**National Debt in Britain, 1850-1930** Jeremy Wormell,1999      *Harper's Encyclopædia of United States History*  
Benson John Lossing,John Fiske,Woodrow Wilson,1901      **British Imperialism** P.J. Cain,A. G. Hopkins,2014-01-14 A  
milestone in the understanding of British history and imperialism and truly global in its reach this magisterial account  
received numerous accolades from reviewers in its first edition The first to coin the phrase gentlemanly capitalism Cain and  
Hopkins make the strong and provocative argument that it is impossible to understand the nature and evolution of British  
imperialism without taking account of the peculiarities of her economic development In particular the growth of the financial  
sector and above all the City of London played a crucial role in shaping the course of British history and Britain s relations  
overseas Now with a substantive new introduction and a conclusion the scope of the original account has been widened to  
include an innovative discussion of globalization      **Harper's Encyclopaedia of United States History from 458 A. D. to**  
**1902** Benson John Lossing,1902      **The Sale Catalogues of British Government Publications, 1836-1921: 1836-1889**

**1905** Benson John Lossing,1905      **Napoleon in British Culture** James Gregory,2024-12-12 This book studies British  
cultural engagement with Napoleon Bonaparte from his 1815 surrender and time in British custody until the return of his  
remains to France in 1840 Adopting a chronological approach James Gregory studies the British use of Bonaparte in various  
spheres covering political dramatic literary and visual culture and popular entertainment over a 25 year period Gregory  
acknowledges not only canonical literary treatments but also appearances of the figure in novels anecdotes travelling shows  
and private collections in order to analyse contemporary fascination with Napoleon Centring on key themes such as  
responses to Napoleon s presence on British territory and later reactions to his death Gregory also takes into account the  
influence of factors such as geography and gender in order to craft a comprehensive picture of cultural engagement with  
Napoleon in the period 1815 40 Covering factors including the role of commemoration the impact of Peterloo and Queen  
Caroline s death and the rise of Romanticism this book demonstrates how truly pervasive the myth of Napoleon became in
