review **The Cambridge History of Native American Literature** Melanie Benson Taylor, 2020-09-17 Native American literature has always been uniquely embattled. It is marked by divergent opinions about what constitutes authenticity, sovereignty, and even literature. It announces a culture beset by paradox, simultaneously primordial and postmodern, oral and inscribed, outmoded and novel. Its texts are a site of political struggle, shifting to meet external and internal expectations. This Cambridge History endeavors to capture and question the contested character of Indigenous texts and the way they are evaluated. It delineates significant periods of literary and cultural development in four sections: Traces, Assimilation, and Modernity (1879-1967), Native American Renaissance (post-1960s), and Visions, Revisions, 21st century. These rubrics highlight how Native literatures have evolved alongside major transitions in federal policy toward the Indian and via contact with broader cultural phenomena such as the American Civil Rights movement. There is a balance between a history of canonical authors and traditions, introducing less studied works and themes, and foregrounding critical discussions, approaches, and controversies.

The American Renaissance Robert Luther Duffus, 1928 **Native American Autobiography** Arnold Krupat, 1994 Publisher description: Native American Autobiography is the first collection to bring together the major autobiographical narratives by Native American people from the earliest documents that exist to the present. The thirty narratives included here cover a range of tribes and cultural areas over a span of more than 200 years. From the earliest known written memoir, a 1768 narrative by the Reverend Samson Occom, a Mohegan, reproduced as a chapter here, to recent reminiscences by such prominent writers as N. Scott Momaday and Gerald Vizenor, the book covers a broad range of Native American experience. Editor Arnold Krupat provides a general introduction, a historical introduction to each of the seven sections, extensive headnotes for each selection, and suggestions for further reading, making this an ideal resource for courses in American literature, history, anthropology, and Native American studies. General readers, too, will find a wealth of fascinating material in the life stories of these Native American men and women.

American Indian Literature Kimberly Wieser-Weryackwe, 2025-07-10 Discover the essential people, works, movements, and themes in American Indian literature. American Indian literature is a varied and vibrant collection of Indigenous artistic expression. American Indian novelists, poets, essayists, and critics have, over the last four centuries, asserted powerful forms of intellectual and artistic sovereignty, writing in English while building on discrete tribal oral traditions and forms of storytelling. This encyclopedia introduces readers to the key historical and contemporary figures in American Indian literature and their defining works. From the fiery sermons of Methodist minister William A. Pess to the Pulitzer Prize-winning novel *House Made of Dawn* by N. Scott Momaday, to the critically acclaimed and commercially successful novels of Louise Erdrich, this book illustrates the indelible and influential imprint American Indians have on the landscape of American letters. Readers are also introduced to the key themes and context of American Indian literature, exploring how it is inextricable from American literary history, the American literary canon, and the narrative of American history, not on the fringes of the American experience but central to it.
