## **Preparing To Survive The New Anew World Order:**

Preparing to Survive the New Age/New World Order R. Maurice Smith, 1995-12      **The Blavatsky Effect** Ulrich R. Rohmer, 2014-02-13 This book is a collection of many different texts approaching the phenomenon Blavatsky and her influence on how Western world is dealing with God and Jesus There is of course a huge ocean of manifold perceptions throughout space and time and humans had always a tendency to change the way of perception and thinking compared to their ancestors A human has no other chance after having been thrown into this world than studying a great deal of texts and witnesses in order to find plausible reason at least for himself or herself to find answers on what is real and what is truth Thousand nine hundred years ago Epictetus wrote his famous meaning Men are disturbed not by things but by the views which they take of things Enchiridion 5 Dogma comes from and this means nothing else than view or opinion a quite human and at least harmless business coming from language alone But humans have transformed both view and opinion into a sharp sword able to harm or even kill those being considered dissenters That way dogmatism became a synonym for bad taste and constriction Madame Blavatsky was against church dogmatism and finally got trapped in her own dogma based ideology called theosophy and the whole complex has indeed changed the world At that the story is not over yet Those texts I provided consist of freely available material found at different pages and they will challenge you to listen carefully to your own flow of thoughts and feelings No one is supposed to either love or hate Madame Blavatsky and her work but rather finding a kind of understanding giving you comfort to live according your mental intellectual and soul perception of God and Jesus Maybe you will discover the value of the New Testament text 27 books as usual anew even without being really able to name such process correctly Blavatsky has opened a door which is now wide open and it can't get shut again by merciless apologetics Some see Satan raging in this world blaming Madame others perceive new spiritual possibilities as well as frontiers See for yourself and have a little patience Even Blavatsky is not bigger than God who will surely not leave those alone who wish to be grounded in love truth and humble kindness as the New Testament Jesus reveals      The Pentateuch Acts and Revelation Thelma White, 2015-03-03 Have you ever begun to read the Bible and given up in despair because you couldn't understand what you were reading If so this book was designed with you in mind You will find help in understanding the difficult words and phrases written in the Bible as well as studying chapter by chapter verse by verse trying to make the readers questions easier to understand This book covers the first five books of the Bible known as the Pentateuch also the books of Acts and Revelation You will find charts maps diagrams and pictures that will enlighten your study of the Bible When reading this book you will find things that will make you laugh as well as places where you will shed tears of sorrow and joy and some who read this book may become downright mad because of what is written in this book It is the earnest hope of the writer of this book that as you read it you will do so with an open mind and open heart to learn the truth Above all have an open Bible to study as you read this book May God richly bless you as you read      Journey to Aztlantica Richard S.
