REVOLUTION, OUR TIME

Revolution Of Our Time

Pitrim A. Sorokin

Revolution Of Our Time:

The Dilemma of Our Times (Works of Harold J. Laski) Harold J. Laski, 2014-10-24 This book originally published in 1952 unfinished and perhaps imperfect is the last book of one of the most acute political thinkers of the twentieth century Laski's earlier optimism about a swing to the Left was beginning to be reversed and in this volume he saw the defects of his previous optimistic surveys which in his opinion still had value but needed to be brought up to date and consequently he began to write an additional chapter which was never completed It remains a valuable last word of an author who for thirty years was respected and listened to on the topic of civilisation's survival through change

Values of Our Times Deshun Li, 2013-06-01 Philosophers have gradually accepted axiology as one branch of philosophy As a basic category belonging to axiology and philosophy value is the general abstraction of concrete value formation in various fields including utility ethics and appreciation of the beauty The problem of value is essentially a problem of historical activities of practice in human society The axiology based on the scientific practice view insists on the principle of unification between theory and practice truth and value In research of axiology the relation between subjectivity and objectivity of values is a problem that must be solved in the first place The modern conversation of value philosophy is the academic and practical demands of the value philosophy research in China Value evaluation is an important part of the axiology In order to deepen the research of value philosophy and to promote the development of current value philosophy we must have scientific mode of thinking suitable for the nature of value It is the base of value relation the origin of value needs the process of value creation and actualization and the fundamental way to proving one's value as a human being

Laclau Simon Critchley, Oliver Marchart, 2004 Laclau A Critical Reader is the first full length critical appraisal of Laclau's work and includes contributions from several leading philosophers and theorists The first section examines Laclau's theory that the contest between universalism and particularism provides much of the philosophical background to political and social struggle taking up the important place accorded to amongst others Hegel and Lacan in Laclau's work The second section of the book considers what Laclau's radical democracy might look like and reflects on its ethical implications particularly in relation to Laclau's post Marxism and thinkers such as Jürgen Habermas The final section investigates the place of hegemony in Laclau's work the idea for which he is perhaps best known This stimulating collection also includes replies to his critics by Laclau and the important exchange between Laclau and Judith Butler on equality making it an excellent companion to Laclau's work and essential reading for students of political and social theory

Basic Trends of Our Times Pitrim A. Sorokin, 1964 To find more information about Rowman and Littlefield titles please visit www.rowmanlittlefield.com

The Book For Our Time! Willy Jeanne Louis De Smedt, 2023-11-22 Is it still possible to write something new and valuable about the Revelation The subject of Revelation has always been an intriguing one for both believers and non believers who for centuries have devoted themselves to studying and examining it Consequently many scholars have shared

their view about it but almost all of them appear to be in contrast with one another. Indeed, never in time existed a continuous interpretation as every reader approaches the text from a distinct perspective. Nonetheless, it has always been evident that the key to Revelations lies within the pages of the Holy Scriptures. With this notion in mind, *The Book For Our Time*, a translation of the original manuscript published in 1872, was written in order to research and understand along with readers to find the true end and fulfilment of Revelation and in so doing bring a sense of purpose to those who read it. Willy Louis Jeanne De Smedt (8.2.1931 – 25.8.2017) Born in Belgium, he moved with his parents to the Democratic Republic of the Congo where he attended a Catholic School. Always serious about religion, he wished to become a priest but eventually decided not to pursue his dream. After moving to South Africa where he qualified as a millwright at Iscor, Willy started working as a math teacher at the Military Technical College. During a service in the New Apostolic Church, Willy heard and learned about the Day of The First Resurrection. That's when the project of *The Book For Our Time* started to take form from his desire to inform people about the salvation plan of God. He died in 2017 due to Leukemia.

The Social Crisis of Our Time Wilhelm Röpke, Risk and Citizenship Rosalind Edwards, Judith Glover, 2001. This spirited and informed collection of papers by leading analysts addresses key questions related to welfare, citizenship and risk. Global Crisis Nadine Klopff, 2023-02-17. The book develops a novel framework for the analysis of global crises. It differentiates crises on three dimensions: permanent, recurring, and ephemeral crises. This conceptualization allows us to analyze global crises not only in their immediate environment but makes it possible to understand them in the broader context of social instability. The approach revolves around the terminology of discursive dislocation, which provides fundamental insights into diverse forms of social instability. A multidimensional conceptualization of dislocation is advanced, which informs the differentiation of global crises. Furthermore, a methodological toolkit is developed and tailored to the theoretical framework, which makes it possible to utilize the book both theoretically and methodologically for the analysis of manifold forms of global crises. The book also provides a comprehensive analysis of the Covid-19 pandemic in the United States under Donald Trump. Making use of the aforementioned methodology, it presents a hands-on illustration of how the multidimensional framework can be utilized for practical analyses. The analysis reveals how the construction of the Covid-19 pandemic is embedded in the historically ingrained self-portrayal of the United States and how crisis responses are invoked to serve particular socio-political purposes in retaining an established vision of the United States.

The Age of Urban Democracy Donald Read, 2014-06-17. This ambitious survey covers all aspects of the period in which English society acquired its modern shape: industrial rather than agricultural, urban rather than rural, democratic in its institutions and middle class rather than aristocratic in the control of political power. For this revised edition, the footnotes and bibliography have been fully updated, and the entire text has been reset in a larger and more attractive format. An ideal introduction to the subject, it masters a huge amount of material through its clear structure, sensible judgements, and approachable style.

