Politics Kalika Shah,2019-12-20 This book aims at analysing the fiction produced by the expatriate Parsee writers of the Indian subcontinent Bapsi Sidhwa Rohinton Mistry and Boman Desai These Parsee writers of the South Asian origin have emigrated to Canada and USA in the latter part of the twentieth century Their works offer several possibilities seen from the multicultural point of view The fiction of these Parsee diasporic writers examines the problem of migration relocation and changing identities from a vantage point of distance gained by an insider s view of their community and an outsider s view from the host country Dislocations even when voluntary always have a traumatic side to it due to the process of acculturation assimilation into or differences with the host country and the issue of rights and privileges in the new location For the diasporic communities of different backgrounds their memory history and cultural beliefs are the important factors that determine their identities These Parsee novels demonstrate how individual and group collective identities of the Parsees get constructed and reconstructed redefined against the changing multinational contexts *The Chronicles of America Series: Immigration and labor* ,1920 **Writing the Roaming Subject** Joanne Saul,2006-01-01 Writing the Roaming Subject explores issues of identity formation representation and resistance in Canada and suggests that these are particularly crucial questions during a period of Canadian literary history **Metropolis** Robert Zecker,2007-12-30 Ever since the rise of mass culture the idea of The City has played a central role in the nation s imagined landscape While some writers depict the city as a site of pleasure and enjoyment the thrills provided there are still generally of an illicit nature and it is this darker strain of urban fiction one that illuminates many of the larger fears and anxieties of America at large that this book addresses From *The Wire* s Baltimore to Martin Scorsese s New York from the Newark of Philip Roth and *The Sopranos* to Jeffrey Eugenides s Detroit The City is everywhere and everywhere proclaiming on the rise and Around 1900 writers for Harper s Century and other magazines took middle class Americans on safari through Little Italy and the Jewish Lower East Side Later at the dawn

of the talkies one of the most popular genres was the gangster film through which the city was often portrayed as a powerful force that sent poor souls to their doom With the urban disturbances of the 1960s popular culture took another look at the city and decided that from Detroit to Watts to Harlem the problem had a different face Blaxploitation classics such as Shaft and Fort Apache the Bronx as well as police and crime films of the 60s and 70s offered a cinematic exclamation point to the famous Daily News headline Ford to New York Drop Dead Later filmmakers offered a more nuanced view of the city with Scorsese and Coppola paying homage to an old neighborhood of wise guys and goodfellas and Woody Allen offering the city as a home of urban aesthetes Meanwhile on television crime shows from The Streets of San Francisco to NYPD Blue Cops and all the CSI programs have for decades rooted their separate identities in the crime ridden city itself Yesterday s foreign threat to the body politic is today s jaded suburbanite and this work also considers the current development of the cyber city where urban exiles use their computers to re imagine the cities of their youth as safe warm places where we never locked our doors The City continues to thrill and repulse and even the Internet once again reduces the mean streets to a titillating story arc

context of its impact on contemporary society seems to be the best way to do it How the different media view it the degree to which the public has been influenced to view the question of immigration in the United States Europe and elsewhere are included in the issues discussed analyzed and elaborated on as we attempt to look at the process of immigration legal and illegal from the standpoint of its impact on society as a whole If some of the stories seem to be familiar it is because the people are real and the things they talk about actually happened They are essentially true stories told by people who want to share their real life experiences Only in a few instances have names been changed to protect the identities of those involved
