Taylor, Alison Li**

Long Way From Home The Tuberculosis Epidemic Among The Inuit:

Long Way from Home Pat Sandiford Grygier, 1994-10-24 Based on recollections of patients interviews with participants in the government programs available literature and statistics and records of the Northern Affairs Program Grygier examines the programs for the Inuit in all parts of Canada She also explores the history of tuberculosis in Canada conditions of life in the North for both Inuit and non Natives and the development and modification of government administration of the North This important study will be of interest to those in Native and northern studies Canadian social and political history and the history of medicine in Canada **A Long Way from Home** ,1997 **Jessie Luther at the Grenfell Mission** Jessie

Luther, 2001 Strongly influenced by the arts and crafts movement the New England artist Jessie Luther began her crafts career as director of the Labor Museum at Hull House Chicago at the invitation of the social reformer Jane Addams In 1906 she was recruited by Dr Wilfred Grenfell the medical missionary to teach weaving to women at St Anthony a small community at the northern tip of Newfoundland and for four years she painstakingly laid the groundwork for a variety of craft industries Jessie Luther at the Grenfell Mission is an annotated edition of a travel journal that Luther wrote from 1906 to 1910 **A Surgeon in the Army of the Potomac** Francis M. Wafer, 2008-04-15 Lured across the border by promises of opportunity and

adventure Francis M Wafer a young student from Queen s Medical College in Kingston joined the Union s army of the Potomac as an assistant surgeon From the battle of the Wilderness to the closing campaigns Wafer was both participant and chronicler of the American Civil War **Ethnopsychiatry** Henri F. Ellenberger, 2020-12-17 What is the relationship between culture and mental health Is mental illness universal Are symptoms of mental disorders different across social groups In the late 1960s these questions gave rise to a groundbreaking series of articles written by the psychiatrist Henri Ellenberger who would go on to publish *The Discovery of the Unconscious The History and Evolution of Dynamic Psychiatry* in 1970 Fifty years later they are presented for the first time in English translation introduced by historian of science Emmanuel Delille *Ethnopsychiatry* explores one of the most controversial subjects in psychiatric research the role of culture in mental health In his articles Ellenberger addressed the complex clinical and theoretical problems of cultural specificity in mental illness collective psychoses differentiations within cultural groups and biocultural interactions He was especially attuned to the correlations between rapid cultural transformations in postwar society urbanization and the frequency of mental illness Ellenberger drew from a vast and varied primary and secondary literature in several languages as well as from his own findings in clinical practice which included work with indigenous peoples In analyzing Ellenberger s contributions Delille unveils the transnational and interdisciplinary origins of transcultural psychiatry which grew out of knowledge networks that crisscrossed the globe The book has a rich selection of appendices including Ellenberger s lecture notes on a case of peyote addiction and his correspondence with anthropologist and psychoanalyst Georges Devereux These original essays and their masterful contextualization provide a compelling introduction to the foundations of transcultural psychiatry and one of its

