### **Nation Work Asian Elites And National Identities:**

**Nation Work** Timothy Brook, André Schmid, 2000-11-08 As increasing attention is drawn to globalization questions arise about the fate of the nation a political and social unit that for centuries has seemed the common sense way to organize the world In *Nation Work* Timothy Brook and Andr Schmid draw together eight essays that use historical examples from Asian countries China India Korea and Japan to enrich our understandings of the origin and growth of nations Asia provides fertile ground for this inquiry the volume argues because in Asia the history of the modern nation has been inseparable from global influences in the form of Western imperialism Yet while the impetus for building a modern national identity may have come from the need to fashion a favorable place in a world system dominated by Western nations those engaged in nationalist enterprises found their particular voices more often in relation to tensions within Asia than in relation to more generic tensions between Asia and the West With topics ranging from public health measures in nineteenth century Japan through textual scholarship of Tamil intellectuals the willful division of Korea s history from China s the development of China s cotton industry and the meaning of postnationalism for Chinese artists the essays reveal the fascinating array of sites at which nation work can take place This will be essential reading for historians and social scientists interested in Asia Timothy Brook is Professor of History Stanford University Andr Schmid is Assistant Professor of East Asian Studies University of Toronto

**Living with Colonialism** Heather J. Sharkey, 2003-03-18 Histories written in the aftermath of empire have often featured conquerors and peasant rebels but have said little about the vast staffs of locally recruited clerks technicians teachers and medics who made colonialism work day to day Even as these workers maintained the colonial state they dreamed of displacing imperial power This book examines the history of the Anglo Egyptian Sudan 1898 1956 and the Republic of Sudan that followed in order to understand how colonialism worked on the ground affected local cultures influenced the rise of nationalism and shaped the postcolonial nation state Relying on a rich cache of Sudanese Arabic literary sources including poetry essays and memoirs as well as on colonial documents and photographs this perceptive study examines colonialism from the viewpoint of those who lived and worked in its midst By integrating the case of Sudan with material on other countries particularly India Sharkey gives her book broad comparative appeal She shows that colonial legacies such as inflexible borders atomized multi ethnic populations and autocratic governing structures have persisted hobbling postcolonial nation states Thus countries like Sudan are still living with colonialism struggling to achieve consensus and stability within borders that a fallen empire has left behind

### **FACETS OF CONTEMPORARY HISTORY M.**

Thilakavathy, R.K. Maya, 2019-06-05 This book *Facets of Contemporary History* is a selection of research papers presented in the International Conference on Contemporary History which was held on 30th and 31st January 2015 This conference was organized by the Department of History Tourism and Travel Management Ethiraj College for Women Chennai It gives us great pleasure to put together a selection of the papers for the public in the form of a book in the interest of research

Contemporary History refers to the history of the immediate past or that which can be expected to remain in living memory While there are areas of history which have branched off from contemporary history such as social history and economic history this conference took a very broad look at contemporary events from not just a historical but also a social science perspective This Book contains 6 Sections namely Political History Socio Cultural History Gender Economic History Environment and Tourism We would like to place on record the Management of the college for the moral and financial support extended in the conduct of the Conference and in the production of the book Thanks are due to our respected Chairman of the Trust Board Mr V M Muralidharan for all his support and encouragement Heartfelt thanks are due to Prof Dr Karu Nagarajan Member Secretary TAMIL NADU STATE COUNCIL FOR HIGHER EDUCATION for their generous financial Assistance towards the conduct of the Conference We would be failing in our duty if we do not thank the faculty of the Department of History Tourism and Travel Management for their support and encouragement in the conduct of the Conference

**Eastern Learning and the Heavenly Way** Carl Young, 2014-08-31 Tonghak or Eastern Learning was the first major new religion in modern Korean history Founded in 1860 it combined aspects of a variety of Korean religious traditions Because of its appeal to the poor and marginalized it became best known for its prominent role in the largest peasant rebellion in Korean history in 1894 which set the stage for a wider regional conflict the Sino Japanese War of 1894 1895 Although the rebellion failed it caused immense changes in Korean society and played a part in the war that ended in Japan s victory and its eventual rise as an imperial power It was in this context of social change and an increasingly perilous international situation that Tonghak rebuilt itself emerging as Ch ndogyo Teaching of the Heavenly Way in 1906 During the years before Japan s annexation of Korea in 1910 Ch ndogyo continued to evolve by engaging with new currents in social and political thought strengthening its institutions and using new communication technologies to spread its religious and political message In spite of Korea s loss of independence Ch ndogyo would endure and play a major role in Korean nationalist movements in the Japanese colonial period most notably the March First independence demonstrations in 1919 It was only able to thrive thanks to the processes that had taken place in the twilight years of Korean independence This book focuses on the internal developments in the Tonghak and Ch ndogyo movements between 1895 and 1910 Drawing on a variety of sources in several languages such as religious histories doctrinal works newspapers government reports and foreign diplomatic reports it explains how Tonghak survived the turmoil following the failed 1894 rebellion to set the foundations for Ch ndogyo s important role in the Japanese colonial period The story of Tonghak and Ch ndogyo not only is an example of how new religions interact with their surrounding societies and how they consolidate and institutionalize themselves as they become more established it also reveals the processes by which Koreans coped and engaged with the challenges of social political and economic change and the looming darkness that would result in the extinguishing of national independence at the hands of Japan s expanding empire

