Presidential Primaries And The Dynamics Of Public Choice:

Presidential Primaries and the Dynamics of Public Choice Larry M. Bartels, 1988-05-21 An illuminating look at how national political parties nominate presidential candidates This innovative study blends sophisticated statistical analyses campaign anecdotes and penetrating political insight to produce a fascinating exploration of one of America's most controversial political institutions the process by which our major parties nominate candidates for the presidency Larry Bartels focuses on the nature and impact of momentum in the contemporary nominating system He describes the complex interconnections among primary election results expectations and subsequent primary results that have made it possible for candidates like Jimmy Carter George Bush and Gary Hart to emerge from relative obscurity into political prominence in nominating campaigns In the course of his analysis he addresses questions central to any understanding or evaluation of the modern nominating process How do fundamental political predispositions influence the behavior of primary voters How quickly does the public learn about new candidates Under what circumstances will primary success itself generate subsequent primary success And what are the psychological processes underlying this dynamic tendency Bartels examines the likely consequences of some proposed alternatives to the nominating process including a regional primary system and a one day national primary Thus the work will be of interest to political activists would be reformers and interested observers of the American political scene as well as to students of public opinion voting behavior the news media campaigns and electoral institutions

Presidential Primaries and the Dynamics of Public Choice Larry M. Bartels, 2020-12-08 An illuminating look at how national political parties nominate presidential candidates This innovative study blends sophisticated statistical analyses campaign anecdotes and penetrating political insight to produce a fascinating exploration of one of America's most controversial political institutions the process by which our major parties nominate candidates for the presidency Larry Bartels focuses on the nature and impact of momentum in the contemporary nominating system He describes the complex interconnections among primary election results expectations and subsequent primary results that have made it possible for candidates like Jimmy Carter George Bush and Gary Hart to emerge from relative obscurity into political prominence in nominating campaigns In the course of his analysis he addresses questions central to any understanding or evaluation of the modern nominating process How do fundamental political predispositions influence the behavior of primary voters How quickly does the public learn about new candidates Under what circumstances will primary success itself generate subsequent primary success And what are the psychological processes underlying this dynamic tendency Bartels examines the likely consequences of some proposed alternatives to the nominating process including a regional primary system and a one day national primary Thus the work will be of interest to political activists would be reformers and interested observers of the American political scene as well as to students of public opinion voting behavior the news media campaigns and electoral institutions

Presidential Primaries and the Dynamics of Public Choice Larry

Martin Bartels, 1985 This innovative study blends sophisticated statistical analyses campaign anecdotes and penetrating political insight to produce a fascinating exploration of one of America's most controversial political institutions the process by which our major parties nominate candidates for the presidency Larry Bartels focuses on the nature and impact of momentum in the contemporary nominating system He describes the complex interconnections among primary election results expectations and subsequent primary results that have made it possible for candidates like Jimmy Carter George Bush and Gary Hart to emerge from relative obscurity into political prominence in recent nominating campaigns In the course of his analysis he addresses questions central to any understanding or evaluation of the modern nominating process How do fundamental political predispositions influence the behavior of primary voters How quickly does the public learn about new candidates Under what circumstances will primary success itself generate subsequent primary success And what are the psychological processes underlying this dynamic tendency Professor Bartels examines the likely consequences of some proposed alternatives to the current nominating process including a regional primary system and a one day national primary Thus the work will be of interest to political activists would be reformers and interested observers of the American political scene as well as to students of public opinion voting behavior the news media campaigns and electoral institutions Public Opinion and Polling around the World John G. Geer, 2004-07-21 Covering the intricate facets of America's most important democratic tradition this book serves as an important resource to understand how citizens' views are translated into governmental action Public Opinion and Polling around the World presents a thorough review of public opinion from its roots in colonial America to its role in today's emerging democracies More than 100 entries prepared by top scholars examine the 200 year history of public opinion measurement methodologies with an emphasis on telephone interviews and Internet polls and key figures like George Gallup and Elmo Roper who created their own polling systems An analysis of theories compares schools of thought from the fields of psychology sociology and economics and explores how people form opinions A fascinating snapshot of the public's current views on economic issues foreign policy gender gay rights and other hot button topics observes patterns across genders race ethnic origins class and religion in regions all over the world Students academicians and political observers will discover answers to such questions as does public opinion shape the behavior of government **Media Polls in American Politics** Thomas E. Mann, Gary R. Orren, 2010-12-01 Public opinion polls have become staples of contemporary political reporting and most national news organizations have sophisticated in house polling operations The increased number and quality of polls conducted and reported by the press give the public a chance to help see the agendas of campaigns and define the meaning of elections Yet competition and the need for fast responses to events often lead news organizations to misuse polls in a way that diminishes rather than enhances democracy Polls can shape public opinion as well as describe it they can set the news agenda and influence the coverage of political events in ways hostile to a constructive dialogue between citizens and their leaders In this volume media specialist and well known reporters

provide a comprehensive survey of the problems and possibilities of polling by media organizations in the 1990s and beyond Thomas Mann and Gary Orren analyze the strengths and weaknesses of media polls and their impact on American politics Everett Carl Ladd and John Benson discuss the extraordinary growth of polling in news organizations for the past two decades Kathleen Frankovic addresses the tension between the needs of news organizations for quick results and the need to preserve the standards of survey research Henry Brady and Gary Orren examine the most serious methodological problems with news media polls Michael Kagay explores the sources of well publicized variability in poll findings Michael Traugott considers the complicated question of how polls influence the public and whether their effects are benign or harmful Finally E J Dionne Jr examines media organizations obsession with polls and the impact polls have on reporters The authors offer recommendations for improving the conduct and use of media polls so that citizens can make better informed and enlightened decisions about the public agenda

