Revolution And Politics In Russia Essays In Memory Of Bi Nicolaevsky:

Revolution and Politics in Russia Ladis K. D. Kristof, Janet Rabinowitch, Alexander Rabinowitch, Revolution and Politics in Russia Boris I. Nicolaevsky, 1973 Revolution and politics in Russia. Essays in memory of B.I. Nicolaevsky. Ed. by A. Rabinowitch and J. Rabinowitch with L.K.D. Kristof, 1972 **Guide to the Boris I. Nicolaevsky Collection in the Hoover Institution Archives** Hoover Institution on War, Revolution, and Peace, 1989 *Socialist Europe and Revolutionary Russia* Bruno Naarden, 2002-05-02 This book analyses perceptions and images of Russia held by European socialists from 1848 to the 1920s *Stalin's Guerrillas* Kenneth Slepyan, 2006 A detailed study of the operations politics culture and autonomy of Soviet partisans or guerrillas who fought the German army in WWII Blending military political social and cultural history Slepyan also provides a prism for viewing relations between the suffocating Stalinist state and its independent partisan warriors *Cold War Exiles and the CIA* Benjamin Tromly, 2019-09-19 At the height of the Cold War in the 1950s the United States government unleashed covert operations intended to weaken the Soviet Union As part of these efforts the CIA committed to supporting Russian exiles populations uprooted either during World War Two or by the Russian Revolution decades before No one seemed better prepared to fight in the American secret war against communism than the uprooted Russians whom the CIA directed to carry out propaganda espionage and subversion operations from their home base in West Germany Yet the American engagement of Russian exiles had unpredictable outcomes Drawing on recently declassified and previously untapped sources *Cold War Exiles and the CIA* examines how the CIA's Russian operations became entangled with the internal struggles of Russia abroad and also the espionage wars of the superpowers in divided Germany What resulted was a transnational political sphere involving different groups of Russian exiles American and German anti communists and spies operating on both sides of the Iron Curtain Inadvertently CIA's patronage of Russian exiles forged a complex sub front in the wider Cold War demonstrating the ways in which the hostilities of the Cold War played out in ancillary conflicts involving proxies and non state actors **Russian Workers And The Socialist-Revolutionary Party Through The** Christopher J Rice, 1988-06-07 Telling October Frederick Corney, 2018-08-06 All revolutionary regimes seek to legitimize themselves through foundation narratives that told and retold become constituent parts of the social fabric erasing or pushing aside alternative histories Frederick C Corney draws on a wide range of sources archives published works films to explore the potent foundation narrative of Russia's Great October Socialist Revolution He shows that even as it fought a bloody civil war with the forces that sought to displace it the Bolshevik regime set about creating a new historical genealogy of which the October Revolution was the only possible culmination This new narrative was forged through a complex process that included the sacralization of October through ritualized celebrations its institutionalization in museums and professional institutes devoted to its study and ambitious campaigns to persuade the masses that their lives were an inextricable part of this historical process By the late 1920s the Bolshevik

regime had transformed its representation of what had occurred in 1917 into a new orthodoxy the October Revolution Corney investigates efforts to convey the dramatic essence of 1917 as a Bolshevik story through the increasingly elaborate anniversary celebrations of 1918 1919 and 1920 He also describes how official commissions during the 1920s sought to institutionalize this new foundation narrative as history and memory In the book s final chapter the author assesses the state of the October narrative at its tenth anniversary paying particular attention to the versions presented in the celebratory films by Eisenstein and Pudovkin A brief epilogue assesses October s fate in the years since the collapse of the Soviet Union

