Revolution And Its Past Identities And Change In Modern Chinese History:

Revolution and Its Past R. Keith Schoppa, 2017-10-03 Unlike other texts on modern Chinese history which tend to be either encyclopedic or too pedantic *Revolution and Its Past* is comprehensive but concise focused on the most recent scholarship and written in a style that engages students from beginning to end The Third Edition uses the theme of identities of the nation itself and of the Chinese people to probe the vast changes that have swept over China from late imperial times to the early twenty first century In so doing it explores the range of identities that China has chosen over time and those that outsiders have attributed to China and its people showing how as China rapidly modernizes the issue of Chinese identity in the modern world looms large

Revolution and Its Past R. Keith Schoppa, 2019 *Revolution and Its Past* is a comprehensive study of China from the last quarter of the eighteenth century through to 2018 A fascinating and dramatic narrative it compels interest both as a history of an ancient civilization developing into a modern nation state and as an account of how the Chinese as a people have struggled and continue to work to find their identity in the modern world Updated throughout supported by maps images tables and suggestions for further reading and written in an engaging concise and authoritative style *Revolution and Its Past* is the ideal textbook for all students of the history of modern China

Studyguide for Revolution and Its Past Cram101 Textbook Reviews, 2014-04-25 Never HIGHLIGHT a Book Again Includes all testable terms concepts persons places and events Cram101 Just the FACTS101 studyguides gives all of the outlines highlights and quizzes for your textbook with optional online comprehensive practice tests Only Cram101 is Textbook Specific Accompanies 9780205726912 This item is printed on demand

Revolution and Its Past: Pearson New International Edition R. Keith Schoppa, 2013-10-03 Appropriate as a main text for courses in modern Chinese history politics society and culture also suitable as a supplementary text for courses in East Asian civilization world history and world civilization Unlike other texts on modern Chinese history which tend to be either encyclopedic or too pedantic *Revolution and Its Past* is comprehensive but concise focused on the most recent scholarship and written in a style that engages students from beginning to end The Third Edition uses the theme of identities of the nation itself and of the Chinese people to probe the vast changes that have swept over China from late imperial times to the early twenty first century In so doing it explores the range of identities that China has chosen over time and those that outsiders have attributed to China and its people showing how as China rapidly modernizes the issue of Chinese identity in the modern world looms large

The Intellectual in Modern Chinese History Timothy Cheek, 2016-01-05 This vivid narrative history of Chinese intellectuals and public life provides a guide to making sense of China today Timothy Cheek presents a map and a method for understanding the intellectual in the long twentieth century from China's defeat in the Sino Japanese war in 1895 to the Prosperous China since the 2008 Beijing Olympics Cheek surveys the changing terrain of intellectual life over this transformative century in Chinese history to enable readers to understand a particular figure idea or debate The map

provides coordinates to track different times different social worlds and key concepts The historical method focuses on context and communities during six periods to make sense of ideas institutions and individual thinkers across the century Together they provide a memorable account of the scenes and protagonists and arguments and ideas of intellectuals and public life in modern China

A History of the Modern Chinese Army Xiaobing Li, 2007-06-01 Since the establishment of the Red Army in 1927 China's military has responded to profound changes in Chinese society particularly its domestic politics shifting economy and evolving threat perceptions Recently tensions between China and Taiwan and other east Asian nations have aroused great interest in the extraordinary transformation and new capabilities of the Chinese army In *A History of the Modern Chinese Army* Xiaobing Li a former member of the People's Liberation Army PLA provides a comprehensive examination of the PLA from the Cold War to the beginning of the twenty first century that highlights the military's central function in modern Chinese society In the 1940s the Chinese army was in its infancy and many soldiers were rural conscripts and volunteers who had received little formal schooling The Chinese military rapidly increased its mobility and weapon strength and the Korean War and Cold War offered intense combat experience that not only allowed soldiers to hone their fighting techniques but also helped China to develop military tactics tailored to the surrounding countries whose armies posed the most immediate threats Yet even in the 1970s the completion of a middle school education nine years was considered above average and only 4 percent of the 224 top Chinese generals had any college credit hours However in 1995 the high command began to institute massive reforms to transform the PLA from a labor intensive force into a technology intensive army Continually seeking more urban conscripts and emphasizing higher education the PLA Reserve Officer Training and Selection program recruited students from across the nation These reservists would become commissioned officers upon graduation and they majored in atomic physics computer science and electrical engineering Grounding the text in previously unreleased official Chinese government and military records as well as the personal testimonies of more than two hundred PLA soldiers Li charts the development of China's armed forces against the backdrop of Chinese society cultural traditions political history and recent technological advancements *A History of the Modern Chinese Army* links China's military modernization to the country's growing international and economic power and provides a unique perspective on China's establishment and maintenance of one of the world's most advanced military forces

