Interdisciplinary Bibliography on Nationalism, 1935-53. By KARL W. DEUTSCH. Cambridge, Mass.: Technology Press of M.I.T. 1956. 165. Index.

During the last fifteen years Karl W. Deutsch, Professor of History and Political Science at Massachusetts Institute of Technology, has published two books and eleven articles on nationalism and related subjects. At first his studies centered on the economic factor in nationalism, but after 1949 they were geared to the approach of a new field of social sciences: "communication and control." Then in 1952 he wrote an article on "Nationalistic Responses to Study Abroad" which was the first of six publications that have been classified as "general works" and "political science." The two books, *Nationalism and Social Communication* (Technology Press of M.I.T., 1953) and his *Political Community at the International Level: Problems of Definition and Measurement* (Doubleday, 1954), are broad studies that bring together the results of research along these several lines.

Interdisciplinary Bibliography on Nationalism, 1935-53 is a product of the bibliographical work that went into Professor Deutsch's study of nationalism, and also is a continuation of Dr. Koppel Pinson's *A Bibliographical Introduction to Nationalism*, published in 1935. As the title suggests, the bibliography is organized by discipline. The first section on major surveys is followed by one on special works on nationalism. The next eleven sections are devoted to separate disciplines: political science; theory of communication; cultural anthropology, sociology, and social psychology; linguistics; history; economic history; economic and social policy; geography; biology; religion; and philosophy and ethics. Finally there is a long section on specific peoples and areas.

In the Introduction Professor Deutsch points out that the bibliography is selective, and that the test for inclusion was whether or not the item was useful for his study of nationalism. Thus a specialist in a particular discipline, or in the nationalism of a particular people, will find glaring omissions. But researchers who are looking broadly for new theories, generalizations, and data about nationalism, and for new methods and techniques of research, will find this bibliography an important aid.

Nationalism John Hutchinson, Anthony D. Smith, 2000 A comprehensive collection of articles on the subject of nationalism It covers concepts and definitions forms of nationalism worldwide and nationalism and culture and feminism and politics

Nationbuilding and the Politics of Nationalism Andrei S. Markovits, Frank E. Sysyn, 1982 Throughout the nineteenth century the province of Galicia was noted for political conflicts and the cultural vibrancy of its three major national groups Poles Ukrainians and Jews This volume brings together for the first time eleven essays on various aspects of the last seventy five years of Austrian Galicia s existence

Nationalism Paul Lawrence, 2016-09-17 Massive changes have taken place in the way nations and nationalism are thought about From being viewed enthusiastically by historians as a force for beneficial change before the First World War today appeals to national sentiment are viewed as far more complex and problematic This book looks at how historians and others such as sociologists and political theorists have explained the development and enduring importance of national identities from c 1850 to the present day It compares and contrasts a wide range of different theories and will be useful for anyone wanting to equip themselves with a theoretical understanding of why we live in nations and why we invest them with such significance

World Communism, 1964-1969, a Selected Bibliography United States. Congress. Senate. Committee on the Judiciary, 1971

Arab Nationalism B. Tibi, 1997-01-14 The third edition includes a new Part Five on the tensions between Arab nationalism and Islam arising from the crisis of the nation state and of the de legitimisation of Pan Arab regimes The effects of the Arab defeat in the Six Day War 1967 and the rise of political Islam in the 1970s are the focus of the new part The background of the analysis of the impact and function of nationalism and its contribution to social and political change in the Third World taking the rise of nationalism in the Middle East as a historical example Professor Tibi concentrates on the period after the First World War when many Arab intellectuals became disillusioned with Britain and France as a result of the occupation of their countries One focus of this study are the writings and influence of Sati al Husri on Middle Eastern politics Professor Tibi illustrates the connection between modern Arab nationalism and nineteenth century German Romantic nationalism which will be of particular interest to the English reader Professor Tibi concludes that while nationalism has played a necessary and important role in the movement for national independence in the Middle East it has since developed into an ideology which seems to obstruct further social and political emancipation This third edition brought completely up to date by a substantial new introduction and two new concluding chapters will be of particular interest to historians and social scientists dealing with nationalism and crises of the nation state as well as to students of the Middle East and contemporary Islam
