**Professors Behaving Badly** John M. Braxton,Eve M. Proper,Alan E. Bayer,2011-12-01 A faculty member publishes an article without offering coauthorship to a graduate assistant who has made a substantial conceptual or methodological contribution to the article A professor does not permit graduate students to express viewpoints different from her own A graduate student close to finishing his dissertation cannot reach his traveling advisor a circumstance that jeopardizes his degree This book discusses these and other examples of faculty misconduct and how to avoid them Using data collected through faculty surveys the authors describe behaviors associated with graduate teaching which are considered inappropriate and in violation of good teaching practices They derive a normative structure that consists of five inviolable and eight admonitory proscriptive criteria to help graduate faculty make informed and acceptable professional choices The authors discuss the various ways in which faculty members acquire the norms of teaching and mentoring including the graduate school socialization process role models disciplinary codes of ethics and scholarship about the professoriate and professional performance Analyzing the rich data gleaned from the faculty surveys they track how these norms are understood and interpreted across academic disciplines and are influenced by such factors as gender citizenship age academic rank tenure research activity and administrative experience

**The Chicago Guide to Your Academic Career** John A. Goldsmith,John Komlos,Penny Schine Gold,2010-04-15 Is a career as a professor the right choice for you If you are a graduate student how can you clear the hurdles successfully and position yourself for academic employment What s the best way to prepare for a job interview and how can you maximize your chances of landing a job that

suits you What happens if you don't receive an offer How does the tenure process work and how do faculty members cope with the multiple and conflicting day to day demands With a perpetually tight job market in the traditional academic fields the road to an academic career for many aspiring scholars will often be a rocky and frustrating one Where can they turn for good frank answers to their questions Here three distinguished scholars with more than 75 years of combined experience talk openly about what's good and what's not so good about academia as a place to work and a way of life Written as an informal conversation among colleagues the book is packed with inside information about finding a mentor avoiding pitfalls when writing a dissertation negotiating the job listings and much more The three authors distinctive opinions and strategies offer the reader multiple perspectives on typical problems With rare candor and insight they talk about such tough issues as departmental politics dual career marriages and sexual harassment Rounding out the discussion are short essays that offer the inside track on financing graduate education publishing the first book and leaving academia for the corporate world This helpful guide is for anyone who has ever wondered what the fascinating and challenging world of academia might hold in store

**Mothers Who Deliver** Jocelyn Fenton Stitt, Pegeen Reichert Powell, 2012-02-01 Mothers Who Deliver Feminist Interventions in Public and Interpersonal Discourse brings together essays that focus on mothering as an intelligent practice deliberately reinvented and rearticulated by mothers themselves The contributors to this watershed volume focus on subjects ranging from mothers in children's picture books and mothers writing blogs to global maternal activism and mothers raising gay sons Distinguishing itself from much writing about motherhood today Mothers Who Deliver focuses on forward looking arguments and new forms of knowledge about the practice of mothering instead of remaining solely within the realm of critique Together the essays create a compelling argument about the possibilities of empowered mothering

**Professor Mommy** Kristen Ghodsee, Rachel Connelly, 2011-07-01 Professor Mommy is a guide for women who want to combine the life of the mind with the joys of motherhood The book provides practical suggestions gleaned from the experiences of the authors together with those of other women who have successfully combined parenting with professorships Professor Mommy addresses key questions when to have children and how many to have what kinds of academic institutions are the most family friendly how true or not true are the beliefs that many people hold about academic life and so on for women throughout all stages of their academic careers from graduate school through full professor The authors follow the demands of motherhood all the way from infancy to the teenage years At each stage the authors offer invaluable advice and tested strategies for juggling the demands and achieving the rewards of an academic career and motherhood Written in clear jargon free prose the book is accessible to women in all disciplines with concise chapters for the time constrained academic The book s

