Nationalism In Japan An Introductory Historical Analysis:

Nationalism in Japan Delmer Myers Brown,1955 **Nationalism in Japan an Introductory Historical Analysis.**
Delmer M. Brown Delmer M.. Brown,1955 **Marxist History and Postwar Japanese Nationalism** Curtis Anderson
Gayle,2003-08-29 This book explores the historical writings of postwar Japanese Marxists who were and who continue to be surprisingly numerous in the Japanese academic world It shows how they developed in their historical writing ideas of radical nationalism which accepted presupposed ideas of Japan s ethnic homogeneity but which they saw as a revolutionary subject creating a sphere of radical political action against the state the American Occupation and global capital It compares this approach in both prewar and postwar Marxist historiography showing that in the postwar period ideas were more elaborate and put much more emphasis on national education and social mobilization It also shows how these early postwar discourses have made their way into contemporary ethnic nationalism and revisionism in Japan today The book s rich and interesting analysis will appeal not just to historians of Japan but also to those interested in nationalism and Marxism more generally

Japanese History & Culture from Ancient to Modern Times John W. Dower,1986 **Shōwa Japan: 1926-1941** Stephen S. Large,1998 Shintō-Bibliography in Western Languages Arcadio Schwade,2023-11-27 *Japan's Asia Policy* Wolf Mendl,2002-09-11 This volume provides a timely and expert analysis of Japan s Asia policy as the country continues to address the future through trying to cope with the burden of a chequered past Dr Mendl locates his exposition of Japan s policy towards both North East and South East Asia in a full historical and cultural context and importantly takes due account of the underlying and potent factor of national identity in shaping international outlook He begins his study with a discussion of the enigma of Japanese policy expressed in debate over whether or not that policy expresses a calculated grand design A corresponding enigma emerges in Dr Mendl s exposition of Japan s policy towards a part of the world with which it shares a geographical location and a measure of identity but one which he maintains cannot be separated from its engagement at the global level In exploring the theme of how Japan is confronted by the problem of reconciling its relations with Asia with pursuing a global role in uncharted post Cold War waters Dr Mendl makes a lucid and scholarly contribution to the debate about Japan s place in a world which it has helped to shape through its economic performance and example

The Oxford Handbook of Illiberalism Marlène Laruelle,2024 From the rise of populist leaders and the threat of democratic backsliding to polarizing culture wars and the return of great power competition the backlash against the political economic and social liberalism is increasingly labeled illiberal Yet despite the increasing importance of these phenomena scholars still lack a firm grasp on illiberalism as a conceptual tool for understanding societal transformations The Oxford Handbook of Illiberalism addresses this gap by establishing a theoretical foundation for the study of illiberalism and showcasing state of the art research on this phenomenon in its varied scripts political economic cultural and geopolitical Bringing together the expertise of dozens of scholars the Oxford Handbook of Illiberalism offers a thorough overview that