most distinguished and prolific researchers **St Mary's** E.A. Heaman,2003-05-08 Focusing on St Mary's hospital London's great teaching hospital and traditionally the pre-eminent site for medical education in England E.A. Heaman traces the emergence of the modern scientific teaching hospital and the intellectual, social and political forces shaping it. Examining the social problems connected with health and the political debates around these problems at both the local parish level and on the national stage Heaman explains how and why hospitals like St Mary's originally charitable institutions for the poor began to admit middle class patients and eventually came under a national health insurance scheme *For Patients of Moderate Means* David Paul Gagan, Rosemary Ruth Gagan, 2002 Between 1890 and 1910 scientific and technological innovation transformed the custodial Victorian charity hospital for the sick poor into the primary source of effective acute medical care for all members of society. For the next half century hospitals coped with relentlessly escalating demands for accessibility by both medical indigents and a new clientele of patients able and willing to pay for hospitalization. With limited statutory revenues and unpredictable voluntary support hospitals taxed paying patients through ever increasing user fees offering in return privacy, comfort, service and medical attendance in private and semi-private wards that were more appealing to middle class patients than the stark and grudging service of the public wards *J.B. Collip and the Development of Medical Research in Canada* Alison Li, 2003-10-27 In the early years of the twentieth century medical research in Canada was the job of a select few. By mid-century it had grown into a systematic large-scale venture that involved teams of professional scientists and dozens of laboratories in universities, government and industry. J.B. Collip, skilled both as a bench scientist and an entrepreneur, played a leading role in this transformation. In *J.B. Collip and the Development of Medical Research in Canada* Alison Li details how Collip leapt into prominence in 1921-22 as part of the team at the University of Toronto that isolated insulin. When the Nobel Prize was awarded to Frederick Banting and J.J.R. Macleod in 1923 Banting announced he was sharing his award with Charles Best; Macleod in turn announced he was sharing his award with Collip. Collip was known for his remarkable skills in making hormone extracts, many of which proved to have therapeutic and therefore commercial value. At McGill University in the 1930s he headed a thriving research group that carried out investigations of the pituitary and sex hormones, including development of one of the first orally active estrogen products. Collip's story sheds light on early negotiations between academic science and the pharmaceutical industry and on the complexities of sustaining a research laboratory before the rise of government funding. As the head of the National Research Council's medical research division during its formative years Collip helped shape the foundations of organized support for medical research in Canada *An Ambulance on Safari* Melissa Diane Armstrong, 2020-10-22 During the apartheid era thousands of South African political activists, militants and refugees fled arrest by crossing into neighbouring southern African countries. Although they had escaped political oppression many required medical attention during their period of exile. *An Ambulance on Safari* describes the efforts of the African National Congress (ANC) to deliver emergency healthcare to South African exiles and in the same

stroke to establish political legitimacy and foster anti apartheid sentiment on an international stage Banned in South Africa from 1960 to 1990 the ANC continued its operations underground in anticipation of eventual political victory styling itself as a government in waiting In 1977 it created its own Health Department which it presented as an alternative medical service and the nucleus of a post apartheid healthcare system By publicizing its own democratic policies as well as the racist practices of healthcare delivery in South Africa the Health Department won international attention for its cause and provoked widespread condemnation of the apartheid state While the global campaign was unfolding successfully the department s provision of healthcare on the ground was intermittent as patients confronted a fledgling medical system experiencing various growing pains Still the legacy of the department would be long as many medical professionals who joined the post apartheid Department of Health in South Africa had been trained in exile during the liberation struggle With careful attention to both the international publicity campaign and on the ground medical efforts An Ambulance on Safari reveals the intricate and significant political role of the ANC s Health Department and its influence on the anti apartheid movement

Push! Ivy Lynn Bourgeault,2006 In Push Ivy Lynn Bourgeault details the struggles to integrate midwifery in Ontario the first Canadian province to regulate the profession *Women, Health, and Nation* Georgina Feldberg,Molly Ladd-Taylor,Alison Li,2003-04-16 Authors provide a much needed analysis of the dynamic decades after 1945 when both Canada and the United States began using federal funds to expand health care access and biomedical research and authority reached new heights Focusing on a wide range of issues including childbirth abortion and sterilization palliative care pharmaceutical regulation immigration and Native health care these essays illuminate the ironic promise of biomedicine postwar transformations in reproduction the varied work and belief systems of female health care providers and national differences in women s health activism Contributors include Aline Charles Laval University Barbara Clow independent scholar Laura E Ettinger Clarkson University Georgina Feldberg York University Karen Flynn York University Vanessa Northington Gamble Association of American Medical Colleges Elena R Guti rrez University of Illinois Chicago Molly Ladd Taylor York University Alison Li independent scholar Maureen McCall physician Nepal Michelle L McClellan University of Georgia Kathryn McPherson York University Dawn Dorothy Nickel University of Alberta Heather Munro Prescott Central Connecticut State University Leslie J Reagan University of Illinois Urbana Champaign Susan M Reverby Wellesley College Susan L Smith University of Alberta Ann Starr visual artist and writer and Judith Bender Zelmanovits York University