*Operatic China* D. Lei, 2016-09-23 In this study Lei focuses on the notion of

performing Chinese in traditional opera in the contact zones where two or more cultures ethnicities and or ideologies meet and clash This work seeks to create discourse among theatre and performance studies Asian and Asian American studies and transnational and diasporic studies

**Democratization and Identity** Susan J. Henders,2004-01-01 The notable contributors to Democratization and Identity introduce the experiences of East and Southeast Asia into the study of democratization in ethnically including religiously diverse societies This collection suggests that the risk of ethnicized conflict exclusion or hierarchy during democratization depends in large part on the nature of the ethnic identities and relations constituted during authoritarian rule This volume s theoretical breakthroughs and its country case studies shed light on the prospects for ethnically inclusive and non hierarchical democratization across East and Southeast Asia and beyond

**Labrang Monastery** Paul Kocot Nietupski,2012-07-10 The Labrang Tibetan Buddhist Monastery in Amdo and its extended support community are one of the largest and most famous in Tibetan history This crucially important and little studied community is on the northeast corner of the Tibetan Plateau in modern Gansu Province in close proximity to Chinese Mongol and Muslim communities It is Tibetan but located in China it was founded by Mongols and associated with Muslims Its wide ranging Tibetan religious institutions are well established and serve as the foundations for the community s social and political infrastructures The Labrang community s borderlands location the prominence of its religious institutions and the resilience and identity of its nomadic and semi nomadic cultures were factors in the growth and survival of the monastery and its enormous estate This book tells the story of the status and function of the Tibetan Buddhist religion in its fully developed monastic and public dimensions It is an interdisciplinary project that examines the history of social and political conflict and compromise between the different local ethnic groups The book presents new perspectives on Qing Dynasty and Republican era Chinese politics with far reaching implications for contemporary China It brings a new understanding of Sino Tibetan Mongol Muslim histories and societies This volume will be of interest to undergraduate and graduate student majors in Tibetan and Buddhist studies in Chinese and Mongol studies and to scholars of Asian social and political studies

**Voices on the Loss of National Independence in Korea and Vietnam, 1890-1920** William F. Pore,2021-06-21 This book fills a long recognized need for a comparative study of the anti colonial movements in two countries not commonly combined within the same historical context Different though Korea and Vietnam are in several ways they both shared pasts that were similarly formative in molding the lives careers and thought of the two protagonists examined here The book reveals how they not only dealt with the realities of their time but also how through history philosophy experience emotion and imagination they came to deal with their countries condition and to envision the future and an alternative world order that have pertinence today

**Germany and Vocational Education in Republican China** Henrike Rudolph,2022-05-13 This book offers a new perspective on the transnational dimensions of China s educational and economic history by focusing on Sino German interactions in the field of vocational education It explores how Chinese perceptions of manual work vocational skills and

educational practices changed dramatically throughout the first half of the twentieth century as Chinese educators increased their efforts to study and translate German pedagogical writings Case studies researched in this book illustrate how a Chinese appreciation for German technological and scientific advances and German interests in profiting from a growing Chinese economy are not just recent phenomena but have their roots in the early twentieth century Korea Between Empires, 1895-1919 Andre Schmid,2002-07-17 Korea Between Empires chronicles the development of a Korean national consciousness It focuses on two critical periods in Korean history and asks how key concepts and symbols were created and integrated into political programs to create an original Korean understanding of national identity the nation state and nationalism Looking at the often ignored questions of representation narrative and rhetoric in the construction of public sentiment Andre Schmid traces the genealogies of cultural assumptions and linguistic turns evident in Korea s major newspapers during the social and political upheavals of the late nineteenth and early twentieth centuries Newspapers were the primary location for the re imagining of the nation enabling readers to move away from the conceptual framework inherited from a Confucian and dynastic past toward a nationalist vision that was deeply rooted in global ideologies of capitalist modernity As producers and disseminators of knowledge about the nation newspapers mediated perceptions of Korea s precarious place amid Chinese and Japanese colonial ambitions and were vitally important to the rise of a nationalist movement in Korea