Political Behavior of the American Electorate Elizabeth A. Theiss-Morse, Michael W. Wagner, 2021-12-21 The 2020 elections took place under intense political polarization uncertain economic conditions a global pandemic and social unrest Political Behavior of the American Electorate Fifteenth Edition attempts to answer your questions around the above topics by interpreting data from the most recent American National Election Study to provide a thorough analysis of the 2020 elections and the current American political behavior Authors Elizabeth Theiss Morse and Michael Wagner continue the tradition of Flanigan and Zingale to illustrate and document trends in American political behavior with the best longitudinal data available The authors also put these trends in context by focusing on the major concepts and characteristics that shape Americans responses to politics In the completely revised Fifteenth Edition readers will explore support and opposition to the Black Lives Matter movement discuss post election attitudes about the January 6th attempted coup examine misinformation and the beliefs in QAnon and dissect reports on public assessments of President Trump s handling of the COVID 19 pandemic

Encyclopedia of U.S. Campaigns, Elections, and Electoral Behavior Kenneth F. Warren, 2008-04-04 Overall a first rate resource and yes pleasantly readable School Library Journal The Encyclopedia of U S Campaigns Elections and Electoral Behavior covers virtually everything one would want to know about American political campaigns With more than 450 entries these two comprehensive volumes present a significant array topics of campaigns elections and electoral behavior The encyclopedia s diverse content shows that although the subject matter of campaigns elections and electoral behavior is inherently related each topic has a distinct focus Key Features Presents topics in a straightforward easy to understand manner intentionally avoiding unnecessary technical language Includes entries written by electoral behavior scholars from around the country Focuses on American campaigns elections and electoral behavior but also provides a culturally and politically diverse perspective of American democratic practices and institutions Offers a rich campaign history by looking at many colorful candidates corrupt yet intriguing political machines rapidly changing technologies campaign organizations and strategies Provides a description and

scholarly analysis for all presidential elections including state and general elections Presents and simplifies complicated election laws that govern federal state and local elections Examines various efforts throughout the decades to reform elections especially from social upheaval and the resulting political realignments Includes extensive electoral research into the development of political opinions attitudes and ideologies in American voters Key Themes Ballot Issue Campaigns Campaigns Elections and the Law Corruption in American Campaigns and Elections Electoral Behavior of Various Groups Local Campaigns and Elections Media s Role in American Campaigns and Elections People Political Parties Interest Groups and American Campaigns and Elections Political Theory and Democratic Elections in America Polls Public Opinion and Campaigns and Elections Presidential Campaigns and Elections Reforming American Campaigns and Elections Running Political Campaigns Management Organization and Strategies Social and Psychological Dynamics of Electoral Behavior State and Congressional Campaigns and Elections History and State Profiles The Encyclopedia of U S Campaigns Elections and Electoral Behavior is an especially useful reference published to coincide with the 2008 presidential election This informative yet intriguing resource is a welcome addition to any academic or public library Congressional Primary Elections Robert G. Boatright,2014-08-21 Congressional primaries are increasingly being blamed for polarization and gridlock in Congress Most American states adopted congressional primaries during the first decades of the 20th century as a means of breaking the hold of political bosses on the nomination of candidates Yet now many contend that primaries have become a means by which the most dedicated party activists choose candidates unrepresentative of the electorate and so general election voters are forced to choose between two ideologically extreme candidates Consequently there have been recent instances in both parties where nominees were chosen who were clearly not preferred by party leaders and who arguably lost elections that their parties should have won This book is the first to focus solely upon congressional primary elections and to do so for a student readership Boatright organizes his text around the contention that there are important differences between types of primaries and these differences prevent us from making blanket statements about primary competition He focuses on explanations of two sources of difference differences in electoral structure and differences brought about by the presence or absence of an incumbent seeking reelection The first three chapters introduce these differences explore how they came to exist and outline some of the strategic considerations for candidates parties interest groups and voters in primary elections The subsequent four chapters explore different types of primary elections and the final chapter evaluates actual and proposed primary reforms Congressional Primary Elections is the first book to provide a history and analysis of congressional primary elections and will serve as a crucial part of courses on political parties and campaigns and elections The book gives students the tools for understanding arguments for and against the reform of primary elections and for understanding the differences between types of primaries American Presidential Campaigns and Elections William G. Shade,Ballard C. Campbell,2020-06-30 Presidential campaigns and elections provide the drama and substance of America s democratic

process As democracy in action they punctuate our nation s history in precise intervals capturing the issues the ideas and the mood of the nation every four years Every campaign follows a similar format candidates jockey for selection nominations are made candidates and party leaders hit the trail and voters render their decision on Election Day Yet despite this familiar process every campaign is unique featuring colorful personalities and unexpected events This fully illustrated reference is packed with facts and information on every campaign from the election of 1788 89 through the hotly contested election of 2000 Each entry traces in detail the background and results of the election provides biographical information on every presidential and vice presidential candidate and offers state by state tallies of every election The set also features hundreds of rarely seen documents associated with the campaigns

Researching the Presidency George C. Edwards, John H. Kessel, Bert A. Rockman, 1993-02-15 This collection brings together two groups of scholars The first persons active in presidential research assess the state of the literature in the recruitment and selection of presidential candidates presidential personality advisory networks policy making evaluations of presidents and comparative analysis of chief executives A second group of scholars specialists in cognitive psychology formal theory organization theory leadership theory institutionalism and methodology apply their expertise to the analysis of the presidency in an effort to generate innovative approaches to presidential research By taking a fresh look at a well established field these groundbreaking essays encourage scholars to renew their emphasis on explanation in research