Sadly Troubled History John C. Weaver,2009-04-01 More people die by suicide each year than by homicide wars and terrorist attacks combined Witnesses and survivors are left perplexed and troubled Doctors clinical psychologists and social workers try to deal with it through their professional routines sociologists and psychiatrists attempt to provide theoretical explanations of it In a study of nearly 7000 suicides from 1900 to 1950 in New Zealand and Queensland Australia John Weaver documents the challenges that ordinary people experienced during turbulent times and using witnesses testimony

death bed statements and suicide notes reconstructs individuals thoughts as they decide whether to endure their suffering

Bridging social and medical history Weaver presents an intellectual and political history of suicide studies a revealing construction and deconstruction of suicide rates a discussion of gender life stages and socio economic circumstances in relation to suicide patterns reflections on reasoning processes and intent and society s reactions to suicide including medical intervention

A Sadly Troubled History marshals thousands of suicide inquests replete with observations on the anxieties of unemployment the heartbreak of romantic disappointment the pain of domestic turmoil and the torments of mental illness to demonstrate that history although like biochemistry sociology psychology and psychiatry reliant on remarkable yet imperfect information can contribute to a better understanding of the suicidal act and its motives

Carving a Niche Luz María Hernández Sáenz, 2018-02-28 The beginning of the Mexican War of Independence in 1810 triggered radical political social and economic changes including the reorganization of the medical profession During this tumultuous period of transition physicians and surgeons merged in an effort to monopolize the field and ensure their professional survival in a postcolonial liberal republic Carving a Niche traces the evolution of various medical occupations in Mexico from the end of the colonial period to the beginning of the regime of Porfirio Díaz demonstrating how competition and collaboration identity ever changing legislation political instability and foreign intervention resulted in a complex gradual and unique process of medical professionalization one that neither conformed to theoretical models nor resembled hierarchies found in other parts of the world Through extensive research Luz María Hernández Sáenz analyzes the uphill struggle of practitioners to claim their place as public health experts and to provide and control medical education in the face of seemingly insurmountable odds Highlighting the significance of race class gender and nationality Carving a Niche demonstrates that in the case of Mexico liberal reforms praised by traditional works often hindered rather than promoted the creation of a modern medical profession and the delivery of quality health care services

SARS Unmasked Michael G. Tyshenko, Cathy Paterson, 2010-03-19 Severe Acute Respiratory Syndrome SARS was the first global pandemic of the twenty first century spreading within weeks from southern China to over thirty seven countries around the world In Canada intense news media coverage had a profound impact on how the disease was perceived with frontline health care workers despite their heroic efforts stigmatized due to their contact with patients

Behead and Cure Susan Armstrong-Reid, 2025-11-14 The war in Vietnam was an ethical minefield for the medical humanitarians who volunteered to treat the injured and dying The United States government used humanitarian aid as a counterinsurgency strategy and weapon of war The Vietnamese people could not understand why the Americans and their allies sought at once to attack them and to save them by providing medical care Civilian medical teams increasingly questioned their complicity in the war and whether neutrality was possible Behead and Cure explores the ethics of humanitarianism in Vietnam through the stories of seven medical teams from the United States Britain Canada and Australia Non combatant women played key roles in all aspects of caring for civilians this book repositions them from the

sidelines of the Vietnam War to the centre Drawing on interviews and first hand accounts Susan Armstrong Reid considers how personality life experience place and the culture of medical teams affected women s professional and personal lives in Vietnam and their lives afterwards Confronted daily with the horrors of war they were expected to fulfill their gendered roles as purveyors of Western medical care humanitarian ambassadors and models of femininity Some proved resilient and pursued a lifelong commitment to peace movements and humanitarian causes Others suffered burnout and sought to expunge the memory of their years in Vietnam Behead and Cure provides a new perspective on the ethical dilemmas facing humanitarian workers and the collateral human costs of war that remain timely today It reveals how the experience of Vietnam changed humanitarians views of their profession their own countries foreign policies and the place of the United States in the world