1974 Annual Supplement Joan Schmitz Bergholt,2013-12-21 **The "Russian" Civil Wars, 1916-1926** Jonathan Smele,2016-01-15 This volume offers a comprehensive and original analysis and reconceptualisation of the compendium of struggles that wracked the collapsing Tsarist empire and the emergent USSR profoundly affecting the history of the twentieth century Indeed the reverberations of those decade long wars echo to the present day not despite but because of the collapse of the Soviet Union which re opened many old wounds from the Baltic to the Caucasus Contemporary memorialising and de memorialising of these wars therefore form part of the book s focus but at its heart lie the struggles between various Russian political and military forces which sought to inherit and preserve or even expand the territory of the tsars overlain with examinations of the attempts of many non Russian national and religious groups to divide the former empire The reasons why some of the latter were successful Poland and Finland for example while others Ukraine Georgia and the Muslim Basmachi were not are as much the author s concern as are explanations as to why the chief victors of the Russian Civil Wars were the Bolsheviks Tellingly the work begins and ends with battles in Central Asia a theatre of the Russian Civil Wars that was closer to Mumbai than it was to Moscow **Writing History in the Soviet Union** Arup Banerji,2017-08-18 The history of the Soviet Union has been charted in several studies over the decades These depictions while combining accuracy elegance readability and imaginativeness have failed to draw attention to the political and academic environment within which these histories were composed Writing History in the Soviet Union Making the Past Work is aimed at understanding this environment The book seeks to identify the significant hallmarks of the production of Soviet history by Soviet as well as Western historians It traces how the Russian Revolution of 1917 triggered a shift in official policy towards historians and the publication of history textbooks for schools In 1985 the Soviet past was again summoned for polemical revision as part and parcel of an attitude of openness glasnost and in this literary figures joined their energies to those of historians The Communist regime sought to equate the history of the country with that of the Communist Party itself in 1938 and 1962 and this imposed a blanket of conformity on history writing in the Soviet Union The book also surveys the rich abundance of writing the Russian Revolution generated as well as the divergent approaches to the history of the period The conditions for research in Soviet archives are described as an aspect of official monitoring of history writing Another instance of this is the manner by which history textbooks have through the years been withdrawn from schools and

others officially nursed into circulation This intervention occasioned in the present circumstance by statements by President Putin himself in the manner in which history is taught in Russian schools continues to this day In other words over the years the regime has always worked to make the past work Please note Taylor Francis does not sell or distribute the Hardback in India Pakistan Nepal Bhutan Bangladesh Sri Lanka **Revolution in Russia** Edith Rogovin Frankel, Jonathan Frankel, Baruch Knei-Paz, 1992-01-30 The Russian Revolution of 1917 continues to be a subject of most intense controversy Eighteen leading specialists from different generations countries and schools of thought accordingly re examine the key issues and events of that crucial year **The Bolsheviks Come to Power** Alexander Rabinowitch, 2017-05-20 The Bolsheviks Come to Power is one of the most important histories of the Russian Revolution to challenge the mainstream narratives Originally published to great acclaim in 2004 this new edition marks the 100th anniversary of one of the explosive and game changing moments in modern times In this absorbing narrative Alexander Rabinowitch counters the claims by mainstream historians that the revolution was a military coup led by Lenin and a small band of fanatics He refutes the Soviet myth that the party's triumph in the October Revolution was inevitable and explains the ebbs and flows of the revolutionary period tracing the moods of the working class and the political positions of the Bolsheviks at different historical moments including the immediate aftermath of the February Revolution the July Days the Kornilov affair and up to and including the October Revolution itself Drawn from a wealth of primary sources and archival material this new edition of Rabinowitch's classic account is a must have for anyone interested in clearing away the tired platitudes of mainstream historians and reclaiming the revolution on this important anniversary Problems of Communism ,1974 *Bukharin and the Bolshevik Revolution* Stephen F. Cohen, 1980 This classic biography carefully traces Bukharin's rise to and fall from power focusing particularly on the development of his theories and programmatic ideas during the critical period between Lenin's death in 1924 and the ascendancy of Stalin in 1929 **Jewish Intelligentsia and Russian Marxism** Robert J. Brym, 1978-06-17

