artists such as Aretha Franklin and Beyoncé exist simultaneously at the center and on the fringe of the culture industry. *Liner Notes for the Revolution* offers a startling new perspective on these acclaimed figures, a perspective informed by the overlooked contributions of other Black women concerned with the work of their musical peers. Zora Neale Hurston appears as a sound archivist and a performer; Lorraine Hansberry as a queer Black feminist critic of modern culture; and Pauline Hopkins as America's first Black female cultural commentator. Brooks tackles the complicated racial politics of blues music, recording, song collecting, and rock and roll criticism. She makes lyrical forays into the blues pioneers Bessie Smith and Mamie Smith as well as fans who became critics like the record label entrepreneur and writer Rosetta Reitz. In the twenty-first century, pop superstar Janelle Monáe's liner notes are recognized for their innovations, while celebrated singers Cécile McLorin Salvant, Rhiannon Giddens, and Valerie June take their place as cultural historians. With an innovative perspective on the story of Black women in popular music and who should rightly tell it, *Liner Notes for the Revolution* pioneers a long overdue recognition and celebration of Black women musicians as radical intellectuals.