Psychedelic Prophets Cynthia Carson Bisbee,Paul Bisbee,Erika Dyck,Spisak Sexton James Spisak Spisak Patrick Farrell,2018-11-30 Aldous Huxley 1894 1963 was the author of nearly fifty books and numerous essays best known for his dystopian novel Brave New World Humphry Osmond 1917 2004 was a British trained psychiatrist interested in the biological nature of mental illness and the potential for psychedelic drugs to treat psychoses especially schizophrenia In 1953 Huxley sent an appreciative note to Osmond about an article he and a colleague had published on their experiments with mescaline which inspired an initial meeting and decade long correspondence This critical edition provides the complete Huxley Osmond correspondence chronicling an exchange between two brilliant thinkers who explored such subjects as psychedelics the visionary experience the nature of mind human potentialities schizophrenia death and dying Indigenous rituals and consciousness socialism capitalism totalitarianism power and authority and human evolution There are references to mutual friends colleagues and eminent figures of the day as well as details about both men s personal lives The letters bear witness to the development of mind altering drugs aimed at discovering the mechanisms of mental illness and eventually its treatment A detailed introduction situates the letters in their historical social and literary context explores how Huxley and Osmond first coined the term psychedelic contextualizes their work in mid century psychiatry and reflects on their legacy as contributors to the science of mind altering substances *Psychedelic Prophets* is an extraordinary record of a full correspondence between two leading minds and a testament to friendship intellectualism empathy and tolerance The fact that these sentiments emerge so clearly from the letters at a historical moment best known for polarizing ideological conflict threats of nuclear war and the rise of post modernism reveals much about the personalities of the authors and the persistence of these themes today

Ontario Cancer Institute Ernest A. McCulloch,2003 In The Ontario Cancer Institute Ernest McCulloch discusses how the institute dedicated to the goal of reducing the burden of cancer continuously strove for excellence and shows how both original and collaborative work were encouraged within a supportive environment To achieve this goal the institute divided its operation into four strands two of the strands were the research areas the study of advanced radiation therapy and biology which worked separately but cooperatively a third was patient care and the fourth element

was leadership provided by the clinical chiefs the heads of the research divisions and the administration in particular the institute's first administrator John Law Together these strands helped create a philosophy that made the Ontario Cancer Institute unique and provided the basis for its national and international success Essential to these successes was a new graduate department Medical Biophysics based in the University of Toronto School of Graduate Studies This department which provided an innovative research based doctoral and masters program meant that the OCI could accurately be described as a centre for cancer treatment research and education McCulloch describes how the first quantitative assay for stem cells played a major role in bringing OCI research to the international stage as well as influencing other science and much of the clinical thinking in the Institute Other major advances that brought international recognition have been the identification of the mechanisms that allow cancer cells to resist death from the effects of a variety of different tumours and the isolation of the gene that encodes the T cell receptor a critical part of the immune apparatus for dealing with foreign cells and viruses McCulloch also details how lack of space to meet growing demands was a continuing source of frustration and disagreement and how sometimes serious interpersonal problems hindered the forward thrust of development Describing these events as well as institute's successes he provides an insight into the history of Canada's premier cancer research centre

Sorrows of a Century John C. Weaver, 2013-12-01 In *Sorrows of a Century* John Weaver describes how personal relationships work poverty war illness and legal troubles have driven thousands to despair His study is set in twentieth century New Zealand where in spite of high standards of living and a commitment to social welfare citizens have experienced the profound losses and stresses of the human condition Focusing on New Zealand because it has the most comprehensive and accessible coroners records Weaver analyzes a staggering amount of information to determine the social and cultural factors that contribute to suicide rates He examines the country's investigations into sudden deaths places them within the context of major events and societal changes and turns to witnesses statements suicide notes and medical records to remark on prevention strategies His extensive survey of twelve thousand cases also provides an insightful assessment of psychiatry and psychology in the last century In reviewing the motives and methods of suicide Weaver points out the complications facing deterrence Moving beyond the timeless present of the social sciences and the irrationality emphasized in psychology

