## **Revolutionary Apocalypse Ideological Roots Of Terrorism:**

Revolutionary Apocalypse Luciano Pellicani, 2003 Emerging from the cultural catastrophe produced by the traumatic advance of modernity the professional revolutionary is one disenchanted with the world Incapable of accepting reality he she is convinced that he she has a scientific knowledge that resolves the puzzle of history and will result in the creation of a paradise on Earth Pellicani details the history of the birth of revolutionarism as a new form of Gnosticism through a study of the theory the organization and the practice of the Leninist party and their project to purify society by permanent terrorism He analyzes the causes behind the collapse of the totalitarian system built by the Bolsheviks and he provides new insights into understanding the recent revival of the nihilistic anarchism of the Black Blocks in Europe and their violent attacks against globalization and modern civilization As Pellicani describes the goal of the professional revolutionary is the evangelical community based on concepts of equality and universal brotherhood To reach the desired goal the revolutionary sees only one road a war of annihilation against the capitalists who are responsible for the corruption of humanity This is the source of the panthoclastic passion of the Gnostic revolution the whole world must be destroyed to arrive at the New World the Kingdom of God without God Paradise on Earth Humanism and the Death of God Ronald E. Osborn, 2017-01-19

Humanism and the Death of God is a critical exploration of secular humanism and its discontents Through close readings of three exemplary nineteenth century philosophical naturalists or materialists who perhaps more than anyone set the stage for our contemporary quandaries when it comes to questions of human nature and moral obligation Ronald E Osborn argues that the death of God ultimately tends toward the death of liberal understandings of the human as well Any fully persuasive defense of humanistic values including the core humanistic concepts of inviolable dignity rights and equality attaching to each individual requires an essentially religious vision of personhood Osborn shows such a vision is found in an especially dramatic and historically consequential way in the scandalous particularity of the Christian narrative of God becoming a human He does not attempt to provide logical proofs for the central claims of Christian humanism along the lines some philosophers might demand Instead this study demonstrates how philosophical naturalism or materialism and secular humanisms and anti humanisms might be persuasively read from the perspective of a classically orthodox Christian faith

**The New Inquisitions** Arthur Versluis, 2006-07-27 The only book of its kind The New Inquisitions is an exhilarating investigation into the intellectual origins of totalitarianism Arthur Versluis unveils the connections between heretic hunting in early and medieval Christianity and the emergence of totalitarianism in the twentieth century He shows how secular political thinkers in the nineteenth century inaugurated a tradition of defending the Inquisition and how Inquisition style heretic hunting later manifested across the spectrum of twentieth century totalitarianism An exceptionally wide ranging work The New Inquisitions begins with early Christianity and traces heretic hunting as a phenomenon through the middle ages and right into the twentieth century showing how the same inquisitional modes of thought recur both on the political Left and

on the political Right      **Terrorist's Creed** R. Griffin, 2012-09-19 Terrorist's Creed casts a penetrating beam of empathetic understanding into the disturbing and murky psychological world of fanatical violence explaining how the fanaticism it demands stems from the profoundly human need to imbue existence with meaning and transcendence      **Extremism, Society, and the State** Giacomo Loperfido, 2021-12-10 Extremism does not happen in a vacuum Rather extremism is a relative concept that often emerges in crisis situations taking shape within the tense and contradictory relations that tie marginal spaces state orders and mainstream culture This collected volume brings together leading anthropologists and cultural analysts to offer a concise look at the narratives symbolic and metaphoric fields related to extremism systematizing an approach to extremism and placing these ideologies into historical political and geo systemic contexts      *Rethinking Fascism and Dictatorship in Europe* A. Kallis, 2014-09-25 Fascism exerted a crucial ideological and political influence across Europe and beyond Its appeal reached much further than the expanding transnational circle of fascists crossing into the territory of the mainstream authoritarian and traditional right Meanwhile fascism's seemingly inexorable rise unfolded against the backdrop of a dramatic shift towards dictatorship in large parts of Europe during the 1920s and especially 1930s These dictatorships shared a growing conviction that fascism was the driving force of a new post liberal fiercely nationalist and anti communist order The ten contributions to this volume seek to capture theoretically and empirically the complex transnational dynamic between interwar dictatorships This dynamic involving diffusion of ideas and practices cross fertilisation and reflexive adaptation muddled the boundaries between fascist and authoritarian constituencies of the interwar European right      *Republicanism, Religion, and the Soul of America* Ellis Sandoz, 2013-07-23 As debates rage over the place of faith in our national life Tocqueville's nineteenth century crediting of religion for shaping America is largely overlooked today Now in *Republicanism Religion and the Soul of America* Ellis Sandoz reveals the major role that Protestant Christianity played in the formation and early period of the American republic Sandoz traces the rise of republican government from key sources in Protestant civilization paying particular attention to the influence of the Bible on the Founders and the blossoming of the American mind in the eighteenth century Sandoz analyzes the religious debt of the emergent American community and its elevation of the individual person as unique in the eyes of the Creator He shows that the true distinction of American republicanism lies in its grounding of human dignity in spiritual individualism and an understanding of man's capacity for self government under providential guidance Along the way he addresses such topics as the neglected question of the education of the Founders for their unique endeavor common law constitutionalism the place of Latin and Greek classics in the Founders thought and the texture of religious experience from the Great Awakening to the Declaration of Independence To establish a unifying theoretical perspective for his study Sandoz considers the philosophical underpinnings of religion and the contribution that Eric Voegelin made to our understanding of religious experience He contributes fresh studies of the character of Voegelin's thought its relationship to Christianity his debate with Leo Strauss

