The Essence of Hope: Absoluteness Anonymous Samaritan, It is a book about the essence of hope to testify that hope is absoluteness to transcend my existence This book is subsequent for and is based on the basic knowledge of the Bible and some philosophical thoughts It includes new religious and philosophical concepts that sinners live by hope as the righteous live by faith This book describes that sinners who were born in despair must be born again into the existentiality of Jesus as the absoluteness of hope which obeys the Word to death Only faith that is martyred for hope is resurrected to hope

The Fabric of Hope Glenn Tinder, 2001 This superb new volume is addressed to everyone interested in hope regardless of their religious or philosophical beliefs Glenn Tinder one of our most astute and creative thinkers probes the failure of modern secular hope and shows with great sensitivity and openness why the tenets of Christian faith offer a true and meaningful source for hope amid the widespread distress confusion and despondency of contemporary life From The Critics Jean Bethke Elshtain Glenn Tinder argues compellingly that modern despondency flows from a collapse of unreasonable optimism about our individual and collective prospects By contrast to despondency and brittle optimism Tinder calls for a renewal of hope Framed by Christian belief Tinder's elegant essay reaches out to appeal to all men and women troubled by our current condition A beautifully written and touching work Michael Novak Tinder's weighty essay on the nature spirituality and politics of hope offers an illuminating perspective on a central pillar of civilization Mary Ann Glendon A pristine intellectual and spiritual achievement by one of the most penetrating thinkers of our day Richard John Neuhaus With this essay Tinder once again vindicated his reputation as one of the most incisive thinkers and graceful writers working today His is a most powerful argument that only a hope that has come to terms with all the reasons for despair can sustain us into a future that we do not and cannot control Tinder's wisdom is in knowing that attention to first things requires facing up to last things

Eternal Hope Emil Brunner, 2023-01-01 Describing his objective in writing Eternal Hope Emil Brunner boldly claimed that a church that has nothing to teach concerning the future and the life of the world to come is bankrupt Several decades later such a challenge might still be levied Against this backdrop Brunner offers a way forward that remains closely tied scripture yet is nevertheless pastorally sensitive Indeed one of the central tenets of his approach is that the Gospel offers no comfort to the individual that is not at the same time a promise for the future of humanity as a whole He proceeds systematically through the promises and mysteries that the Christian faith maintains surrounding death while holding the hope of eternity as a constant goal A precursor to his more rigorous Dogmatics and partly in preparation for the second assembly of the World Council of Churches in 1954 Eternal Hope was also written just a year after the tragic death of Brunner's son It is therefore no surprise that he combines the vulnerability of his personal encounter with death and

a theological outlook that has universal implications **Revolutionary Hope After Nihilism** Saladdin Ahmed, 2022-07-28

As we face new and debilitating catastrophes caused by capitalism and nation state politics Saladdin Ahmed argues that our only hope is to create space for a new world by negating the existing order To achieve this new society Revolutionary Hope After Nihilism outlines a practical philosophy of change that rejects ideologies of false hope and passive hopelessness Drawing public attention to the decisiveness of the present historical moment Ahmed introduces a critical theory of social emancipation based on post Soviet revolutionary movements that have emerged at the margins of the global social order The rise of socially and politically exclusionary movements in multiple parts of the world ongoing ecological crisis anti Black racism and the concretization of despair brought about by the COVID 19 pandemic demand a new approach to revolution which Ahmed argues must be rooted in the experiences of the most oppressed in society Realizing the epistemological potential of emancipatory movements Ahmed rejects dystopian nihilism and positions our focus on marginalized spaces to break out of capitalist totalitarianism **A Philosophy of Hope** Bernard N. Schumacher, 2003 Schumacher looks at hope as a virtue one opposed by vices such as despair and presumption particularly as they are treated in existentialism and Marxism He also explores Pieper's treatment of hope in relation to the ideas of death and immortality and in the philosophy of history Using the idea of hope to examine such themes as dignity ethics the good and the just Schumacher provides a valuable wide ranging introduction to a shaper of contemporary Christian thought against a richly drawn intellectual background BOOK JACKET