Sorrows of a Century marshals testimony to highlight the historical context and rational conduct behind suicide Expelling the Plague Zlata Blazina Tomic, Vesna Blazina, 2015-04-17 A vibrant city state on the Adriatic sea Dubrovnik also known as Ragusa was a hub for the international trade between Europe and the Ottoman Empire As a result the city suffered frequent outbreaks of plague Through a comprehensive analysis of these epidemics in Dubrovnik *Expelling the Plague* explores the increasingly sophisticated plague control regulations that were adopted by the city and implemented by its health officials In 1377 Dubrovnik became the first city in the world to develop and implement quarantine legislation and in 1390 it established the earliest recorded permanent Health Office The city's preoccupation with plague control and the powers granted to its

Health Office led to a rich archival record chronicling the city's experience of plague its attempts to safeguard public health and the social effects of its practices of quarantine prosecution and punishment These sources form the foundation of the authors analysis in particular the manuscript Libro deli Signori Chazamorbi 1500 30 a rare health record of the 1526 27 calamitous plague epidemic Teeming with real people across the spectrum including gravediggers laundresses and plague survivors it contains the testimonies collected during trial proceedings conducted by health officials against violators of public health regulations Outlining the contributions of Dubrovnik in conceiving and establishing early public health measures in Europe Expelling the Plague reveals how health concerns of the past greatly resemble contemporary anxieties about battling epidemics such as SARS avian flu and the Ebola virus

Labrador Memoir of Dr Harry Paddon, 1912-1938 Harry Paddon, 2003 Dr Harry Paddon's memoir is an extensive account of life in Labrador prior to its entry into Confederation As the Grenfell Mission's principal physician for over twenty five years Dr Paddon travelled extensively throughout Labrador by both dog team and boat Through his journals he fashions a portrait of Labrador society in accord with the traditional rhythms of trapping and fishing as it was before the onset of industrial development He also chronicles the demands of northern medicine in response to pervasive threats such as tuberculosis and deficiency diseases including a moving description of the Spanish Flu epidemic of 1918 19 Paddon's memoir gives the reader a sense of the resident Innu Inuit and settler communities as well as the prevailing institutions of non governmental authority the Hudson's Bay Company the Moravian Mission and the International Grenfell Association At a time when Labrador is undergoing further industrial development and social change his writings carefully edited and annotated by Ronald Rompkey the biographer of Sir Wilfred Grenfell capture the heart of the region and its people

Long Way From Home The Tuberculosis Epidemic Among The Inuit Introduction

In today's digital age, the availability of Long Way From Home The Tuberculosis Epidemic Among The Inuit books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Long Way From Home The Tuberculosis Epidemic Among The Inuit books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Long Way From Home The Tuberculosis Epidemic Among The Inuit books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Long Way From Home The Tuberculosis Epidemic Among The Inuit versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Long Way From Home The Tuberculosis Epidemic Among The Inuit books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Long Way From Home The Tuberculosis Epidemic Among The Inuit books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These

books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Long Way From Home The Tuberculosis Epidemic Among The Inuit books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Long Way From Home The Tuberculosis Epidemic Among The Inuit books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Long Way From Home The Tuberculosis Epidemic Among The Inuit books and manuals for download and embark on your journey of knowledge?

FAQs About Long Way From Home The Tuberculosis Epidemic Among The Inuit Books

What is a Long Way From Home The Tuberculosis Epidemic Among The Inuit PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a Long Way From Home The Tuberculosis Epidemic Among The Inuit PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Long Way From Home The Tuberculosis Epidemic Among The Inuit PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf,

also offer basic editing capabilities. **How do I convert a Long Way From Home The Tuberculosis Epidemic Among The Inuit PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a Long Way From Home The Tuberculosis Epidemic Among The Inuit PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
