Nation And Revolution Volume 2 Of Social Dialectics:

Nation and Revolution Anouar Abdel-Malek,2013-12-31

Social Dialectics Anouar Abdel-Malek,1981-06-30

Civilisations and Social Theory takes as its starting point the present as the most decisive period of the transformation of the world since Europe's rise to hegemony in the fifteenth century. If we are adequately to comprehend our times the author argues it is necessary to adopt a cross cultural perspective based on the historical dialectical method and following the path of meaningful comparativism. From this perspective the book provides a detailed critique of Orientalism. The notion of the Orient is reassessed and its usefulness reasserted against such operational concepts as the Third world and the

Beyond Nationalism and the Nation-State İlker Cörüt,Joost

Jongerden,2021-05-30 This book centers on one fundamental question: is it possible to imagine a progressive sense of nation

Rooted in historic and contemporary social struggles, the chapters in this collection examine what a progressive sense of nation might look like, with authors exploring the theory and practice of the nation beyond nationalism. The book is written against the background of rising authoritarian nationalist movements globally over the last few decades, where many countries have witnessed the dramatic escalation of ethnic nationalist parties impacting and changing mainstream politics and normalizing anti-immigration, anti-democratic, and Islamophobic discourse. This volume discusses viable alternatives for nationalism, which is inherently exclusionary, exploring the possibility of a type of nation-based politics which does not follow the principles of nationalism. With its focus on nationalism, politics, and social struggles, this book will be of great interest to students and scholars of political and social sciences.

Imperialism with Reference to Syria Ali Kadri,2019-03-08

This extended essay investigates the meaning of imperialism in Syria, providing a valuable addition to the ongoing debate on the Syrian crisis through the lens of imperialism, modern warfare, and geopolitics. It offers a detailed analysis of how the Syrian war has been the product of imperialist ambitions. The author begins by situating the Syrian conflict in the regional historical continuum, positing that the modern imperialist war visited upon Syria is both a production domain intrinsic to capital and an application of the law of value assuming a highly destructive form. Such processes, particularly the measure of war as a component of accumulation by waste and militarism, are peculiar to the imperialism of the United States, which the author argues is the sole imperialist power at play in Syria and globally. With so many international forces vying with one another in this country and some prominent Western scholars equally ascribing imperialism to the US, Russia, and China, defining who the imperialist is can help to clear some of the fog in the war of positions as a misplaced or ideologically motivated assessment can provide the wrong party with a justification for prolonging the war. This book will be of interest to academics in the social sciences and Middle Eastern studies but will also appeal to all readers with an interest in patterns of global development, postcolonialism, and neoliberal imperialism.

Central Asia, Security, and Strategic Imperatives Tabassum Firdous, 2002 The present study offers an assessment of security concerns in Central Asia after the collapse of Soviet Union in 1991 It deals with the transition period for the five Central Asian States from the communist system to a democratic and pluralistic one Essentially the focus of the writer is on bilateral multilateral and international commitments of these States to ensure peace and security in the region The withdrawal of nuclear warheads from Kazakhstan collective security formula bilateral agreements and the role of the big powers all make an interesting study The author has discussed these concerns in the context of the stance of neighbouring States vis a vis Central Asia Economic interests also figure wherever necessary This work is highly useful to those who would like to concentrate on any aspect of history in Central Asia and adjoining regions in the post Soviet period

Songs in Dark Times Amelia M. Glaser, 2020-11-24 A probing reading of leftist Jewish poets who during the interwar period drew on the trauma of pogroms to depict the suffering of other marginalized peoples Between the world wars a generation of Jewish leftist poets reached out to other embattled peoples of the earth Palestinian Arabs African Americans Spanish Republicans in Yiddish verse Songs in Dark Times examines the richly layered meanings of this project grounded in Jewish collective trauma but embracing a global

community of the oppressed The long 1930s Amelia M Glaser proposes gave rise to a genre of internationalist modernism in which tropes of national collective memory were rewritten as the shared experiences of many national groups The utopian Jews of Songs in Dark Times effectively globalized the pogroms in a bold and sometimes fraught literary move that asserted continuity with anti Arab violence and black lynching As communists and fellow travelers the writers also sought to integrate particular experiences of suffering into a borderless narrative of class struggle Glaser resurrects their poems from the pages of forgotten Yiddish communist periodicals particularly the New York based Morgn Frayhayt Morning Freedom and the Soviet literary journal Royte Velt Red World Alongside compelling analysis Glaser includes her own translations of ten poems previously unavailable in English including Malka Lee s God s Black Lamb Moyshe Nadir s Closer and Esther Shumiatsher s At the Border of China These poets dreamed of a moment when we could mean we workers rather than we Jews Songs in Dark Times takes on the beauty and difficulty of that dream in the minds of Yiddish writers who sought to heal the world by translating pain