The Oxford History of World War II Richard Overy, 2023-02-01 Histories you can trust World War Two was the most devastating conflict in recorded human history It was both global in extent and total in character It has understandably left a long and dark shadow across the decades Yet it is three generations since hostilities formally ended in 1945 and the conflict is now a lived memory for only a few And this growing distance in time has allowed historians to think differently about how to describe it how to explain its course and what subjects to focus on when considering the wartime experience For instance as World War Two recedes ever further into the past even a question as apparently basic as when it began and ended

becomes less certain Was it 1939 when the war in Europe began Or the summer of 1941 with the beginning of Hitler s war against the Soviet Union Or did it become truly global only when the Japanese brought the USA into the war at the end of 1941 And what of the long conflict in East Asia beginning with the Japanese aggression in China in the early 1930s and only ending with the triumph of the Chinese Communists in 1949 In The Oxford History of World War Two a team of leading historians re assesses the conflict for a new generation exploring the course of the war not just in terms of the Allied response but also from the viewpoint of the Axis aggressor states Under Richard Overy s expert editorial guidance the contributions take us from the genesis of war through the action in the major theatres of conflict by land sea and air to assessments of fighting power and military and technical innovation the economics of total war the culture and propaganda of war and the experience of war and genocide for both combatants and civilians concluding with an account of the transition from World War to Cold War in the late 1940s Together they provide a stimulating and thought provoking new interpretation of one of the most terrible and fascinating episodes in world history Routledge Handbook of Imperial Chinese History Victor Cunrui Xiong, Kenneth Hammond, 2018-09-17 The resurgence of modern China has generated much interest not only in the country s present day activities but also in its long history As the only uninterrupted ancient civilization still alive today the study of China s past promises to offer invaluable insights into understanding contemporary China Providing coverage of the entire Imperial Era 221 BCE 1912 CE this handbook takes a chronological approach It includes comprehensive analysis of all major periods from the powerful Han empire which rivalled Rome and the crucial transformative period of the Five Dynasties to the prosperous Ming era and the later dominance of the non Han peoples With contributions from a team of international authors key themes include Political events and leadership Religion and philosophy Cultural and literary achievements Legal economic and military institutions This book transcends the traditional boundaries of historiography giving special attention to the role of archaeology As such the Routledge Handbook of Imperial Chinese History is an indispensable reference work for students and scholars of Chinese Asian and World History **China in the 21st Century** Jeffrey N. Wasserstrom, Maura Elizabeth Cunningham, 2018-03-12 In this fully revised and updated third edition of China in the 21st Century What Everyone Needs to Know Jeffrey N Wasserstrom and Maura Elizabeth Cunningham provide cogent answers to urgent questions regarding the world s newest superpower and offer a framework for understanding China s meteoric rise from developing country to superpower Framing their answers through the historical legacies Confucian thought Western and Japanese imperialism the Mao era and the Tiananmen Square massacre that largely define China s present day trajectory Wasserstrom and Cunningham introduce readers to the Chinese Communist Party the building boom in Shanghai and the environmental fallout of rapid Chinese industrialization They also explain unique aspects of Chinese culture such as the one child policy and provide insight into Chinese American relations a subject that has become increasingly fraught during the Trump era As Wasserstrom and Cunningham draw parallels between China and other

industrialized nations during their periods of development in particular the United States during its rapid industrialization in the 19th century they also predict how we might expect China to act in the future vis vis the United States Russia India and its East Asian neighbors Updated to include perspectives on Hong Kong s shifting political status as well as an expanded discussion of President Xi Jinping s time in office China in the 21st Century provides a concise and insightful introduction to this significant global power China in the 21st Century: What Everyone Needs to Know Jeffrey N.

Wasserstrom,2010-03-19 The need to understand this global giant has never been more pressing China is constantly in the news yet conflicting impressions abound Within one generation China has transformed from an impoverished repressive state into an economic and political powerhouse In China in the 21st Century What Everyone Needs to Know Jeffrey Wasserstrom provides cogent answers to the most urgent questions regarding the newest superpower and offers a framework for understanding its meteoric rise Focusing his answers through the historical legacies Western and Japanese imperialism the Mao era and the massacre near Tiananmen Square that largely define China s present day trajectory Wasserstrom introduces readers to the Chinese Communist Party the building boom in Shanghai and the environmental fall out of rapid Chinese industrialization He also explains unique aspects of Chinese culture such as the one child policy and provides insight into how Chinese view Americans Wasserstrom reveals that China today shares many traits with other industrialized nations during their periods of development in particular the United States during its rapid industrialization in the 19th century Finally he provides guidance on the ways we can expect China to act in the future vis a vis the United States Russia India and its East Asian neighbors **The Oxford Illustrated History of World War II** R. J. Overy,2015 World War Two re assessed for a new generation from the 1930s through to the beginnings of the Cold War A stimulating and thought provoking new interpretation of one of the most terrible episodes in world history

