Nations At Risk The Impact Of The Computer Revolution:

Nations at Risk Edward Yourdon, 1986 The purpose of this book is to survey the impact of the computer revolution in broad terms and to see in more direct detailed terms than has been done before how this revolution puts our nation at greater and greater risk each day Today s computer technology coupled with the frenetic pace of technological development has put the United States in a race for economic survival with a dozen other countries around the world

Computerization and Controversy Rob Kling, 1996 The second edition of this comprehensive reference is a collection of 78 articles that examine the social aspects of computerization from a variety of perspectives Fields represented include computer science information systems management journalism psychology law library science and sociology The Information Society: Evolving Landscapes Jacques Berleur, Andrew Clement, Richard Sizer, Diane Whitehouse, 2013-11-11 UR Reader consists of a set of essays written by international authors many 0 of whom are acknowledged experts in one or more aspects of information technology IT and its implications for society The contents have been influenced by the fact that the relationship between IT and society has to be considered in an holistic context Our purpose has been to present this series of essays in the loosely related perspectives of landscapes which reflect that holism As editors we have chosen to leave people free to select the different perspectives and traverse the landscapes in any manner they choose The Reader seeks to raise social awareness of the issues at stake when we talk 1 about computers and social accountability and aims to encourage wider discus sion of the issues involved It has a normative set of aims and indicates a determi nation to explore a possible reshaping and restructuring of information technol ogy according to human needs In an Epilogue new pointers are given for action In what follows we describe the rationale behind The Information Society Evolving Landscapes we move from the conference held at the University of Namur in June 1988 which shaped the perspectives then on to the various routes by which the landscapes can be traversed

Computerworld , 1986-02-10 For more than 40 years Computerworld has been the leading source of technology news and information for IT influencers worldwide Computerworld s award winning Web site Computerworld com twice monthly publication focused conference series and custom research form the hub of the world s largest global IT media network

Computerization Movements and Technology Diffusion Margaret S. Elliott, Kenneth L. Kraemer, 2008 Computerization movement CM refers to a special kind of social and technological movement that promotes the adoption of computing within organizations and society Through theoretical analyses systematic empirical studies field based studies and case studies of specific technologies the book shows CMs to be driven by Utopian visions of technology that become part of the ether within society The empirical studies presented here show the need for designers users and the media to be aware that CM rhetoric can propose grand visions that never become part of a reality and reinforce the need for critical and scholarly review of promising new technologies Back cover *The Journal of Computing and Society* , 1990 Ecologies of Knowledge Susan Leigh Star, 1995-07-06 Ecologies of Knowledge provides a

comprehensive overview of issues relating to work politics and the latest perspectives on the role of materials feminism nonhumans and work practices as shaping scientific and technical knowledge In addition to theoretical contributions the authors cover biotechnology computing representations and space aerospace engineering and a variety of ethical perspectives and controversies in these domains Computer Education Assistance Act of 1987 United States. Congress. Senate. Committee on Labor and Human Resources. Subcommittee on Education, Arts, and Humanities,1988 **Agents of Change** Barbara M. Bouldin,1988-12-01 Targets human factors and how they affect the implementation of any kind of automation in the information system environment Includes discussion of accurately portraying the apparent whimsy of upper management tactics strategy negotiation and politics **Culture in Mind** Karen A. Cerulo,2013-05-13 What is thought and how does one come to study and understand it How does the mind work Does cognitive science explain all the mysteries of the brain This collection of fourteen original essays from some of the top sociologists in the country including Eviatar Zerubavel Diane Vaughan Paul Dimaggio and Gary Alan Fine among others opens a dialogue between cognitive science and cultural sociology encouraging a new network of scientific collaboration and stimulating new lines of social scientific research Rather than considering thought as just an individual act Culture in Mind considers it in a social and cultural context Provocatively this suggests that our thoughts do not function in a vacuum our minds are not alone Covering such diverse topics as the nature of evil the process of storytelling defining mental illness and the conceptualizing of the premature baby these essays offer fresh insights into the functioning of the mind Leaving the MRI behind Culture in Mind will uncover the mysteries of how we think