Marxism for Our Times Martin Glaberman, 1999. Rarely

as in the collection here can one encounter an essayist novelist historian and political leader like the late C L R James in the working throes of forming and then fomenting personal political theory In *Marxism for Our Times* editor Martin Glaberman has gathered the writings and theoretical discussions of this noted Caribbean writer These pamphlets mimeographs letters and lectures by James were nearly inaccessible until now Within these works James works to situate himself within the classical Marxist tradition while rejecting the Vanguard Party as unsuitable for our times The writings in this collection begin in the 1940s when Marxists were wrestling with acts that many deemed betrayals of the revolution Stalin's pact with Hitler and the war in Europe They end in the late sixties just before the dissolution of Facing Reality the final form of the American Marxist organization founded on James's principles For many years James born in Trinidad and Tobago was leader of the Trotskyists in the United States He continued his work even after his exile from America Of great value to scholars of Marxism are the papers in which James examines Marx Lenin and Trotsky and applies their theories to the class conflicts he was witnessing at mid century and to changes he foresaw in the future James argues for the rejection of historical principles and theories and urges Marxists to adapt themselves to changes occurring in capitalism and the working class Glaberman worked alongside James but sometimes disagreed with him in the movement James founded They were close associates for 45 years With *Marxism for Our Times* Glaberman not only has preserved and made available the political theories of a noted writer but he also has created a window on a turbulent period of optimism and failure a failure Glaberman calls rich in meanings and lessons for anyone interested in a democratic revolutionary Marxism C L R James is the author of the novel *Minty Alley* and *The Black Jacobins* the classic history of the Haitian Revolution and many other works Martin Glaberman is a professor emeritus at Wayne State University in Detroit He joined the socialist movement at age thirteen and worked for twenty years in the auto industry and as an active union member

Translations on International Communist Developments, 1964 **Professional Journal of the United States Army**, 1961 *Quarterly Review of Military Literature*, 1961 **Heroes and Martyrs of Palestine** Laleh Khalili, 2007-03-29 Many decades have passed since the Palestinian national movement began its political and military struggle In that time poignant memorials at massacre sites a palimpsest of posters of young heroes and martyrs sorrowful reminiscences about lost loved ones and wistful images of young men and women who fought as guerrillas have all flourished in Palestinian refugee camps in Lebanon and in the Occupied Palestinian Territories *Heroes and Martyrs of Palestine* tells the story of how dispossessed Palestinians have commemorated their past and how through their dynamic everyday narrations their nation has been made even without the institutional memory making of a state Bringing ethnography to political science Khalili invites us to see Palestinian nationalism in its proper international context and traces its affinities with Third Worldist movements of its time while tapping a rich and oft ignored seam of Palestinian voices histories and memories *Percy Shelley For Our Times* Omar F. Miranda, Kate Singer, 2024-03-14 Two centuries after Percy Shelley's death this volume explores his continuing collaborations

with audiences across spaces and times *Development Issues of Our Time* Rameshwar Prasad Misra,1985 **Minutes**
[of The] Meeting United States. President's Committee on Employment of the Handicapped,1962 **Towards a**
Diagnosis of Our Times Nikolai Genov,2025-09-30 This monograph offers a critical diagnosis of the current epoch marked
by globalization de globalization and re globalization Arguing that the concept of society gives way to that of globalization as
an explanatory core the author shows how constructivist ideas open the way to four new conceptualizations of global trends
upgrading the rationality of organizations individualization spread of instrumental activism and homogenization of culture
RISC Each trend is presented by two explanatory models The trend of upgrading rationality of organizations is exemplified by
analyses of the volatile rationality of industrial organizations and the tensions of regional integration Individualization is dealt
with by comparing the development and impact of leaders in Asia and the individualization in the present day war
Commercialization together with consumerism is analyzed as a component of the global trend of instrumental activism The
homogenization of culture is dealt with through discussions on the dynamic relations of values and norms and the
controversial development of social science knowledge The creative approach to global processes is finalized in a discussion
on tensions and conflicts in each trend and in their interplay As such it develops a new analytical framework while identifying
action fields and activities which reproduce stability and change in contemporary global society The intellectually refreshing
critical and constructive ideas of this volume will attract researchers lecturers and upper level students with interests in
sociological theory globalization the sociology of culture and the challenges facing contemporary civilization more broadly

The Rise of the Creative Class--Revisited Richard Florida,2014-01-07 Initially published in 2002 The Rise of the
Creative Class quickly achieved classic status for its identification of forces then only beginning to reshape our economy
geography and workplace Weaving story telling with original research Richard Florida identified a fundamental shift linking
a host of seemingly unrelated changes in American society the growing importance of creativity in people s work lives and
the emergence of a class of people unified by their engagement in creative work Millions of us were beginning to work and
live much as creative types like artists and scientists always had Florida observed and this Creative Class was determining
how the workplace was organized what companies would prosper or go bankrupt and even which cities would thrive In The
Rise of the Creative Class Revisited Florida further refines his occupational demographic psychological and economic profile
of the Creative Class incorporates a decade of research and adds five new chapters covering the global effects of the Creative
Class and exploring the factors that shape quality of place in our changing cities and suburbs

Unveiling the Energy of Verbal Beauty: An Psychological Sojourn through **Revolution Of Our Time**

In a global inundated with screens and the cacophony of immediate interaction, the profound energy and mental resonance of verbal artistry usually disappear in to obscurity, eclipsed by the continuous assault of sound and distractions. However, nestled within the lyrical pages of **Revolution Of Our Time**, a fascinating work of literary elegance that pulses with organic thoughts, lies an memorable journey waiting to be embarked upon. Written by a virtuoso wordsmith, this exciting opus instructions viewers on a psychological odyssey, softly exposing the latent possible and profound affect stuck within the complex web of language. Within the heart-wrenching expanse of this evocative evaluation, we can embark upon an introspective exploration of the book is key styles, dissect their charming writing style, and immerse ourselves in the indelible impact it leaves upon the depths of readers souls.
