

National Cultures and International Competition

The Experience of
Schering AG, 1851–1950

Christopher Kobrak

National Cultures And International Competition

Christopher Kobrak

National Cultures And International Competition:

National Cultures and International Competition Christopher Kobrak, 2002-10-07 This book is first and foremost a history of Schering AG one of Germany's best known pharmaceutical companies from its birth as a pharmacy in the middle of the 19th century to the first steps of its re birth as a multinational in 1950 It traces the various stages of Schering's development its relationships to other chemical companies its government its bankers and other shareholders The book also tries to put this history in the context of Schering's changing and for the most part increasingly hostile political social and economic environment

International Business John S. Hill, 2009 Reflecting a strong managerial orientation a corporate emphasis and a true global local focus *International Business Managing Globalization* explains the whats and whys of global differences as it covers industries competitors regions and markets from the perspectives of practicing managers Author John S Hill reviews the geographic and historic backgrounds of regions and markets in a way that no other text has done with special focus on global supply chains global branding and world religions as they affect management at the local level It integrates business topics and environmental analysis into a strategic global local framework It places current events in focus by covering history and geography as they affect international business It includes a unique chapter on global industry and competitor analysis a common business tool but a topic not covered in other texts It covers religion as a key determiner of behaviors worldwide to help readers understand why behaviors differ depending on the local context It focuses on corporate analysis planning and internationalization vital corporate practices rarely covered in other textbooks It includes short cases for undergraduates and longer cases for graduate students *International Business Managing Globalization* is ideal for the introduction to business course or for courses focusing on international or global business strategy

National Identity and Global Sports Events Alan Tomlinson, Christopher Young, 2012-02-01 *National Identity and Global Sports Events* looks at the significance of international sporting events and why they generate enormous audiences worldwide Focusing on the Olympic Games and the men's football soccer World Cup the contributors examine the political cultural economic and ideological influences that frame these events Selected case studies include the 1936 Nazi Olympics in Berlin the 1934 World Cup Finals in Italy the unique case of the 1972 Munich Games the transformative 1984 Games in Los Angeles and the 2002 Asian World Cup Finals among others The case studies show how the Olympics and the World Cup Finals provide a basis for the articulation of entrenched and dominant political ideologies encourage persisting senses of national identity and act as barometers for the changing ideological climate of the modern and increasingly globalized contemporary world Through rigorous scholarly analyses the book's contributors help to illuminate the increasing significance of large scale sporting events on the international stage

Proceedings of the 5th International Conference on Big Data Analytics for Cyber-Physical System in Smart City—Volume 2 Mohammed Atiquzzaman, Neil Yen, Zheng Xu, 2025-02-26 This book gathers a selection of peer reviewed papers presented at the 5th Big Data Analytics for Cyber Physical System in Smart City

BDCPS 2023 conference held in Fuyang China on December 28 29 The contributions prepared by an international team of scientists and engineers cover the latest advances and challenges made in the field of big data analytics methods and approaches for the data driven co design of communication computing and control for smart cities Given its scope it offers a valuable resource for all researchers and professionals interested in big data smart cities and cyber physical systems **The Development of the Cultural Industry in China** Huilin Hu,2022-10-26 This volume addresses the rapid growth of China s cultural industry and its significant cultural and economic impact on the country It considers what exactly constitutes the cultural industry defining the basis for discussions on issues as the internal tensions constraining China s cultural industry development It examines the place of culture and cultural industry in relation to China s overall development and what kinds of strategies policies and concrete measures are most effective in promoting the industry s growth exploring the role of Government in Cultural Industrial Development *The Eurovision Song Contest as a Cultural Phenomenon* Adam Dubin,Dean Vuletic,Antonio Obregón,2022-07-08 Drawing from the wealth of academic literature about the Eurovision Song Contest ESC written over the last two decades this book consolidates and recognizes the ESC s relevance in academia by analysing its contribution to different fields of study The book brings together leading ESC scholars from across disciplines and from across the globe to reflect on the intersection between their academic fields of study and the ESC by answering the question what has the ESC contributed to academia The book also draws from fields rarely associated with the ESC such as Law Business and Research Methodologies to demonstrate the contest s broad utility in research pedagogy and in practice Given its interdisciplinary approach this volume will be of interest to scholars and students working in cultural media and music studies as well as those interested in the intersections between these areas and politics law education pedagogy and history *The Future of Global Competition* Robert Hinck,Asya Cooley,Skye C. Cooley,Sara Kitsch,2021-12-14 With today s social and geopolitical order in significant flux this project offers vital insight into the future global order by comparatively charting national media perceptions regarding the future of global competition through the lens of Ontological Security OS The authors employ a mixed method approach to analyze 620 news articles from 47 Russian Chinese Venezuelan and Iranian news sources over a five year period 2014 2019 quantitatively comparing the drivers of their visions while providing in depth qualitative case studies for each nation Not only do these narratives reveal how these four nations understand the current global order but also point to their in flexibility and agentic capacity for reflection in adapting even shaping the future order and their identity roles within it around an economic and diplomatic battleground The authors argue these narratives create trajectories with inertial effects grounded in their OS needs providing enduring insights into their behavior and interests moving into the future The Future of Global Competition will help readers understand how influential nations typically aligned in opposition to the US envision the drivers of global competition and the make up of the future international system Those engaged in the study of media global politics international relations and communication will find this book to be a critical

source **Identity Discourses and Communities in International Events, Festivals and Spectacles** Udo Merkel, 2015-02-10 This collection focuses on the multi layered links between international events and identity discourses With a unique line up of international scholars this book offers a diverse range of exciting case studies including sports competitions music festivals exhibitions fashion shows and royal celebrations **Employment Relations and National Culture** Ferrie Pot, 2000-01-01 I would recommend this book to any student of international employment relations It approaches the subject from a wide and unusual angle and is rooted most importantly in research Len Holden Asia Pacific Business Review Historically alternative models of the employment relationship have developed across culturally diverse nation states However the trend towards globalization incorporates a powerful force towards an international uniformity of employment relations Underlying the issues addressed in this book is the question of how important cultural differences are and will continue to be **Mediating Spaces** James M. Robertson, 2024-07-17 Throughout the twentieth century in the lands of Yugoslavia socialists embarked on multiple projects of supranational unification Sensitive to the vulnerability of small nations in a world of great powers they pursued political sovereignty economic development and cultural modernization at a scale between the national and the global from regional strategies of Balkan federalism to continental visions of European integration to the internationalist ambitions of the Non Aligned Movement In Mediating Spaces James Robertson offers an intellectual history of the diverse supranational politics of Yugoslav socialism beginning with its birth in the 1870s and concluding with its violent collapse in the 1990s Showcasing the ways in which socialists in Southeast Europe confronted the political economic and cultural dimensions of globalization the book frames the evolution of supranational politics as a response to the shifting dynamics of global economic and geopolitical competition Arguing that literature was a crucial vehicle for imagining new communities beyond the nation Robertson analyzes the manuscripts journals and personal correspondence of the literary left to excavate the cultural geographies that animated Yugoslav socialism and its supranational horizons The book ultimately illuminates the innovative strategies of cultural development used by socialist writers to challenge global asymmetries of power and prestige Mediating Spaces reveals the full significance of supranationalism in the history of socialist thought recovering a key concern for an era of renewed geopolitical contestation in Eastern Europe