conversational tone is supplemented with a review of the most current scholarship on work family balance and a survey of emerging family friendly practices at U S colleges and universities Professor Mommy asserts that the faculty mother has become and will remain a permanent fixture on the landscape of the American academy The paperback edition features a new preface that brings the book into conversation with Sheryl Sandberg s Lean In and Anne Marie Slaughter s Why Women Still Can t Have It All as well as a new afterword providing specific suggestions for institutional change **Awakenings** Bernard Koloski,2009-12 No other American book was so maligned neglected for so long and then embraced so quickly and with such enthusiasm as Kate Chopin s 1899 novel The Awakening For the twelve scholars whose essays make up this collection reading the novel was a life changing event Awakenings explains how as graduate students and young college instructors they carried out some of the basic research thought through some of the critical approaches and developed some of the present directions for reading studying and teaching Kate Chopin a foundation narrative that focuses on what happened a generation ago and why **Be Visible Or Vanish** Inger Mewburn,Simon Clews,2023-05-09 The world of the academic researcher is changing it used to be enough to work hard do your research and get your results published Not so these days Universities now expect researchers to share their work with the world as widely as possible Publish or perish has been replaced by a new mantra and the pressure is on In this insightful book Inger Mewburn and Simon Clews look at some of the most common presentation scenarios that researchers will face when talking about their work Starting in academia with the deceptively simple art of writing a good email and working through lectures conference presentations and lightning talks the book then moves off campus and explores talking to the media making elevator pitches and creating an effective digital presence on social media Offering detailed looks at 19 different presentation formats Mewburn and Clews tap into their vast experience in the field to analyse the challenges and opportunities aligned with each case study and to map out the route to success With a lightness of touch and an often humorous approach Be Visible Or Vanish Engage Influence and Ensure Your Research Has Impact will show you what it takes to achieve that holy grail of modern academia impact This text will be invaluable for students academics and researchers hoping to effectively communicate complex information in a way that can be understood and appreciated by their peers colleagues and the wider world The Insider Guides to Success in Academia offers support and practical advice to doctoral students and early career researchers Covering the topics that really matter but which often get overlooked this indispensable series provides practical and realistic guidance to address many of the needs and challenges of trying to operate and remain in academia These neat pocket guides fill specific and significant gaps in current literature Each book offers insider perspectives on the often implicit rules of the game the things you need to know but usually aren t told by institutional postgraduate support researcher development units or supervisors and will address a practical topic that is key to career progression They are essential reading for doctoral students early career researchers supervisors mentors or anyone looking to launch or maintain their career in academia *Traveling*

*through the Boondocks* Terry Caesar, 2000-07-03 Wry and honest essays on the everyday conditions of professional life at a second rate university with implications for our understanding of higher education in general *Tenure in the Sacred Grove* Joanne E. Cooper, Dannelle D. Stevens, 2002-02-19 A treasure trove of information for women and minorities in the academy who are beginning their quest for tenure *Do Babies Matter?* Mary Ann Mason, Nicholas H. Wolfinger, Marc Goulden, 2013-06-13 The new generation of scholars differs in many ways from its predecessor of just a few decades ago Academia once consisted largely of men in traditional single earner families Today men and women fill the doctoral student ranks in nearly equal numbers and most will experience both the benefits and challenges of living in dual income households This generation also has new expectations and values notably the desire for flexibility and balance between careers and other life goals However changes to the structure and culture of academia have not kept pace with young scholars desires for work family balance *Do Babies Matter* is the first comprehensive examination of the relationship between family formation and the academic careers of men and women The book begins with graduate students and postdoctoral fellows moves on to early and mid career years and ends with retirement Individual chapters examine graduate school how recent PhD recipients get into the academic game the tenure process and life after tenure The authors explore the family sacrifices women often have to make to get ahead in academia and consider how gender and family interact to affect promotion to full professor salaries and retirement Concrete strategies are suggested for transforming the university into a family friendly environment at every career stage The book draws on over a decade of research using unprecedented data resources including the Survey of Doctorate Recipients a nationally representative panel survey of PhDs in America and multiple surveys of faculty and graduate students at the ten campus University of California system [Writing for Scholarly Publication](#) Christine Pears Casanave, Stephanie Vandrick, 2003-10-17 This collection of first person essays by established authors provides a wealth of support and insights for new and experienced academic writers in language education and multicultural studies Although writing for publication is becoming increasingly important as these fields become both more professional and more competitive few scholars talk candidly about their experiences negotiating a piece of writing into print These essays will help researchers practitioners and graduate students expand their understanding of what it means professionally and personally to write for publication Carefully crafted focused and provocative the chapters in this volume document authors experiences with a range of practical political and personal issues in writing for publication Many portray the hardship and struggle that are not obvious in a finished piece of writing Readers are encouraged to resonate with the events and issues portrayed and to connect the narratives to their own lives Practical information such as contact information for journal and book publishers manuscript guidelines and useful books are included in appendices Although organized thematically the essays in *Writing for Scholarly Publication* Behind the Scenes in Language Education overlap in many ways as each author considers multiple issues In the Introduction the editors discuss key aspects of writing for scholarly publication such as writing as situated

practice issues faced by newcomers the construction of personal identity through writing writing and transparency facets of the interactive nature of scholarly writing and intertwined political issues Part I focuses on issues and concerns faced by Newcomers In Part II Negotiating and Interacting the essays closely examine the interactions among authors editors manuscript reviewers and collaborators these interactions tend to be the least often discussed and these essays therefore offer readers fascinating insights into the sensitive social political and personal relationships among the many players in the scholarly writing game Identity Construction is addressed in Part III where authors share their experiences with and reflections on the ways that professional writing helps them construct their identities as writers and scholars The essays in Part IV From the Periphery help redefine what the notion of periphery might mean from a concept with a negative connotation of outsider to a positive connotation of active and unconventional participant
