Prenticeana, Or, Wit and Humor in Paragraphs George Denison Prentice, 1860 **Who's the Author?** Louis Harman Peet, 1901 A History of American Literature: Early national literature: pt. 2. Later national literature: pt. 1, 1919 *The Cambridge History of American Literature: Early national literature: pt. II. Later national literature: pt. I*, 1918 **Irvin S. Cobb** William E. Ellis, 2017-09-29 Humor is merely tragedy standing on its head with its pants torn Irvin S Cobb Born and raised in Paducah Kentucky humorist Irvin S Cobb 1876 1944 rose from humble beginnings to become one of the early twentieth century s most celebrated writers As a staff reporter for the New York World and Saturday Evening Post he became one of the highest paid journalists in the United States He also wrote short stories for noted magazines published books and penned scripts for the stage and screen In Irvin S Cobb The Rise and Fall of a Southern Humorist historian William E Ellis examines the life of this significant writer Though a consummate wordsmith and a talented observer of the comical in everyday life Cobb was a product of the Reconstruction era and the Jim Crow South As a party to the endemic racism of his time he often bemoaned the North s harsh treatment of the South and stereotyped African Americans in his writings Marred by racist undertones Cobb s work has largely slipped into obscurity Nevertheless Ellis argues that Cobb s life and works are worthy of more detailed study citing his wide ranging contributions to media culture and his coverage of some of the biggest stories of his day including on the ground reporting during World War I A valuable resource for students of journalism American humor and popular culture this illuminating biography explores Cobb s life and his influence on early twentieth century letters American Literary Gazette and Publishers' Circular, 1870 **The Literary World**, 1878

American Publishers' Circular and Literary Gazette, 1859 **Freedom of Thought in the Old South** Clement Eaton, 2022-06-14 FREEDOM of thought and speech in the pre war South is as Professor Arthur M Schlesinger observed during an address at Durham North Carolina on April 5 1939 both a timely and a timeless subject No event in the modern world is more ominous than the destruction of government by discussion and the repression of independent thought in large areas of Europe by dictatorships Such ruthless disregard of the rights of minorities of both Fascist and Communist governments serves to remind us that the preservation of free speech and of tolerance is a perennial problem an ideal to be worked for never completely attained in any society and always in danger of being lost in every age This study of the cultural history of the South between 1790 and 1860 in which freedom of thought and speech is the central theme is offered as a case history in the record of human liberty and intolerance From Jefferson to Calhoun might well be added as the subtitle of this study Between the death of Jefferson on July 4 1826 and the last prophetic speech of Calhoun March 4 1850 a great change took place in the Southern States The liberal ideas of the eighteenth century were in large part discarded as the queues the tight breeches and silk stockings were outmoded The eighteenth century cosmopolitanism of the Tidewater gave way to an intensely local point of view In place of the appeal to reason the suppression of radical criticism was substituted The

sentiment favorable to the emancipation of the slaves held by the most enlightened leaders was not felt by the representative men of a succeeding generation The skepticism and religious tolerance of the early Republic were erased by waves of evangelism To explain the causes for this reversal the breakdown of the splendid traditions of the eighteenth century aristocracy forms the central problem in the social and intellectual history of the South **Bibliotheca Americana Curiosa**
