Eric Shepherd, 2014-12-26 Most people wish they could get a second chance in life A do over and correct those mistakes that now lay hidden or buried in their closet They wish they could hide all those painful memories and lock them all away into a box Buried them so deep hoping they never resurface rather than too face them at all EJ Stuart is just such a person yet his memories are not the same nor are the hardships of abuse caused by a broken home the same as another man s down the street His nightmares are worlds apart than any man has ever faced He dreams of darkness everlasting darkness so evil that it can tear a man s mind apart Death to some is only a beginning to something else but what if it was designed to change the outcome entirely yes a redo But what of the cost and are you willing to pay for it even if it is your very soul is at stake EJ Stuart as man now a statuses quo in this world is given the opportunity But first he must choose to as he sits one last time on porch alone waging war with his darkest thoughts That brought him to this stage of life which hunts his dreams and has now entered his waking state Which will he chose Death or a chance to change his destiny forever knowing his very soul is at stake Knowing he could never come back Knowing his life could be changed forever and others around him For this choice is a gift which can only be obtained Behind the Looking Glass Where worlds such as Nightmares Monsters and Fairytales are real and some or seeking his very soul others are asking for help his help to save his and their world from the grasp of evil Choose well **Looking Glass Universe** John Briggs, F. Society Ian Robertson, 1989 This concise elegantly written paperback volume on the essential elements of sociology is perfect as the sole textbook for a brief introductory course or as a core text to be supplemented with other readings. This Sex which is Not One Luce Irigaray, 1985 In eleven acute and widely ranging essays Irigaray reconsiders the question of female sexuality in a variety of contexts that are relevant to current discussion of feminist theory and practice. The Cracked Lookingglass Albert Wachtel, 1992 There are basic problems and if we can't solve them we should hold off on theorizing. To begin at the beginning what was Father Flynn's great wish for the boy in *The Sisters*? The uncle thinks he knows but is he right? Can we be sure? How? And how about the beginning and end of *An Encounter*? How do they fit together? What is the specific import to the boy in *Araby* of the shards of conversation between the salesgirl and the Britishers? Can we or Eveline be certain of Frank's motives in her story? If not what relevance do they have? And how in *A Portrait of the Artist as a Young Man* do Stephen's use and understanding of art evolve? In what crucial respects do they fall short of the understanding a careful reader of the novel can attain? What in *Ulysses* does Buck Mulligan have in mind when he demands twopence for a pint of what? And in what ways are Bloom's ruminations about things like mity cheese that digests all but itself and saltwater fish? Why is it that they are not crucial to the novel? There are bigger questions. What roles do all the accidental occurrences play? Do they heighten or diminish causality and probability? What are the functions of allusion and stylistic experimentation? Is there any overriding significance to the whole? Is there a didactic component in Joyce's writing? If so is the didactic element a flaw in his art? What is the relationship between art and instruction in Joyce and in general? Is good didactic art a contradiction in terms? These latter questions are enticing but to speculate, theorize, deconstruct or decontextualize Joyce's works with regard to them without a firm understanding and perhaps even answers to the vital though sometimes seemingly trivial former questions is to abrogate critical responsibility and relinquish what one of the formative giants of the twentieth century has to say to us. When relevant the former are almost always answerable and the mundane answers often surprising are frequently crucial not only for answering the latter questions but for fresh insight into both Joyce's world and our own. By mapping routes to the revelations such mundane facts yield *The Cracked Lookingglass* establishes a firm base for future interpretations of Joyce's stories from *Dubliners* through *Ulysses*. It approaches his works as fictional histories grounding its exemplary readings in relationships among the underlying facts of Joyce's created worlds. The study presents both a method of inquiry and as examples of its fruit some of the ways in which the apparent undiscoverables of Joyce's fiction disclose new and indisputable insights into his characters and stories and through them our world. The approach opens avenues of access

to the depths of Dubliners to the assessments of art religion and human relationships in A Portrait of the Artist as a Young Man to the necessitous underpinnings of Joyce's experimentation in Ulysses the ground and justification of his uses of psychocausal chance the mythical method and the seemingly gratuitous stylistic experiments that mirror our lives and suggest new directions for them Catalog of Information on Water Data: Interior Province Geological Survey (U.S.).
