Presidents Plane Is Missing:

The President's Plane is Missing Robert J. Serling, 1970 *The Presidents We Imagine* Jeff Smith, 2009-03-19 In *The Presidents We Imagine* Jeff Smith examines the presidency's ever changing place in the American imagination Ranging across different media and analyzing works of many kinds some familiar and some never before studied he explores the evolution of presidential fictions their central themes the impact on them of new and emerging media and their largely unexamined role in the nation's real politics *Why Presidents Fail* Richard M. Pious, 2008-07-25 Presidents are surrounded by political strategists and White House counsel who presumably know enough to avoid making the same mistakes as their predecessors Why then do the same kinds of presidential failures occur over and over again *Why Presidents Fail* answers this question by examining presidential fiascos quagmires and risky business the kind of failure that led President Kennedy to groan after the Bay of Pigs invasion How could I have been so stupid In this book Richard M Pious looks at nine cases that have become defining events in presidencies from Dwight D Eisenhower and the U 2 Flights to George W Bush and Iraqi WMDs He uses these cases to draw generalizations about presidential power authority rationality and legitimacy And he raises questions about the limits of presidential decision making many of which fly in the face of the conventional wisdom about the modern presidency *Unable* Brian C. Kalt, 2019 Section 4 of the Twenty Fifth Amendment to the Constitution addresses presidential incapacity It is an important but widely misunderstood provision and it has never been used This book gives readers a clear accessible even handed explanation of Section 4 how it would work and how it would not work **Air Force One** Von Hardesty, 2005-09 New in Paperback In the 1940s FDR was the first airborne president flying several times in a C 54 nicknamed the Sacred Cow In the 1950s it was aircraft known as Independence Columbine II and Columbine III that transported Harry Truman and Dwight Eisenhower on occasion But it was not until after the Korean War with the United States becoming the leader of the free world that presidential air travel entered the modern age The jet age mobility of the American presidency beginning in the 1960s corresponds directly to the nation's emergence as a super power **Air Force One** The Aircraft that Shaped the Modern Presidency is the story of the planes the Presidents their staff and their many trips across the nation and around the globe But it's also more than that it is a vehicle for better understanding the activities and dealings of each presidential administration in the second half of the twentieth century Through vibrant photography this book communicates the story of a unique set of planes and the presidents who made them a vital national asset Now all of these planes and their famous passengers have been captured Written by Smithsonian National Air and Space Museum curator Von Hardesty and featuring over 200 illustrations including new photos of the airplane's interiors this book takes you on a memorable flight through history Through insider accounts and from a unique vantage point on well known political events Hardesty shows how the presidency was transformed by the remarkable advances in aviation technology **Four Scores and Seven Reels Ago** Dale Sherman, 2022-12-01 Since the early days of the movie industry filmmakers have created

visions of what the presidency of the United States is like Several have been biographical studies of famous individuals who have served such as Lincoln Kennedy and Nixon Many movies have also displayed fictional presidents in roles big and small in dramatic tales that displayed them at their best and sometimes even at their worst Four Scores and Seven Reels Ago The U S Presidency through Hollywood Films examines the ways Hollywood has portrayed the presidency over the years Pop culture expert Dale Sherman examines famous presidents and their movies detailing historical information for each and how or if the filmmakers and artists came close to telling the real story But let us not forget the many imagined examples of presidents that have appeared in movies and television as well presidents have battled aliens fought monsters and have even been caught on the wrong side of the law Lincoln Thirteen Days Air Force One Independence Day All the President s Men The President s Analyst Escape from New York and several of our favorite movies about real and fictional presidents are included in Four Scores and Seven Reels Ago *Five Presidents* Clint Hill,Lisa McCubbin,2017-05-02 Originally published in hardcover in 2016 by Gallery Books *the PRESIDENTIAL PLANE* George Laros,2020-09-28 A pictorial history of aircraft used by our presidents and of the units serving them For three decades the White House has been sprouting wings Six Presidential planes classed Official and some others too colorful to be ignored have shared an exciting part not only in history in the making but in history in motion Since 1943 Presidential conferences have often been held and decisions made miles overhead Far from routine or commonplace incidents aboard have often been frightening dramatic even humorous Recognizing that fact hundreds of hours of research and extensive tape interviews with veterans of those flights have produced this first pictorial history of those Presidential planes Because a picture really is worth a thousand words a profuse number of illustrations has been carefully selected from hundreds made available that best supplement the written record of those interesting events The Presidential Plane is educational but that won t stop you from thoroughly enjoying every page of it **Public Papers of the Presidents of the United States** United States. President,1993 Containing the public messages speeches and statements of the President 1956 1992 **The Presidency of Dwight D. Eisenhower** Chester J. Pach,Elmo Richardson,1991 The best single volume available on the Eisenhower presidency Stephen E Ambrose author of Eisenhower
