Presenting Architectural Designs

Rumiko Handa

Presenting Architectural Designs:

A Graphic Vocabulary for Architectural Presentation Edward T. White, 1972 The drawing section presents example assemblies of more finished presentation drawings The vocabulary chapter is composed of the major components used to graphically communicate an architectural design These include textures human figures furniture accessories automobiles and trees

Presenting Architectural Designs Koos Eissen, 1990 This practical textbook covers the range of presentation techniques available to architects and interior designers These techniques ranges from perspective drawing through model making and computer aided gaphics to the latest developments in animation and even holograms are an essential part of the process of design explaining and selling ideas to clients

Architectural Presentation Bert Bielefeld, 2014 Students of architecture are confronted at the beginning of their studies with a wealth of different ways in which to visually present their designs Expressing ideas in the form of drawings and models is usually required in the early stages of studying learning by doing is the only way for students to quickly develop a repertoire for their design work 0However there are important issues to consider between the phases of devising the spatial concept and recreating it in a two or three dimensional drawing or physical model How to construct a perspective freehand drawing What plan drawings are necessary to present my design What scale should my model be and what materials should I use to construct it 0Basics architectural presentation conveys possible ways to present architectural projects throughout the various project phases In an informative and practical approach the publication discusses the basics of architectural representation from freehand drawing which is especially important in the design phase to the plan drawing model and architecture photography

Presenting Difficult Pasts Through Architecture Rumiko Handa, 2021-03-24 Architectural design can play a role in helping make the past present in meaningful ways when applied to preexisting buildings and places that carry notable and troubling pasts In this comparative analysis Rumiko Handa establishes the critical role architectural designs play in presenting difficult pasts by examining documentation centers on National Socialism in Germany Presenting Difficult Pasts Through Architecture analyzes four centers Cologne Nuremberg Berlin and Munich from the point of view of their shared intent to make the past present at National Socialists perpetrator sites Applying original frameworks Handa considers what more architectural design could do toward meaningful representations and interpretations of difficult pasts This book is a must read for students practitioners and academics interested in how architectural design can participate in presenting the difficult pasts of historical places in meaningful ways

Visual Communication for Architects and Designers Margaret Fletcher, 2020-09-28 Visual Communication for Architects and Designers teaches you the art of designing a concise clear compelling and effective visual and verbal presentation Margaret Fletcher has developed a reference manual of best practices that gives you the necessary tools to present your work in the best way possible It includes an impressive 750 presentation examples by over 180 designers from 24 countries in North America South America Europe the Middle East
