Nato Air Power In The 1980s:

British Air Power in the 1980s R. A. Mason, 1984 **The Paths Of Heaven: The Evolution Of Airpower Theory: The School Of Advanced Airpower Studies** Philip S. Meilinger, 2000 **American Military Aviation** Charles Joseph Gross, 2002 Discusses major developments in aircraft doctrine training and operations The author also provides discussions of airlife in flight refueling military budgets industry and inter service squabbling He deftly sketches the evolution of the air arms of each of the different services and provides clear analysis of military budgets *Strategic deterrence in the 1980's* Roger D. Speed, 1980 *Air Power in the Age of Total War* John Buckley, 2006-05-09 Warfare in the first half of the 20th century was fundamentally and irrevocably altered by the birth and subsequent development of air power This work assesses the role of air power in changing the face of battle on land and sea Utilizing late 1990s research the author demonstrates that the phenomenon of air power was both a cause and a crucial accelerating factor contributing to the theory and practice of total war For instance the expansion of warfare to the homefront was a direct result of bombing and indirectly due to the extent of national economic mobilization required to support first rate air power status In addition the move away from the principle of total war with the onset of the Cold War and the replacement of air power by ICBMs is thoroughly examined This work should provide students of international history war studies defence and strategic studies with an insight into 20th century warfare *The Two Germanies and Military Security in Europe* C. Bluth, 2002-10-31 This original study based on documents hitherto not discussed in literature of the Cold War adds a significant new perspective to an important episode in Cold War History The subject of this book is the policy of the two Germanies towards the talks on Mutual and Balanced Force Reductions MBFR in Europe during the 1970s Negotiations on MBFR continued for a long time without progress There has been much speculation about the motivations of the Eastern side This book makes use of newly declassified files and for the first time reveals the true purposes and intentions of the Warsaw Pact in those negotiations *NATO's Gamble* Dag Henriksen, 2013-11-15 Selected for the 2008 Royal Air Force Reading List In this revealing work Dag Henriksen discloses the origins and content of NATO's strategic and conceptual thinking on how the use of force was to succeed politically in altering the behavior of the Federal Republic of Yugoslavia FRY The air campaign known as Operation Allied Force was the first war against any sovereign nation in the history of NATO and the first major combat operation conducted for humanitarian purposes against a state committing atrocities within its own borders This book examines the key political diplomatic and military processes that shaped NATO and U S management of the Kosovo crisis and shows how air power became the main instrument in their strategy to coerce the FRY to accede to NATO's demands The book further shows that the military leaders set to execute the campaign had no clear strategic guidance on what the operation was to achieve and that the level of uncertainty was so high that the officers selecting the bombing targets watched NATO's military spokesman on CNN for guidance in choosing their targets Henriksen argues that structures preceding the Kosovo crisis shaped the management to a

much greater degree than events taking place in Kosovo and that the air power community's largely institutionalized focus on high intensity conflicts like the 1991 Gulf War hampered them from developing strategies to fit the political complexities of crises. Because fighting and wars in the lower end of the intensity spectrum are likely to surface again, study of the Kosovo crisis offers lessons for future international conflicts in which the combination of force and diplomacy will play a very significant role. *Air University Library Index to Military Periodicals*, **Air Force Journal of Logistics**, 1980 *Soviet Military Power*,