over reason revelation and the meaning of philosophy and the theory of Gnosticism as basic to radical modernity He also provides a powerful account of the spirit of Voegelin's later writings contrasting the political scientist with the meditative spiritualist and offering new insight into volume 5 of *Order and History* Republicanism Religion and the Soul of America concludes with timely reflections on the epoch now unfolding in the shadow of Islamic jihadism Bringing a wide range of materials into a single volume it confronts current academic concerns with religion while offering new insight into the construction of the American polity and the heart of Americanism as we know it today Ideocracies in Comparison Uwe Backes, Steffen Kailitz, 2015-10-23 Ideocracies or ideological dictatorships such as the Third Reich the Soviet Union and the People's Republic of China have much more than any other kinds of autocracy characterized the history of the 20th century Despite their undeniable loss of significance ideocracies have not disappeared from the world in the 21st century This book explores the functioning of ideocracies and analyses the typical interplay of legitimation co-optation and repression which autocratic elites use in an attempt to stabilize their rule In the first part of the book the contributors discuss the conceptual history of the ideocracy notion The second part offers case studies pertaining to the Soviet State Italy the National Socialist Regime the German Democratic Republic the People's Republic of China North Korea and Cuba Finally the third part compares various ideocracies and draws together key themes Uniting the perspectives of history philosophy and political science through the use of case studies and systematic comparisons this book offers a unique examination of ideocracies both past and present which will be of interest to students and scholars researching political regimes political history and comparative politics as well as other disciplines *Karl Marx Prince of Darkness* George Fabian, 2011-10-25

**Apocalypse, Revolution and Terrorism** Jeffrey Kaplan, 2018-09-21 This book focuses on religiously driven oppositional violence through the ages Beginning with the 1st century Sicari it examines the commonalities that link apocalypticism revolution and terrorism occurring in Judaism Christianity and Islam past and present It is divided into two sections This was Then and This is Now which together examine the cultural and religious history of oppositional violence from the time of Jesus to the aftermath of the 2016 American election The historical focus centers on how the movements leaders and revolutionaries from earlier times are interpreted today through the lenses of historical memory and popular culture The radical right is the primary but not exclusive focus of the second part of the book At the same time the work is intensely personal in that it incorporates the author's experiences in the worlds of communist Eastern Europe in the Iranian Revolution and in the uprisings and wars in the Middle East and East Africa This book will be of much interest to students of religious and political violence religious studies history and security studies **Exchanging Terrorism Oxygen for Media**

**Airwaves: The Age of Terroredia** Eid, Mahmoud, 2014-03-31 Terroredia is a newly coined term by the editor Dr Mahmoud Eid to explain the phenomenal yet under researched relationship between terrorists and media professionals in which acts of terrorism and media coverage are exchanged influenced and fueled by one another *Exchanging Terrorism Oxygen for Media*

