

THE NATIONAL INTEREST

National Interest Intl Law Order

R. James Woolsey

National Interest Intl Law Order:

The National Interest on International Law and Order R. James Woolsey, 2018-04-17 International law and the nature of the global order is regularly examined and debated among specialists This volume brings together in one place twenty four articles addressing these subjects written by some of America s leading academics lawyers and policymakers and originally published in The National Interest a leading realist journal of international affairs Prominent jurists lawyers and practitioners debate the role that international law should play in the formulation of policy in the first section and whether international law really exists Authors explore such questions as the enforceable norms of global behavior and if American foreign policy should conform to such regulations A second section looks at the viability and utility of international institutions in advancing U S interests Included are debates over the role and purpose of the United Nations and the International Criminal Court A third Section deals with the intersection of law enforcement and foreign policy It explores such questions as whether primary responsibility for combating global terrorism and the international drug trade should be vested with law enforcement agencies or whether it should fall under the purview of foreign policy The final portion of the book is devoted to the question of human rights particularly the tripartite debate between Robin Fox Francis Fukuyama and William F Schulz over the nature and origins of human rights Among the questions considered are whether human rights are an outgrowth of natural law or are natural imperatives at odds with protecting individual dignities and freedoms Is there a universal standard of rights or are human rights norms derived from majority consensus The list of distinguished contributors to this volume include John Bolton Robert Bork Lee Casey Douglas Feith Owen Harries Senator Jesse Helms Alan Keyes Irving Kristol Joseph Nye Jeremy Rabkin David Rivkin Alfred P Rubin and Abraham Sofaer This volume will be of interest to legal scholars political scientists and students of diplomacy and international relations

Five Masters of International Law Antonio Cassese, 2011-03-15 This book consists of interviews with five distinguished international lawyers from the UK USA Uruguay and France conducted by the editor Antonio Cassese between 1993 and 1995 Each interview is preceded by a brief intellectual portrait of the interviewee In his general introduction Cassese stresses that the interviews all based on the same questionnaire were intended to bring out not only the main ideas associated with each scholar in the fields of international law and international relations but also his intellectual and philosophical background his general outlook and his views of the prospects for the evolution of the international community In his final essay Cassese brings together the main threads of the interviews and points to the parallels and divergences appearing from them This book offers a unique and important insight into the legal minds and outlook of a select group of prominent scholars of international law and legal institutions during the last years of the twentieth century

The National Interest in International Relations Theory S. Burchill, 2005-05-11 This is the first systematic and critical analysis of the concept of national interest from the perspective of contemporary theories of International Relations including realist Marxist anarchist liberal English School and constructivist perspectives Scott

Burchill explains that although commonly used in diplomacy the national interest is a highly problematic concept and a poor guide to understanding the motivations of foreign policy

A Chinese Theory of International Law Zhipeng He, Lu Sun, 2020-03-14 This book analyzes China's attitude to international law based on historical experiences and documents and provides an explanation of China's approaches to international legal issues It also establishes several elements for a possible framework of Chinese theory on international law The book offers researchers university students and practitioners valuable insights into how China views international law and why it does so in the way it does

Constitutional Diplomacy Michael J. Glennon, 1990 Challenging those who accept or advocate executive supremacy in American foreign policy making Constitutional Diplomacy proposes that we abandon the supine roles often assigned our legislative and judicial branches in that field This book by the former Legal Counsel to the Senate Foreign Relations Committee is the first comprehensive analysis of foreign policy and constitutionalism to appear in over fifteen years In the interval since the last major work on this theme was published the War Powers Resolution has ignited a heated controversy several major treaties have aroused passionate disagreement over the Senate's role intelligence abuses have been revealed and remedial legislation debated and the Iran Contra affair has highlighted anew the extent of disagreement over first principles Exploring the implications of these and earlier foreign policy disputes Michael Glennon maintains that the objectives of diplomacy cannot be successfully pursued by discarding constitutional interests Glennon probes in detail the important foreign policy responsibilities given to Congress by the Constitution and the duty given to the courts of resolving disputes between Congress and the President concerning the power to make foreign policy He reviews the scope of the prime tools of diplomacy the war power and the treaty power and examines the concept of national security Throughout the work he considers the intricate weave of two legal systems American constitutional principles and the international law norms that are part of the U S domestic legal system

The Power and Purpose of International Law Mary Ellen O'Connell, 2011-05-10 The Power and Purpose of International Law provides a well conceived explanation of the role of international law in today's world and how there are no acceptable arguments to justify the use of torture and secret prisons or to support the notion of a global battlefield By analyzing the history of ideas about international law and its actual operation O'Connell has provided an important and timely work for citizens students and scholars

