Susan Timmer,Anthony Urquiza

Preschool Children In Troubled Families Approaches To Intervention And Support:

Preschool Children in Troubled Families Arthur Rory Nicol, *Preschool Children in Troubled Families* Arthur Rory Nicol, David Stretch, Triana Fundidus, 1993-06-08 Delves into the difficulties encountered by mothers and toddlers and the effectiveness of professional help Consists of three approaches to intervention intensive health visiting family therapy mother and preschool children groups and how these affect childhood disorder and development mothers mental health and the state of marriage **Understanding and Supporting Children with Emotional and Behavioural Difficulties** Paul Cooper, 1999 This is a comprehensive guide to this group of ill defined often unrelated disorders which can cause children to become disruptive both in the school and at home The text examines the potential causes of both emotional and behavioural problems *The Handbook of Training and Practice in Infant and Preschool Mental Health* Karen Moran Finello, 2005-01-03 This comprehensive and highly useful guide offers students and practicing clinicians who work with infant and preschool populations a much needed resource for developing and honing their professional skills and clinical experiences The book contains vital information about general training issues and highlights the skills that are needed to be considered a competent professional Written by top experts in the field from a wide range of disciplines the authors address basic areas of training and practice with very young children including observation assessment diagnosis dyadic therapy and reflective supervision in addition to unique areas of clinical work such as reunification and adoption evaluations The book also offers examples of innovative models of training and practice for the delivery of services in nontraditional settings such as homes day care centers and preschools and special strategies for delivering clinical services and providing supervision in rural and remote settings including the use of technology **Family Matters** Peter Reder, Mike McClure, Anthony Jolley, 2005-08-19 Family Matters focuses on research and clinical material which bridges the traditional gap between child and adult mental health Rather than considering child and adult problems separately the authors address the often complex interactions between the two covering such topics as The implications of childhood trauma in later life The impact of parental mental health problems on children How interactions within a family can affect the mental health of all individuals within the family The authors review existing research and cover their own recent studies and practical experience and put forward new theoretical models to underpin their recommendations for changes in practice such as liaison initiatives between child and adult services and specialised services to treat adolescents parenting breakdown and perinatal psychiatric illness The findings and recommendations in Family Matters have have important implications for the organisation and funding of mental health and related services and staff training and should be read by all those in professions concerned with child and adult mental health including psychiatrists family therapists psychotherapists nurses health visitors and social workers and health service managers **Family Disintegration** Anton Purcell, 2002 The contemporary family is being distracted disturbed and distraught by societal pressures from every direction The nuclear family concept believed crucial to child

rearing is becoming pass according to census data Or has the wave of disruption to families crested It is hoped that this bibliography will serve as a useful tool to researchers seeking further information on families and the pressures being exerted upon them in the 21st century

Innovative Approaches to Supporting Families of Young Children Cheri J. Shapiro, Charlyn Harper Browne, 2016-08-02 This invaluable reference introduces successful strengths based programs for aiding families of young children in critical social contexts family school community and policy The wide range of systems contextual approaches described here are based in current understanding of children s development stress and resilience in families cultural competence and the two generational approach to intervention Research based examples across early care and early learning platforms illustrate the links between parental protective factors and children s academic and social outcomes and between family stability and larger social goals By supporting parents and children equally the contributors assert these interventions more fully address developmental and family issues than programs that mainly serve one generation or the other Included in the coverage Parent and community focused approaches to supporting parents of young children the Family Networks Project div Honoring parenting values expectations and approaches across cultures Building young children s executive functions at home and in early care and education settings Promoting early childhood development in the pediatric medical home Neighborhood approaches to supporting families of young children Public policy strategies to promote the well being of families with young children Innovative Approaches for Supporting Parents of Young Children benefits professionals and practitioners working to support families of young children particularly those interested in social work psychology public policy and public health

Directory of Selected Early Childhood Programs ,1996

The Emotionally Abused and Neglected Child Dorota Iwaniec, 1995-10-12 In this book the author explores the concept of a damaged child and asks what are the different types of injury ranging from active to passive physical to emotional that stop children from reaching their full potential psychologically and physically The author questions whether emotional damage to a child can be repaired and answers questions such as Is some injury irreversible What therapeutic techniques are available to deal with emotional abuse Can the abusers as well as the abused be helped to change Case studies are provided to illustrate the features of emotional abuse chapters are devoted to the assessment and prediction of abuse intervention working with the family as a whole

Evidence-Based Approaches for the Treatment of Maltreated Children Susan Timmer, Anthony Urquiza, 2013-11-29 This volume provides an overview of the research describing the effects of child maltreatment on mental health cognitive and social emotional development It offers descriptions of selected empirically based treatments EBTs written by scholars associated with its development training or research on its effectiveness Each contributor presents the theoretical foundation of the EBT and evidence of its efficacy describes the treatment process and illustrates this process with a case study of its use with a maltreated child and discusses possible limitations Following the chapters describing the interventions the editors address key issues of the dissemination and

implementation of these EBTs They describe the strategies the selected interventions have used to ensure treatment fidelity in training and dissemination from the perspective of implementation science s core components of implementation The challenges of implementing EBTs and the difficulty of fitting protocol to the reality of clinical practice in community mental health settings are also discussed This volume offers a central source of information for students and practitioners who are seeking effective interventions to address problems associated with child maltreatment
