but sophisticated form In doing so the volume seeks to fill the gap perceived to have opened up between the conventional comparative government literature and the new public management literature While the first part of the book explores the historical political and cultural context of public sector reform the second part deals more specifically with institutional developments and recent reform trends in the fields of social policy and social service delivery The volume analyzes the degree of convergence or divergence between the two countries with regard to public sector change **Locating Localism** Jane Wills, 2016-07-12 *Locating localism* explores the development of localism as a new mode of statecraft and its implications for the practice of citizenship Drawing on original research Jane Wills highlights the importance of having the civic infrastructure and capacity to facilitate the engagement of citizens in local decision making She looks at the development of community organising neighbourhood planning and community councils that identify and nurture the energies talents and creativity of the population to solve their own problems and improve our world Combining political theory with attention to political practice the book takes the long view of this new policy development positioning it in relation to the political geo history of the British state In so doing it highlights the challenges of the state devolving itself and the importance of citizens having the freedom incentives and institutions needed to act *Contemporary British Politics and*