Encyclopedia of Chinese History Michael Dillon,2016-12-01 China has become accessible to the west in the last twenty years in a way that was not possible in the previous thirty The number of westerners travelling to China to study for business or for tourism has increased dramatically and there has been a corresponding increase in interest in Chinese culture society and economy and increasing coverage of contemporary China in the media Our understanding of China s history has also been evolving The study of history in the People s Republic of China during the Mao Zedong period was strictly regulated and primary sources were rarely available to westerners or even to most Chinese historians Now that the Chinese archives are open to researchers there is a growing body of academic expertise on history in China that is open to western analysis and historical methods This has in many ways changed the way that Chinese history particularly the modern period is viewed The Encyclopedia of Chinese History covers the entire span of Chinese history from the period known primarily through archaeology to the present day Treating Chinese history in the broadest sense the Encyclopedia includes coverage of the frontier regions of Manchuria Mongolia Xinjiang and Tibet that have played such an important role in the history of China Proper and will also include material on Taiwan and on

the Chinese diaspora In A Z format with entries written by experts in the field of Chinese Studies the Encyclopedia will be an invaluable resource for students of Chinese history politics and culture

Politics and the Histories of International Law ,2021-07-19 What are the implications of writing the history of legal issues Eighteen authors from different legal systems and backgrounds offer different answers by examining the history writing on issues ranging from slavery over the use of force to extraterritorial jurisdiction Contributions show how historiography has often distorted or neglected regional cultures and suggest alternative methods and approaches to history writing These studies are highly relevant for current international relations in which the fight over master narratives is especially fierce among governments in different academic fields and also between governments and academics Contributors are Jean d Aspremont Julia B hner Emiliano J Buis Maria Adele Carrai Jacob Katz Cogan R n Derrig Angelo Dube Michel Erpelding Etienne Henry Madeleine Herren Randall Lesaffer Anne Charlotte Martineau Parvathi Menon Momchil Milanov Hirofumi Oguri Gustavo Prieto Hendrik Simon Sebastian Spitra and Deborah Whitehall

The Routledge Handbook of Nationalism in East and Southeast Asia Lu Zhouxiang,2023-07-31 This handbook presents a comprehensive survey of the formation and transformation of nationalism in 15 East and Southeast Asian countries Written by a team of international scholars from different backgrounds and disciplines this volume offers new perspectives on studying Asian history society culture and politics and provides readers with a unique lens through which to better contextualise and understand the relationships between countries within East and Southeast Asia and between Asia and the world It highlights the latest developments in the field and contributes to our knowledge and understanding of nationalism and nation building Comprehensive and clearly written this book examines a diverse set of topics that include theoretical considerations on nationalism and internationalism the formation of nationalism and national identity in the colonial and postcolonial eras the relationships between traditional culture religion ethnicity education gender technology sport and nationalism the influence of popular culture on nationalism and politics policy and national identity It illustrates how nationalism helped to draw the borders between the nations of East and Southeast Asia and how it is re emerging in the twenty first century to shape the region and the world into the future The Routledge Handbook of Nationalism in East and Southeast Asia is essential reading for those interested in and studying Asian history Social and Cultural history and modern history

Coming Home to a Foreign Country Soon Keong Ong,2021-08-15 Ong Soon Keong explores the unique position of the treaty port Xiamen Amoy within the China Southeast Asia migrant circuit and examines its role in the creation of Chinese diasporas Coming Home to a Foreign Country addresses how migration affected those who moved out of China and later returned to participate in the city s economic revitalization educational advancement and urban reconstruction Ong shows how the mobility of overseas Chinese allowed them to shape their personal and community identities for pragmatic and political gains This resulted in migrants who returned with new money knowledge and visions acquired abroad which changed the landscape of their homeland and the lives of those who stayed Placing late

