Native American Youth And Alcohol An Annotated Bibliography:

Native American Youth and Alcohol Michael Lobb, Thomas D. Watts, 1989-06-23 Alcohol problems among Native Americans are severe and widespread Statistics report that the rate of alcohol related deaths is about eight times greater for Native Americans than for the U S population as a whole This bibliography identifies the problems of alcoholism and alcohol abuse among Native American youth as a severe mental and physical health issue that deserves closer study and it brings together in one volume most of what is known about the subject to date The increasing amount of research that has appeared in recent years has created the need for a comprehensive reference focusing not only on anthropological and sociological concerns but on questions more specifically relevant to Native Americans such as child abuse and neglect foster homes school problems dropouts peer relation effects family modeling response fetal alcohol syndrome developmental factors and most importantly social deprivation The authors maintain that the emerging literature on Native American youth s alcoholism is multidisciplinary in nature suggesting that the subject in general has taken on greater significance in the social framework of this country *Native American Youth and Alcohol* makes a valuable contribution by emphasizing the current publications on Indian youth and alcohol in an accessible format that offers a broad spectrum of opinion and analysis This timely work will be read by professionals in the human services field and by a variety of researchers practitioners and those who are currently engaged in health promotion and disease prevention activities

Nielsen, 2019-03-13 The historical involvement of Native peoples within the criminal justice system is a narrative of tragedy and injustice yet Native American experience in this system has not been well studied Despite disproportionate representation of Native Americans in the criminal justice system far more time has been spent studying other minority groups Nat *Study of Tribal and Alaska Native Juvenile Justice Systems* American Indian Law Center, 1992

Introduction To Library Research In Anthropology John M. Weeks, 2019-04-11 This book is an introduction to library research in anthropology written primarily for the undergraduate student about to begin a research project It contains a summary description of the type of resource being discussed and its potential use in a research project Preschoolers and Substance Abuse Bruce Carruth, Pedro J Lecca, Thomas D Watts, 2014-03-05 Find remarkable prevention and treatment strategies for preschool age children of substance abusers in this informative volume It provides an overview of the various problems exposure to substance abuse can cause for preschool children Because of the strong influences parents have on their children early childhood is a critical time for intervention to counteract the damaging effects of alcohol and drug abusing parents Research shows that attitudes about alcohol and other drugs are already formed by junior high school level and senior high school is too late for significant attitude change *Preschoolers and Substance Abuse* promotes preschool age as the ideal time to apply strategies that will aid the family in building the self esteem trust autonomy and initiative

necessary to protect the child from further problems caused by addictive parents Intervention strategies are presented in a succinct manner making them easy for practitioners health officials government officials and family members to put into immediate practice This book offers a unique approach to substance abuse treating it as a community and societal problem rather than an individual problem Intervention and treatment strategies are geared toward the substance abuse problem itself as well as how it impacts children and family systems The harmful impact of alcohol or drug abusive parents is evaluated for all stages of childhood development from pre natal influences through infancy and the preschool years Some of the harmful results of alcohol and drug abuse affecting preschool children addressed in this volume include violence sexual abuse Fetal Alcohol Syndrome and intra uterine exposure to drugs The authors outline a comprehensive list of imperatives for a future agenda to protect preschool children from suffering the consequences of their parents substance abuse Public health officials decision makers practitioners and legislators will find a series of policy recommendations including increased research substance abuse training for child care workers increased outreach and education for expectant mothers and community based outreach programs to insure ethnic or socioeconomic sensitivity and appropriateness Child Abuse, Child Exploitation, and Criminal Justice Responses Daniel G. Murphy, April G. Rasmussen, 2020-01-08 There are few things in our society that provoke such raw emotions as that of child abuse Most people justifiably so are outraged when they hear of allegations of abuse and their anger is intensified as they learn of what seems to be an inappropriate criminal justice response However the debate on child abuse usually happens through visceral emotions rather than facts Taking emotions out of a child abuse debate is much easier said than done but it is of utmost importance to identify the facts When the reader has a better understanding of the scope of child abuse they can become more objective but still maintain their passion about ways to protect this vulnerable and targeted population Child Abuse Child Exploitation and Criminal Justice Responses is unique in that it offers the reader contributing facts based not only through scholarly research but practical experience working in field from this wonderful collaboration of criminal investigator and forensic nurse Thus providing much personal insight and demonstrating how these two areas of expertise can join forces to achieve the objective of working as a team to facilitate safeguarding children The authors also presents the research on this complex yet worthy topic by identifying the unique challenges of investigating these offenses while ultimately bringing the perpetrators to justice and presenting the research from various perspectives of child abuse including both national and international issues and responses

Research Advances in Alcohol and Drug Problems Reginald Smart, 2013-11-22 This book continues the series of reviews of research advances first published in 1974 The editors aim here is to present critical and integrative reviews by internationally recognized scholars of areas in which there has been much recent research In this task we have been greatly helped by the staff of Plenum Press and the Advisory Panel listed at the front of this volume Several members of the Panel have retired Dr W M D Paton Dr K Bruun Dr K F Killam and Dr J R Seeley Dr Klaus Makela has accepted our invitation to join

the Panel Unfortunately one member of the Panel Professor William McGlothlin died as a result of a tragic accident He was a gifted and sensitive researcher His work over many years was well known to those studying alcohol and drug problems We want to acknowledge his contributions to the Research Advances Series and to the field in general The editors wish to acknowledge the help of Julliana Newell Ayoub in preparation of this volume This volume contains three papers by H Fingarette R Room and B Kissin on The Disease Concept They were originally prepared for an earlier volume but could not be included because of scheduling problems The editors and not the authors are responsible for this delay Because they are primarily philosophical and theoretical in nature they are not diminished in value by the lesser number of references to recent research Ethnic Forum ,1995 Handbook of Racial and Ethnic Minority Psychology Guillermo Bernal,2003 During the past 30 years the study of racial and ethnic minority issues in psychology has evolved into what can now be considered a significant and rapidly growing field of study This handbook presents a thorough scholarly overview of the psychology of racial ethnic and minority issues in the United States It covers the breadth of psychology viewed through the lens of the racial and ethnic minority experience The stellar collection of contributing authors provide readers with a comprehensive work that focuses on the professional methodological social and developmental clinical and applied and preventive issues shaping the field today Highlighting leading research and application in the area of ethnic minority psychology the Handbook will help set the direction of scholarly work in the area for years to come Features Developed by a superb editorial team this handbook contains unique contributions by leading authorities in the area of racial and ethnic minority psychology The handbook incorporates major sub fields within psychology emphasizing in particular those that have wide ranging and current research on racial and ethnic minority issues such as developmental social and clinical psychology The handbook was conceived to support the efforts of the Society for Psychological Studies of Ethnic Minority Issues Division 45 of the American Psychological Association