**Airwaves** The Age of Terroredia provides a timely and thorough discussion on a wide range of issues surrounding terrorism in relation to both traditional and new media Comprised of insights and research from leading experts in the fields of terrorism and media studies this publication presents various topics relating to Terroredia understanding of terrorism and the role of the media terrorism manifestations and media representations of terrorism types of terrorism and media stereotypes of terrorism terrorism tactics and media strategies the war on terrorism the function of terrorism and the employment of the media new terrorism and new media contemporary cases of terrorist media interactions the rationality behind terrorism and counterterrorism as well as the responsibility of the media This publication is of interest to government officials media professionals researchers and upper level students interested in learning more about the complex relationship between terrorism and the media

**Anatomy of the Red Brigades** Alessandro Orsini, 2011-04-15 The Red Brigades were a far left terrorist group in Italy formed in 1970 and active all through the 1980s Infamous around the world for a campaign of assassinations kidnappings and bank robberies intended as a concentrated strike against the heart of the State the Red Brigades most notorious crime was the kidnapping and murder of Italy's former prime minister Aldo Moro in 1978 In the late 1990s a new group of violent anticapitalist terrorists revived the name Red Brigades and killed a number of professors and government officials Like their German counterparts in the Baader Meinhof Group and today's violent political and religious extremists the Red Brigades and their actions raise a host of questions about the motivations ideologies and mind sets of people who commit horrific acts of violence in the name of a utopia In the first English edition of a book that has won critical acclaim and major prizes in Italy Alessandro Orsini contends that the dominant logic of the Red Brigades was essentially eschatological focused on purifying a corrupt world through violence Only through revolutionary terror Brigadists believed could humanity be saved from the putrefying effects of capitalism and imperialism Through a careful study of all existing documentation produced by the Red Brigades and of all existing scholarship on the Red Brigades Orsini reconstructs a worldview that can be as seductive as it is horrifying Orsini has devised a micro sociological theory that allows him to reconstruct the group dynamics leading to political homicide in extreme left and neonazi terrorist groups This subversive revolutionary feedback theory states that the willingness to mete out and suffer death depends in the last analysis on how far the terrorist has been incorporated into the revolutionary sect Orsini makes clear that this political religious concept of historical development is central to understanding all such self styled purifiers of the world From Thomas M ntzer's theocratic dream to Pol Pot's Cambodian revolution all the violent purifiers of the world have a clear goal to build a perfect society in which there will no longer be any sin and unhappiness and in which no opposition can be allowed to upset the universal harmony Orsini's book reconstructs the origins and evolution of a revolutionary tradition brought into our own times by the Red Brigades

**Sociological Theory** Alessandro Orsini, 2024-05-14 This textbook analyses the work of classical and contemporary sociological theorists The first part is dedicated to Comte Spencer Marx Durkheim Weber Pareto

and Simmel The second part covers the major contemporary sociological perspectives Functionalism Marxism Conflict Theory Symbolic Interactionism Phenomenological Sociology and Rational Choice Theory The third part is devoted to Postmodern Theory Feminist Theory Postcolonial Theory and Race Theory The author combines academic rigour with clear and accessible language offering students an in depth and extensive overview of the main recurring problems that have troubled sociological theory from its origins to the present day The textbook uses contemporary examples analysing how sociological theory can explain the most tragic phenomena of our time including the war in Ukraine the Israeli Palestinian conflict US China competition over Taiwan nuclear proliferation radicalization neofascism white suprematism jihadism and terrorism With pedagogic features aiding learning this book helps navigate the various approaches methods and research that divide sociologists into distinct schools This textbook is therefore an invaluable tool to any sociology student looking to gain a comprehensive understanding of the foundational thinkers that have shaped the discipline Modernity and Cultural Decline Matthew Alexandar Sarraf, Michael Anthony Woodley of Menie, Colin Feltham, 2019-12-05 This book argues that despite the many real advantages that industrial modernity has yielded including large gains in wealth longevity and possibly happiness it has occurred together with the appearance of a variety of serious problems Chief among these are probable losses in subjective existential purpose and increases in psychopathology A highly original theory of the ultimate basis of these trends is advanced which unites prior work in psychometrics and evolutionary science This theory builds on the social epistasis amplification model to argue that genetic and epigenetic changes in modernizing and modernized populations stemming from shifts in selective pressures related to industrialization have lowered human fitness and wellness