Qing and Republican China in a transnational context Coming Home to a Foreign Country explores the multilayered social and cultural interactions between China and Southeast Asia Ong investigates the role of Xiamen in the creation of a China Southeast Asia migrant circuit the activities of aspiring and returned migrants in Xiamen the accumulation and manipulation of multiple identities by Southeast Asian Chinese as political conditions changed and the motivations behind the return of Southeast Asian Chinese and their continual involvement in mainland Chinese affairs For Chinese migrants Ong argues the idea of home was something consciously constructed Ong complicates familiar narratives of Chinese history to show how the emigration and return of overseas Chinese helped transform Xiamen from a marginal trading outpost at the edge of the Chinese empire to a modern prosperous city and one of the most important migration hubs by the 1930s **The Cold War in East Asia** Xiaobing Li, 2017-09-13 This textbook provides a survey of East Asia during the Cold War from 1945 to 1991 Focusing on the persistence and flexibility of its culture and tradition when confronted by the West and the US this book investigates how they intermesh to establish the nations that have entered the modern world Through the use of newly declassified Communist sources the narrative helps students form a better understanding of the origins and development of post WWII East Asia The analysis demonstrates how East Asia's position in the Cold War was not peripheral but in many key senses central The active role that East Asia played ultimately turned this main Cold War battlefield into a buffer between the United States and the Soviet Union Covering a range of countries this textbook explores numerous events which took place in East Asia during the Cold War including The occupation of Japan Civil war in China and the establishment of Taiwan The Korean War The Vietnam War China's Reforming Movement Moving away from Euro American centric approaches and illuminating the larger themes and patterns in the development of East Asian modernity The Cold War in East Asia is an essential resource for students of Asian History the Cold War and World History A Concise History of the World Since 1945 W. M. Spellman, 2020-09-16 This lively synthesis of global history since the end of World War II offers a gripping account of an interdependent world and the challenges facing individuals in the 21st century The narrative is arranged around two key tensions the struggle between socialism and free market capitalism and the interaction between cultural fragmentation and the competing integrative force of globalization Considering the historical experience of Africa Asia and Latin America as well as the West it addresses the ever expanding gulf between the developed North and developing South and the environmental impact of development on the planet's delicate ecosystems Authoritative and well written this is an ideal introductory guide for undergraduate and postgraduate students taking courses on global history since 1945 It is also a fascinating primer for anyone with an interest in global history and the issues affecting the globe today New to this Edition Updated to cover events since 2006 including the conflicts in Afghanistan Iraq and Syria China's economic and military advance to great power status the refugee crises and the global financial crisis of 2008 New material on the international drugs trade global opioid crisis and healthcare implications Expanded material on social media Updated material on

environmental issues considering US disengagement from traditional global partners in the area of climate change and the Trump administration's distrust of climate science and executive roll back of established environmental laws More social history especially coverage of women and recent developments around issues of sexuality Expanded section on Islam to include developments within the mainstream as opposed to radical tradition worldwide and current historiography **Qing Travelers to the Far West** Jenny Huangfu Day, 2018-12-06 This fundamentally new interpretation of the Qing reveals how Sino Western engagements transformed traditions institutions and networks of communications Chinese Education Models in a Global Age Chuang Prudence Chou, Jonathan Spangler, 2016-04-06 China's rise and increasing emphasis on international education benchmarking and a global recognition of East Asian countries success in this regard have brought the issue of Chinese education to the forefront of public consciousness In particular the concept of a Chinese education model is one that has sparked debate and quickly become a major focus of education research around the world especially in light of regional achievements vis vis university rankings bibliometric indices the Programme for International Student Assessment PISA Trends in International Mathematics and Science Study TIMSS and other such benchmarks Chinese Education Models in a Global Age tackles this controversial issue head on by synthesizing a diversity of analyses from a world class team of twenty seven authors It reveals that Chinese education models which are present in many different geographic and institutional contexts have an important influence on social and institutional norms as well as individual belief systems and behaviors in China and beyond The first of its kind this edited volume establishes a foundation for future research while providing a nuanced and tightly integrated compilation of differing perspectives on the role and impact of Chinese education models worldwide It is essential reading for all scholars policymakers students parents and educators interested in the rising demographic and economic influence of people of Chinese descent on education around the world *Art in Turmoil* Richard King, Sheng Tian Zheng, Scott Watson, 2010-01-01 Forty years after China's tumultuous Cultural Revolution this book revisits the visual and performing arts of the period the paintings propaganda posters political cartoons sculpture folk arts private sketchbooks opera and ballet and examines what these vibrant militant often gaudy images meant to artists their patrons and their audiences at the time and what they mean now both in their original forms and as revolutionary icons reworked for a new market oriented age Chapters by scholars of Chinese history and art and by artists whose careers were shaped by the Cultural Revolution offer new insights into works that have transcended their times

When people should go to the books stores, search instigation by shop, shelf by shelf, it is essentially problematic. This is why we present the book compilations in this website.
