Harvey Rishikof, Roger Z. George

National Security And Military Law In A Nutshell:

National Security and Military Law in a Nutshell Charles A. Shanor, L. Lynn Hogue, 2003 This reliable source provides authoritative coverage of the Constitution and national security entering the military and service members rights Text also discusses the military criminal justice system discharge and compensation for injury or death An ideal overview for practitioners law students in specialized courses cadets at military academies or in college ROTC programs and lawyers preparing to enter the Judge Advocate General s Corps

Military Law in a Nutshell Charles A. Shanor, Timothy P. Terrell, 1980 Constitution and National Security Congress President War Powers Resolution Courts Use of Force Abroad Internal Disorders Entry into Military Enlistment Officer Appointments Reservists Constitutional and Other Rights Due Process Equal Protection First Amendment Rights Religion Speech Political Participation Symbolic Expression Publications Assembly Petitions Association Other Rights Voting Residency and Tax Situs Soldiers and Sailors Civil Relief Act Reemployment Veterans Preferences Military Criminal Justice System Administrative Correction Nonjudicial Punishment Article 15 Courts Martial Jurisdiction Military Criminal Process Through Trial Appellate Review Military Crimes Defenses and Punishments Constitutional Safeguards Search and Seizure Self Incrimination Right to Counsel Law of Armed Conflict Treaties Customary Law Violations Discharge and Administrative Separation Enlisted Discharges Officer Dismissals Administrative Review Compensation Tort Claims Administrative Claims Remedies Veterans Benefits

Encyclopedia of Military Science G. Kurt Piehler, 2013-07-24 The Encyclopedia of Military Science provides a comprehensive ready reference on the organization traditions training purpose and functions of today s military Entries in this four volume work include coverage of the duties responsibilities and authority of military personnel and an understanding of strategies and tactics of the modern military and how they interface with political social legal economic and technological factors A large component is devoted to issues of leadership group dynamics motivation problem solving and decision making in the military context Finally this work also covers recent American military history since the end of the Cold War with a special emphasis on peacekeeping and peacemaking operations the First Persian Gulf War the events surrounding 9 11 and the wars in Afghanistan and Iraq and how the military has been changing in relation to these events

The Civilian-Military Divide Louise Stanton, 2009-09-23 This book examines how U S domestic institutions stand up to global threats and whether intelligence sharing across military and civilian law enforcement barriers is legal The U S Constitution is designed to distribute power in order to prevent its concentration and in particular it draws clear lines between the responsibilities of the military and those of civilian law enforcement But the new global threat paradigm requiring responses both abroad and at home calls out for military and civilian intelligence gathering to work in tandem The Civil Military Divide Obstacles to the Integration of Intelligence in the United States looks at historic and legal ramifications of such efforts Louise Stanton s thought provoking work sums up the current state of U S intelligence gathering at all levels of government It then looks at

the range of recommendations for overhauling our intelligence efforts in the context of the U S Constitution to assess what may or may not be constitutionally supportable At issue are three long established often reaffirmed principles the separation of powers the federalist system that gives the U S government precedence over states and the separation of the civilian and military sectors

Amending Title 10, United States Code, To Authorize Trail by Military Commission, September 15, 2006, 109-2 House Report No. 109-664, Part 1 ,2006 Israel's Civil-Military Relations and Security Sector Reform

Ian Westerman,2024-02-13 This book examines Israel s civil military relations CMR in order to explore alternatives to orthodox Western models of security sector reform SSR in post conflict societies This book argues that the guidelines of SSR have always tended to draw on theoretical work in the field of CMR and focus too heavily on Western liberal democratic models of governance Consequently reform programs based on these guidelines and intended for use in post conflict and conflict affected states have had at best mixed results The book challenges the necessity for this over reliance on traditional Western liberal democratic solutions and instead advocates an alternative approach It proposes that by drawing on an unconventional CMR model that in turn references the specific context and cultural background of the particular state being subject to reform there is a significantly higher chance of success Drawing on a case study of Israel s CMR the author seeks to provide practical assistance to those working in this area and considers the question of how this unorthodox CMR model might usefully inform post conflict and conflict affected SSR programmes This book will be of interest to students of military studies security studies Israeli politics and International Relations

The National Security Court System Glenn Sulmasy,2009-08-06 Glenn Sulmasy proposes a third way solution that avoids the extremes of an unaccountable military court system on the one hand and funneling war on terror detainees into the domestic criminal court system on the other Instead he advocates creating a separate standing judicial system overseen by civilian judges that allows for habeas corpus appeals and which focuses exclusively on existing war on terror cases as well as the inevitable cases to come Jacket

Military Laws of the United States (Army), 1949 United States,1950 This compilation prepared under the direction of the Judge Advocate General of the Army contains the permanent and general laws of the United States now in force which affect the Department of the Army including legislation enacted by the Eightieth Congress which adjourned 31 December 1948 In addition it contains certain temporary provisions which have been reenacted from year to year in appropriation acts Preface page iii

Sri Lanka Army, National Security and Defense Policy Handbook Volume 1 Strategic Information and Basic Military Laws IBP USA,

The National Security Enterprise Harvey Rishikof,Roger Z. George,2011 Recent breakdowns in American national security have exposed the weaknesses of the nation s vast overlapping security and foreign policy bureaucracy and the often dysfunctional interagency process In the literature of national security studies however surprisingly little attention is given to the specific dynamics or underlying organizational cultures that often drive the bureaucratic politics of U S security policy The National Security Enterprise offers a broad overview and analysis of the many

government agencies involved in national security issues the interagency process Congressional checks and balances and the influence of private sector organizations The chapters cover the National Security Council the Departments of Defense and State the Office of the Director of National Intelligence the Central Intelligence Agency the Federal Bureau of Investigation the Department of Homeland Security and the Office of Management and Budget The book also focuses on the roles of Congress the Supreme Court and outside players in the national security process like the media think tanks and lobbyists Each chapter details the organizational culture and personality of these institutions so that readers can better understand the mindsets that drive these organizations and their roles in the policy process Many of the contributors to this volume are long time practitioners who have spent most of their careers working for these organizations As such they offer unique insights into how diplomats military officers civilian analysts spies and law enforcement officials are distinct breeds of policymakers and political actors To illustrate how different agencies can behave in the face of a common challenge contributors reflect in detail on their respective agency s behavior during the Iraq War This impressive volume is suitable for academic studies at both the undergraduate and graduate level ideal for U S government military and national security training programs and useful for practitioners and specialists in national security studies