Forging Democracy Geoff Eley, 2002-04-11 Democracy in Europe has been a recent phenomenon Only in the wake of World War II were democratic frameworks secured and even then it was decades before democracy truly blanketed the continent Neither given nor granted democracy requires conflict often violent confrontations and challenges to the established political order In Europe Geoff Eley convincingly shows democracy did not evolve organically out of a natural consensus the achievement of prosperity or the negative cement of the Cold War Rather it was painstakingly crafted continually expanded and doggedly defended by varying constellations of socialist feminist Communist and other radical movements that originally blossomed in the later nineteenth century Parties of the Left championed democracy in the revolutionary crisis after World War I salvaged it against the threat of fascism and renewed its growth after 1945 They organized civil societies rooted in egalitarian ideals which came to form the very fiber of Europe's current democratic traditions The trajectories of European democracy and the history of the European Left are thus inextricably bound together

Geoff Eley has given us the first truly comprehensive history of the European Left its successes and failures its high watermarks and its low tides its accomplishments insufficiencies and excesses and most importantly its formative lasting influence on the European political landscape At a time when the Left s influence and legitimacy are frequently called into question *Forging Democracy* passionately upholds its vital contribution

Stalin's Defectors Mark Edele, 2017-06-23 *Stalin's Defectors* is the first systematic study of the phenomenon of frontline surrender to the Germans in the Soviet Union s Great Patriotic War against the Nazis in 1941-1945 No other Allied army in the Second World War had such a large share of defectors among its prisoners of war Based on a broad range of sources this volume investigates the extent the context the scenarios the reasons the aftermath and the historiography of frontline defection It shows that the most widespread sentiments animating attempts to cross the frontline was a wish to survive this war Disgruntlement with Stalin s socialism was also prevalent among those who chose to give up and hand themselves over to the enemy While politics thus played a prominent role in pushing people to commit treason few desired to fight on the side of the enemy Hence while the phenomenon of frontline defection tells us much about the lack of popularity of Stalin s regime it does not prove that the majority of the population was ready for resistance let alone collaboration Both sides of a long standing debate between those who equate all Soviet captives with defectors and those who attempt to downplay the phenomenon then over stress their argument Instead more recent research on the moods of both the occupied and the unoccupied Soviet population shows that the majority understood its own interest in opposition to both Hitler s and Stalin s regime The findings of Mark Edele in this study support such an interpretation

The Thanks of the Fatherland James M. Diehl, 2000-11-09 An account of the problems facing German veterans after WWII and the ways in which they were addressed in the decade following Germany s defeat The primary focus is on the major pieces of veterans legislation passed in the early years of the German Federal Republic Historical context is provided by the first two chapters and the conclusion which compares and contrasts the fate of veterans and their sociopolitical impact on German society following the two world wars Originally published in 1993 A UNC Press Enduring Edition UNC Press Enduring Editions use the latest in digital technology to make available again books from our distinguished backlist that were previously out of print These editions are published unaltered from the original and are presented in affordable paperback formats bringing readers both historical and cultural value

Thank you utterly much for downloading **Revolution And Politics In Russia Essays In Memory Of Bi Nicolaevsky**. Most likely you have knowledge that, people have seen numerous times for their favorite books once this Revolution And Politics In Russia Essays In Memory Of Bi Nicolaevsky, but stop going on in harmful downloads.

Rather than enjoying a good PDF once a mug of coffee in the afternoon, then again they juggled once some harmful virus inside their computer. **Revolution And Politics In Russia Essays In Memory Of Bi Nicolaevsky** is manageable in our digital library; an online admission to it is set as public appropriately; you can download it instantly. Our digital library saves in multiple countries, allowing you to acquire the most less latency epoch to download any of our books like this one. Merely said, the Revolution And Politics In Russia Essays In Memory Of Bi Nicolaevsky is universally compatible considering any devices to read.