*American Military History* Daniel K. Blewett, 2008-12-30 In this companion volume to his 1995 bibliography of the same title Daniel Blewett continues his foray into the vast literature of military studies As did its predecessor it covers land air and naval forces primarily but not exclusively from a U S perspective with the welcome emergence of small wars from publishing obscurity In addition to identifying relevant organizations and associations Blewett has gathered together the very best in chronologies bibliographies biographical dictionaries indexes journals abstracts glossaries and encyclopedias each accompanied by a brief descriptive annotation This work remains a pertinent addition to the general reference collections of public and academic libraries as well as special libraries government documents collections military and intelligence agency libraries and historical societies and museums The Crisis of Modernity Augusto Del Noce, Carlo Lancellotti, 2014-12-01 In his native Italy Augusto Del Noce is regarded as one of the preeminent political thinkers and philosophers of the period after the Second World War The Crisis of Modernity makes available for the first time in English a selection of Del Noce's essays and lectures on the cultural history of the twentieth century Del Noce maintained that twentieth century history must be understood specifically as a philosophical history because Western culture was profoundly affected by the major philosophies of the previous century such as idealism Marxism and positivism Such philosophies became the secular neo gnostic surrogate

of Christianity for the European educated classes after the French Revolution and the next century put them to the practical test bringing to light their ultimate and necessary consequences One of the first thinkers to recognize the failure of Marxism Del Noce posited that this failure set the stage for a new secular technocratic society that had taken up Marx's historical materialism and atheism while rejecting his revolutionary doctrine Displaying Del Noce's rare ability to reconstruct intellectual genealogies and to expose the deep metaphysical premises of social and political movements *The Crisis of Modernity* presents an original reading of secularization scientism the sexual revolution and the history of modern Western culture

**Developing Next-Generation Countermeasures for Homeland Security Threat Prevention** Dawson, Maurice, Kisku, Dakshina Ranjan, Gupta, Phalguni, Sing, Jamuna Kanta, Li, Weifeng, 2016-08-30 In the modern world natural disasters are becoming more commonplace unmanned systems are becoming the norm and terrorism and espionage are increasingly taking place online All of these threats have made it necessary for governments and organizations to steel themselves against these threats in innovative ways *Developing Next Generation Countermeasures for Homeland Security Threat Prevention* provides relevant theoretical frameworks and empirical research outlining potential threats while exploring their appropriate countermeasures This relevant publication takes a broad perspective from network security surveillance reconnaissance and physical security all topics are considered with equal weight Ideal for policy makers IT professionals engineers NGO operators and graduate students this book provides an in depth look into the threats facing modern society and the methods to avoid them

*The Routledge History of Terrorism* Randall D. Law, 2015-03-27 Though the history of terrorism stretches back to the ancient world today it is often understood as a recent development Comprehensive enough to serve as a survey for students or newcomers to the field yet with enough depth to engage the specialist *The Routledge History of Terrorism* is the first single volume authoritative reference text to place terrorism firmly into its historical context Terrorism is a transnational phenomenon with a convoluted history that defies easy periodization and narrative treatment Over the course of 32 chapters experts in the field analyze its historical significance and explore how and why terrorism emerged as a set of distinct strategies tactics and mindsets across time and space Chapters address not only familiar topics such as the Northern Irish Troubles the Palestine Liberation Organization international terrorism and the rise of al Qaeda but also lesser explored issues such as American racial terrorism state terror and terrorism in the Middle Ages tyrannicide from Ancient Greece and Rome to the seventeenth century the roots of Islamist violence the urban guerrilla terrorism and state terror in Latin America literary treatments of terrorism With an introduction by the editor explaining the book's rationale and organization as well as a guide to the definition of terrorism an historiographical chapter analysing the historical approach to terrorism studies and an eight chapter section that explores critical themes in the history of terrorism this book is essential reading for all those interested in the past present and future of terrorism