International Law as a Profession Jean d'Aspremont, Tarcisio Gazzini, André Nollkaemper, Wouter Werner, 2017-04-06 This collection of self reflective essays explores the relations between international legal professions and their respective understandings of international law

National Interests in International Society Martha Finnemore, 1996 How do states know what they want Asking how interests are defined and how changes in them are accommodated Martha Finnemore shows the fruitfulness of a constructivist approach to international politics She draws on insights from sociological institutionalism to develop a systemic approach to state interests and state behavior by investigating an international structure not of power but of meaning and social value An understanding of what states want

she argues requires insight into the international social structure of which they are a part States are embedded in dense networks of transnational and international social relations that shape their perceptions and their preferences in consistent ways Finnemore focuses on international organizations as one important component of social structure and investigates the ways in which they redefine state preferences She details three examples in different issue areas In state structure she discusses UNESCO and the changing international organization of science In security she analyzes the role of the Red Cross and the acceptance of the Geneva Convention rules of war Finally she focuses on the World Bank and explores the changing definitions of development in the Third World Each case shows how international organizations socialize states to accept new political goals and new social values in ways that have lasting impact on the conduct of war the workings of the international political economy and the structure of states themselves

World Politics and International Law Francis Anthony

Boyle, 2013-07-22 This work tries to bridge the gap between international lawyers and those political scientists who write about international politics In the first part the author discusses the influence of Professor Morgenthau's realist school on the current thinking of political scientists and the abandonment of this school by its originator in the last years of his life The author concludes that the best way to test the validity of different approaches is to discuss various international crises in the light of contrasting theories and to analyze each situation from both the legal and political points of view In particular he tries to ascertain to what extent vital national interests could be accommodated within an international legal framework or could require a distortion of international rules in order to achieve national objectives In the second part the author dissects the Entebbe raid where Israeli forces rescued a group of hostages being detained by hijackers at a Ugandan airport His analysis shows the deficiencies of the international system in dealing with such a complex issue where several contradictory principles of international law could be applied and were defended by various protagonists The third part starts with a parallel problem the Iranian hostages crisis where a group of U S officials found themselves in an unprecedented situation of being captured by a band of students A critical analysis of the handling of this problem by the Carter Administration is followed by vignettes of other crises faced by the Administration and by its successor the Reagan Administration This part is less analytical and more prescriptive The author is no longer satisfied with pointing out what went wrong instead he departs from the usual hands off policy of political scientists and tries to indicate how much better each situation could have been handled if the decision makers had been paying more attention to international law and international organizations The theme is slowly developed that in the long run national interest is better served not by practicing power politics and relying on the use of threat of force but by strengthening those international institutions that can provide a neutral environment for first slowing down a crisis and then finding an equitable solution acceptable to most of the parties in conflict The value of this book lies primarily in giving the reader a real insight into several important issues of today that are familiar to most people only from newspaper headlines and television news While not everybody can agree with all his criticisms of the mistakes of

various governments there is an honest attempt by the author to present issues impartially and to let the blame fall where it may. Being both an international lawyer and a political scientist, the author has had the advantage of combining the methodology of these two social sciences into a rich tapestry with some startling shades and tones. *The Future of International Law and American Foreign Policy* Francis Anthony Boyle, 2023-09-29. This in-depth analysis based on the implicit connection between the basic principles of international law and the effective practice of international relations by a constitutional democracy with a commitment to the rule of law takes into account the diversity of viewpoints held by the different states and peoples of the world community to provide a global perspective. Published under the Transnational Publishers imprint.

Unveiling the Magic of Words: A Overview of "**National Interest Intl Law Order**"

In some sort of defined by information and interconnectivity, the enchanting power of words has acquired unparalleled significance. Their capability to kindle emotions, provoke contemplation, and ignite transformative change is actually awe-inspiring. National Interest Intl Law Order Introduction

In the digital age, access to information has become easier than ever before. The ability to download National Interest Intl Law Order has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download National Interest Intl Law Order has opened up a world of possibilities. Downloading National Interest Intl Law Order provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading National Interest Intl Law Order has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download National Interest Intl Law Order. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading National Interest Intl Law Order. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading National Interest Intl Law Order, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to

download National Interest Intl Law Order has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About National Interest Intl Law Order Books

1. Where can I buy National Interest Intl Law Order books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
3. How do I choose a National Interest Intl Law Order book to read? Genres: Consider the genre you enjoy (fiction, non-fiction, mystery, sci-fi, etc.).
