Brewer,2009-01-26 This

volume in the Handbook of Sports Medicine and Science series presents a concise summary of the science and practice of psychology in the context of sport. Psychological aspects central to sport performance such as motivation, cognition, stress, confidence, and mental preparation are examined, and interventions designed to enhance individual and team performance are reviewed. Reflecting the breadth of the field, issues such as sport injury prevention and rehabilitation, athlete psychopathology, child and adolescent development, sport career termination, and the practice of sport psychology are also addressed. Published under the auspices of the Medical Commission of the International Olympic Committee, Sport Psychology shows how the performance and the overall well-being of athletes can be improved by highlighting research findings and their practical application. With contributions from internationally renowned experts and useful case studies in each chapter, this handbook is an essential resource for medical doctors who serve athletes and sports teams and an invaluable reference for all students of sport psychology.

*Successful Elite Sport Policies* Veerle De Bosscher, Simon Shibil, Hans Westerbeek, Maarten van Bottenburg, 2015-08-14. How can nations improve their chances of winning medals in international sport? This book deals with the strategic policy planning process that underpins the development of successful national elite sport development systems. Drawing on various international competitiveness studies, it examines how nations develop and implement policies that are based on the critical success factors that may lead to competitive advantage in world sport. An international group of researchers joined forces to develop theories, methods, and a model on the Sports Policy factors Leading to International Sporting Success (SPLISS). The book presents the results of the large-scale international SPLISS project. In this project, the research team identified, compared, and contrasted elite sport policies and strategies in place for the Olympic Games and other events in 15 distinct nations. With input from 58 researchers and 33 policy makers worldwide and the views of over 3 000 elite athletes, 1 300 high-performance coaches, and 240 performance directors, this work is the largest benchmarking study of national elite sport policies ever conducted. The nations taking part in SPLISS are Americas: Brazil and Canada; Asia: Japan and South Korea; Europe: Belgium, Flanders, Wallonia, Denmark, Estonia, Finland, France, the Netherlands, Northern Ireland, Portugal, Spain, Switzerland; Oceania: Australia.

**Managing High Performance Sport** Popi Sotiriadou, Veerle de Bosscher, 2013. How can managers design and implement effective high-performance programmes in sport? What are the key challenges in managing elite athletes, sports people, and teams? This is the first book to provide a comprehensive introduction to management practice, process, and policy in elite and high-performance sport (HPS). Drawing on real-world case studies of elite sport around the world, the book shows a conceptual framework for studying and analysing high-performance sport and introduces the skills and techniques that managers and administrators will need to develop effective HPS programmes. The book examines the macro-level factors that determine a nation's sporting success, including political, social, and cultural elements, and then moves on to unpack the specifics of elite athlete and team management at a micro-level. Adopting an integrated, holistic approach throughout, the book highlights best practice in every key area of an

HPS programme including defining performance and success organizational structure and leadership finance funding and marketing coaching and coach development talent identification and development competition and events training and facilities scientific research and sport science support The book features contributions from world leading sport management academics as well as practitioners with experience of managing HPS programmes at world and Olympic level Each chapter includes a full range of useful features such as summaries case studies review questions and guides to further reading This is essential reading for all serious students and professionals working in sport management or high performance sport