**Death Before the Fall** Ronald E. Osborn, 2014-02-06 In this eloquent and provocative open letter to evangelicals Ronald Osborn wrestles with the

problem of biblical literalism and the ongoing challenge of animal suffering within an evolutionary understanding of the world Osborn forces us to ask hard questions not only of the Bible and church tradition but also and especially of ourselves

**Totality, Charisma, Authority** Mihai Murariu, 2016-10-24 This interdisciplinary endeavour portrays the central features of militant movements which hold totality as an important part of their doctrinal core Revisiting the importance of modernity utopianism eschatology charisma psychology and the history of ideas Mihai Murariu pursues a reconstruction of the historical requirements for the emergence of such movements Making a central use of the concept of totalism the work establishes a conceptual bridge from antiquity to the contemporary period whilst also arguing for the suitability of the term in comparison to totalitarianism or political religion The author also proposes a distinct taxonomy for structural elements variants and development phases which may be encountered in totalist movements

### **Revolutionary Apocalypse Ideological Roots Of Terrorism Introduction**

Revolutionary Apocalypse Ideological Roots Of Terrorism Offers over 60,000 free eBooks, including many classics that are in the public domain. Open Library: Provides access to over 1 million free eBooks, including classic literature and contemporary works. Revolutionary Apocalypse Ideological Roots Of Terrorism Offers a vast collection of books, some of which are available for free as PDF downloads, particularly older books in the public domain. Revolutionary Apocalypse Ideological Roots Of Terrorism : This website hosts a vast collection of scientific articles, books, and textbooks. While it operates in a legal gray area due to copyright issues, its a popular resource for finding various publications. Internet Archive for Revolutionary Apocalypse Ideological Roots Of Terrorism : Has an extensive collection of digital content, including books, articles, videos, and more. It has a massive library of free downloadable books. Free-eBooks Revolutionary Apocalypse Ideological Roots Of Terrorism Offers a diverse range of free eBooks across various genres. Revolutionary Apocalypse Ideological Roots Of Terrorism Focuses mainly on educational books, textbooks, and business books. It offers free PDF downloads for educational purposes. Revolutionary Apocalypse Ideological Roots Of Terrorism Provides a large selection of free eBooks in different genres, which are available for download in various formats, including PDF. Finding specific Revolutionary Apocalypse Ideological Roots Of Terrorism, especially related to Revolutionary Apocalypse Ideological Roots Of Terrorism, might be challenging as theyre often artistic creations rather than practical blueprints. However, you can explore the following steps to search for or create your own Online Searches: Look for websites, forums, or blogs dedicated to Revolutionary Apocalypse Ideological Roots Of Terrorism, Sometimes enthusiasts share their designs or concepts in PDF format. Books and Magazines Some Revolutionary Apocalypse Ideological Roots Of Terrorism books or magazines might include. Look for these in online stores or libraries. Remember that while Revolutionary Apocalypse Ideological Roots Of Terrorism, sharing copyrighted material without permission is not legal. Always ensure youre either creating your own or obtaining them from legitimate sources that allow sharing and downloading. Library Check if your local library offers eBook lending services. Many libraries have digital catalogs where you can borrow Revolutionary Apocalypse Ideological Roots Of Terrorism eBooks for free, including popular titles. Online Retailers: Websites like Amazon, Google Books, or Apple Books often sell eBooks. Sometimes, authors or publishers offer promotions or free periods for certain books. Authors Website Occasionally, authors provide excerpts or short stories for free on their websites. While this might not be the Revolutionary Apocalypse Ideological Roots Of Terrorism full book , it can give you a taste of the authors writing style. Subscription Services Platforms like Kindle Unlimited or Scribd offer subscription-based access to a wide range of Revolutionary Apocalypse Ideological Roots Of Terrorism eBooks, including some popular titles.

### FAQs About Revolutionary Apocalypse Ideological Roots Of Terrorism Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Revolutionary Apocalypse Ideological Roots Of Terrorism is one of the best book in our library for free trial. We provide copy of Revolutionary Apocalypse Ideological Roots Of Terrorism in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Revolutionary Apocalypse Ideological Roots Of Terrorism. Where to download Revolutionary Apocalypse Ideological Roots Of Terrorism online for free? Are you looking for Revolutionary Apocalypse Ideological Roots Of Terrorism PDF? This is definitely going to save you time and cash in something you should think about.
